## **Home Front In Photographs:**

*The Home Front in Photographs* Emma Crocker, 2004 The people's war on the so called Home Front in Britain during the Second World War continues to fascinate Drawing on the Imperial War Museum's D Series of photographs that were taken during the Second World War by and on behalf of the Ministry of Information this fascinating collection of images tells the story of Britain's war on the Home Front It covers many different aspects of the conflict and how it affected the civilian population ranging from industry agriculture the Blitz and Civil Defence to propaganda the armed forces food fashion and entertainment children and animals Each section is accompanied by a short but authoritative introductory text that sets the photographs that follow in their particular wartime context The photographs themselves are each supported by detailed and fully researched captions

**The Official Picture** Carol Payne, 2013-06-01 Mandated to foster a sense of national cohesion The National Film Board of Canada's Still Photography Division was the country's official photographer during the mid twentieth century Like the Farm Security Administration and other agencies in the US the NFB used photographs to serve the nation Division photographers shot everything from official state functions to images of the routine events of daily life producing some of the most dynamic photographs of the time seen by millions of Canadians and international audiences in newspapers magazines exhibitions and filmstrips In *The Official Picture* Carol Payne argues that the Still Photography Division played a significant role in Canadian nation building during WWII and the two decades that followed Payne examines key images themes and periods in the Division's history including the depiction of women munitions workers landscape photography in the 1950s and 60s and portraits of Canadians during the Centennial in 1967 to demonstrate how abstract concepts of nationhood and citizenship as well as attitudes toward gender class linguistic identity and conceptions of race were reproduced in photographs *The Official Picture* looks closely at the work of many Division photographers from staff members Chris Lund and Gar Lunney during the 1940s and 1950s to the expressive documentary photography of Michel Lambeth Michael Semak and Pierre Gaudard in the 1960s and after The Division also produced a substantial body of Northern imagery documenting Inuit and Native peoples Payne details how Inuit groups have turned to the archive in recent years in an effort to reaffirm their own cultural identity For decades the Still Photography Division served as the country's image bank producing a government endorsed official picture of Canada A rich archival study *The Official Picture* brings the history of the Division long overshadowed by the Board's cinematic divisions to light

**Photography for Everyone** Kerry Ross,2015-06-24 The Japanese passion for photography is almost a cliché but how did it begin Although Japanese art photography has been widely studied this book is the first to demonstrate how photography became an everyday activity Japan s enthusiasm for photography emerged alongside a retail and consumer revolution that marketed products and activities that fit into a modern tasteful middle class lifestyle Kerry Ross examines the magazines and merchandise promoted to ordinary Japanese people in the early twentieth century that allowed Japanese consumers to participate in that lifestyle and gave them a powerful tool to define its contours Each chapter discusses a different facet of this phenomenon from the revolution in retail camera shops to the blizzard of socially constructive how to manuals and to the vocabulary of popular aesthetics that developed from enthusiasts

sharing photos Ross looks at the quotidian activities that went into the entire picture making process activities not typically understood as photographic in nature such as shopping for a camera reading photography magazines and even preserving one's pictures in albums These very activities promoted and sponsored by the industry embedded the camera in everyday life as both a consumer object and a technology for understanding modernity making it the irresistible enterprise that Eastman encountered in his first visit to Japan in 1920 when he remarked that the Japanese people were almost as addicted to the Kodak habit as ourselves **Photography , American Women Artists in Wartime, 1776-2010** Paula E.

Calvin, Deborah A. Deacon, 2011-09-29 For generations men have left their homes and families to defend their country while their wives mothers and daughters remained safely at home outwardly unaffected A closer examination reveals that women have always been directly impacted by war In the last few years they have actively participated on the front lines This book tells the story of the women who documented the impact of war on their lives through their art It includes works by professional artists and photographers combat artists ordinary women who documented their military experiences and women who worked in a variety of types of needlework Taken together these images explore the female consciousness in wartime Leveled Texts for Differentiated Content-Area Literacy: Expanding & Preserving the Union Kit , 2010-07-23

