## Homage To Cavafy:

**Homage to Cavafy** Duane Michals, Constantine Cavafy, 1978-10-01      Dimitris Yeros on Cavafy's Poems Dēmētrēs Geros, 2002 Catalog for an exhibition held at the Shaman Drum Bookstore April 21 June 15 2002      ,      Queer Difficulty in Art and Poetry Jongwoo Jeremy Kim, Christopher Reed, 2017-01-20 Augmenting recent developments in theories of gender and sexuality this anthology marks a compelling new phase in queer scholarship Navigating notions of silence misunderstanding pleasure and even affects of phobia in artworks and texts the essays in this volume propose new and surprising ways of understanding the difficulty even failure of the epistemology of the closet By treating queer not as an identity but as an activity this book represents a divergence from previous approaches associated with Lesbian and Gay Studies The authors in this anthology refute the interpretive ease of binaries such as out versus closeted and gay versus straight and recognize a more opaque relationship of identity to pleasure The essays range in focus from photography painting and film to poetry Biblical texts lesbian humor and even botany Evaluating the most recent critical theories and introducing them in close examinations of objects and texts this book queers the study of verse and visual culture in new and exciting ways      **The Body in the Text** Evi Voyiatzaki, 2002-01-01 The Body in the Text highlights the importance of the body in language and narrative and its impact on meaning and signification Evi Voyiatzaki's insightful work reveals the highly metaphoric and symbolic texture of James Joyce's Ulysses which the author contends resembles the organization of a living organism The book examines how the living meaning of the word in Joyce's texts has inspired the work of three avant garde Greek writers Nikos Gavrili Pentzikis Stelios Xefloudas and Giorgos Cheimonas A valuable comparison between Joyce's work and modern Greek literature The Body in the Text's comparative exploration of the body's functions within literary discourse offers new insight into language's metaphoricity and the physiology of writing      **The Power of Pygmalion** Liana Giannakopoulou, 2007 This book explores the relationship between ancient Greek sculpture and modern Greek poetry between 1860 and 1960 It examines in some detail poems by Vasileiadis Rangavis Palamas Cavafy Sikelianos and Seferis and shows how these poets appropriate the art of sculpture and in what ways this contributes to our understanding of each poet's poetics Ancient Greek sculpture and sculptural imagery related to it are inevitably associated with the Classical heritage and bring the issue of ancient tradition and its relation to the modern artist into a prominent position What is more sculpture is particularly important for the erotic dimension through which the poets perceive their relation with art and each poet systematically uses the image of the sculptor to define his perception of the artist In both cases the myth of Pygmalion may be seen as successfully embodying each poet's relation with art and tradition      **Dimitris Yeros on Cavafy's Poems** Dēmētrēs Geros, 2002 Catalog for an exhibition held at the Shaman Drum Bookstore April 21 June 15 2002      *George Seferis* Roderick Beaton, Koraes Professor of Modern Greek and Byzantine History Language and Literature Roderick Beaton, 2003-01-01 Biografie van de Griekse dichter 1900 1971      *Gay and Lesbian Literary Heritage* Claude J.

**Thinking with Images** John M. Carvalho,2018-08-06 This book advances an enactivist theory of aesthetics through the study of inscrutable artworks that challenge us to think because we do not know what to think about them. John M. Carvalho presents detailed analyses of four artworks that share this unique characteristic: Francis Bacon's *Study After Velázquez's Portrait of Pope Innocent X* (1953), the photographs of Duane Michals based on a retrospective of his work *Storyteller* at the Carnegie Museum of Art (2014), *tant donn's* (1968) by Marcel Duchamp, and Jean-Luc Godard's 1963 film *Le Mépris*, released in the United States as *Contempt*. Carvalho argues against the application of theory to derive appreciation or meaning from these artistic works. Rather, each study enacts an embodied cognitive engagement with the specific artworks intended to demonstrate the value of thinking about artworks that might be extended to our engagement with the world in general. This thinking happens as these studies show when we trust our embodied skills and their guide to what artworks and the world around us afford for the activation and refinement of those skills. *Thinking with Images* will be of interest to scholars working in the philosophy of art and philosophical aesthetics, as well as art historians concerned with the meaning and value of contemporary art.

**Impure Vision** Moa Goysdotter,2015-01-01 American staged art photography is the focus of this unique, in-depth study. Offering a new methodological strategy for viewing photographs, this fascinating account analyzes the work of four of the leading names in this new genre: Les Krims, Duane Michals, Arthur Tress, and Lucas Samaras, and applies new perspectives to 1970s art photography. As it sheds fresh light on the four artists' critiques of purist ideals, it also looks closely at their efforts to transcend the limitations of the purely visual effect of photography. Not only does this book tell the history of American staged photography in broad terms by drawing on theories and methods new to the field, but it also presents the latest approaches to photography history and theory. *The Cambridge Companion to the City in Literature*

Art and Homosexuality Christopher Reed, 2011-05-26 This bold globe spanning survey is the first book to thoroughly explore the radical long standing interdependence between art and homosexuality It draws examples from the full range of the Western tradition including classical Renaissance and contemporary art with special focus on the modern era It was in the modern period when arguments about homosexuality and the avant garde were especially public that our current conception of the artist and the homosexual began to take shape and almost as quickly to overlap Not a chronology of gay or lesbian artists the book is a fascinating and sophisticated account of the ways two conspicuous identities have fundamentally informed one another Art and Homosexuality discusses many of

modernism's canonical figures painters like Courbet Picasso and Pollock writers like Whitman and Stein and issues such as the rise of abstraction the avant garde's relationship to its patrons and the political exploitation of art It shows that many of the core ideas that define modernism are nearly indecipherable without an understanding of the paired identities of artist and homosexual Illustrated with over 175 b/w and color images that range from high to popular culture and from Ancient Greece to contemporary America Art and Homosexuality punctures the platitudes surrounding discussions of both aesthetics and sexual identity and takes our understanding of each in stimulating new directions *International Photography Index*, 1979 *Cavafy's Alexandria* Edmund Keeley, 1996 C P Cavafy one of the greatest modern Greek poets lived in Alexandria for all but a few of his seventy years Alexandria became for Cavafy a central poetic metaphor and eventually a myth encompassing the entire Greek world In this the first full length critical work on Cavafy in English Keeley describes Cavafy's literary progress and aesthetic development in the making of that myth *New York Magazine*, 1978-11-27 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Conversations with Contemporary Photographers** Nan Richardson, 2005 Conversations is a landmark series in photography featuring extensive interviews by major international critics with living masters on aesthetics craft and culture The book traces the heritage of the medium in fascinating informal discourses on topics ranging from the personal to the political covering intimate detail and theoretical background alike Complete with biographies bibliographies and self portraits of each featured artist it is both a vital record of contemporary photography and an engaging read BOOK JACKET
