Guncrazy America Frank N. Egerton, 2018-10-06 The conclusion of this professor historian emeritus is that our gun culture had its uses in establishing American civilization as slavery did But we came to recognize after a bloody civil war that slavery was a gigantic mistake and now I think it's time to realize that our gun culture was a similarly gigantic mistake though of a different kind And we need to do what we can to minimize its horrible impacts and move on to a more positive development of a humane civilization **Field and Stream**, 1923 **The Firearms Dictionary** R. A. Steindler, 2022-08-01

R A Steindler was researching a book about guns when he realized that many gun terms were used differently by various writers and sometimes included conflicting definitions errors and misconceptions To fill an obvious need for one consistent authority on the language of guns he created this comprehensive classic reference Going beyond the simple definition the book explains each term fully and puts it into context with any related terms and the definitions are supplemented with 200 photographs illustrations and charts to help clarify technical details **The Complete Guide to Gunsmithing** Charles Edward Chapel, 2015-04-28 The Most Comprehensive Gunsmithing Guide of All Time Written by one of the most prolific firearms experts of all time The Complete Guide to Gunsmithing is a highly detailed and essential reference for the gun enthusiast and gunsmith alike At nearly 500 pages Chapel covers everything from the use of proper tools to how to get a gunsmithing job and everything in between In more than forty chapters of exceptionally clear prose the book answers every question a collector soldier or home defender could have on topics such as Drawings and Blueprints Stock Design Checkering and Carving Stock Repairs and Alterations Etching and Engraving And many more Not only is the book an incredible resource for gun owners and gunsmiths it's also a wonderful look at the world of firearms in the first half the twentieth century Published just over seventy years ago the book and revised by the author two decades later The Complete Guide to Gunsmithing is a fascinating look at how the nature of firearms has changed With a thoughtful introductory note by renowned outdoorsman Dr Jim Casada and eighty five meticulous illustrations this is the definitive edition of an enduring and authoritative classic Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts We publish books about shotguns rifles handguns target shooting gun collecting self defense archery ammunition knives gunsmithing gun repair and wilderness survival We publish books on deer hunting big game hunting small game hunting wing shooting turkey hunting deer stands duck blinds bowhunting wing shooting hunting dogs and more While not every title