*Photography and the Making of the Nazi Racial Community* Julie R. Keresztes, 2025-01-15 *Photography and the Making of the Nazi Racial Community* examines the role of photography in the construction of the Nazi Volksgemeinschaft a racially exclusive community during the Third Reich Julie R Keresztes explores how the dictatorship promoted photography for those who belonged to that community and excluded Jews from the practice As Nazi officials dispossessed Jewish photographers and robbed them of their equipment studios and eventually their lives they made photography more accessible to non Jewish Germans But they inadvertently created spaces for photography to be used as resistance and revenge in concentration camps where forced laborers salvaged photographs that exposed the extermination of Europe's Jews As the victims of Nazi persecution used photography to gather evidence of the Holocaust German troops and their families used photography to portray themselves as dutiful members of the Volksgemeinschaft rather than show the reality of war and genocide Ultimately *Photography and the Making of the Nazi Racial Community* shows how the configuration of photography along racial lines shaped the imagery of the Second World War Published in Association with the US Holocaust Memorial Museum

**Encyclopedia of Nineteenth-Century Photography** John Hannavy, 2013-12-16 *The Encyclopedia of Nineteenth Century Photography* is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century It sets out to be the standard definitive reference work on the

subject for years to come Its coverage is global an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication The Encyclopedia presents new and ground breaking research alongside accounts of the major established figures in the nineteenth century arena Coverage includes all the key people processes equipment movements styles debates and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool creative medium and recorder of everyday life which it had become by the dawn of the twentieth century The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth Century Photography an essential reference source for academics students researchers and libraries worldwide

*The Decisive Network* Nadya Bair, 2020-07-07 Since its founding in 1947 the legendary Magnum Photos agency has been telling its own story about photographers who were witnesses to history and artists on the hunt for decisive moments Based on unprecedented archival research The Decisive Network unravels Magnum s mythologies to offer a new history of what it meant to shoot edit and sell news images after World War II Nadya Bair shows that between the 1940s and 1960s Magnum expanded the human interest story to global dimensions while bringing the aesthetic of news pictures into new markets Working with a vast range of editorial and corporate clients Magnum made photojournalism integral to postwar visual culture But its photographers could not have done this alone By unpacking the collaborative nature of photojournalism this book shows how picture editors sales agents spouses and publishers helped Magnum photographers succeed in their assignments and achieve fame Bair concludes in the late 1960s and early 1970s when changing market conditions led Magnum to consolidate its brand In that moment Magnum s photojournalists became artists and their assignments oeuvres Bridging art history media studies cultural history and the history of communication The Decisive Network transforms our understanding of the photographic profession and the global circulation of images in the predigital world

**Picturing the Past** Bonnie Brennen, Hanno Hardt, 1999 Explores the relations between photo journalism and history investigating how photographs shape both what we remember and how we remember This book provides insight into how photographs generate a sense of national community and reinforce prevailing social cultural and political values

**The Uses of Photography** Jill Dawsey, Pamela M. Lee, Benjamin Young, Judith Rodenbeck, David Antin, 2016-09-21 The Uses of Photography examines a network of artists who were active in Southern California between the late 1960s and early 1980s and whose experiments with photography opened the medium to a profusion of new strategies and subjects These artists introduced urgent social issues and themes of everyday life into the seemingly neutral territory of conceptual art through photographic works that took on hybrid forms from books and postcards to video and text and image installations Tracing a crucial history of photoconceptual practice The Uses of Photography focuses on an artistic community that formed in and around the young University of California San Diego founded in 1960 and its visual arts department founded in 1967 Artists such as Eleanor Antin Allan Kaprow Fred Lonidier Martha Rosler Allan Sekula and Carrie Mae

Weems employed photography and its expanded forms as a means to dismantle modernist autonomy to contest notions of photographic truth and to engage in political critique The work of these artists shaped emergent accounts of postmodernism in the visual arts and their influence is felt throughout the global contemporary art world today Contributors include David Antin Pamela M Lee Judith Rodenbeck and Benjamin J Young Published in association with the Museum of Contemporary Art San Diego Exhibition dates Museum of Contemporary Art San Diego September 24 2016 January 2 2017 *Museums and Photography* Elena Stylianou, Theopisti Stylianou-Lambert, 2016-12-08 Museums and Photography combines a strong theoretical approach with international case studies to investigate the display of death in various types of museums history anthropology art ethnographic and science museums and to understand the changing role of photography in museums Contributors explore the politics and poetics of displaying death and more specifically the role of photography in representing and interpreting this difficult topic Working with nearly 20 researchers from different cultural backgrounds and disciplines the editors critically engage the recent debate on the changing role of museums exhibition meaning making and the nature of photography They offer new ways for understanding representational practices in relation to contemporary visual culture This book will appeal to researchers and museum professionals inspiring new thinking about death and the role of photography in making sense of it Popular Photography - ND ,1945-02
