**Mary Elizabeth Garrett** Kathleen Waters Sander,2020-04-14 A captivating look at the remarkable life of this nineteenth century suffragist philanthropist and reformer Mary Elizabeth Garrett was one of the most influential philanthropists and women activists of the Gilded Age With Mary s legacy all but forgotten Kathleen Waters Sander recounts in impressive detail the life and times of this remarkable woman through the turbulent years of the Civil War to the early twentieth century At once a captivating biography of Garrett and an epic account of the rise of commerce railroading and women s rights Sander s work reexamines the great social and political movements of the age As the youngest child and only daughter of the B O Railroad mogul John Work Garrett Mary was bright and capable well suited to become her father s heir apparent But social convention prohibited her from following in his footsteps a source of great frustration for the brilliant and strong willed woman Mary turned her attention instead to promoting women s rights using

her status and massive wealth to advance her uncompromising vision for women's place in the expanding United States. She contributed the endowment to establish the Johns Hopkins School of Medicine with two unprecedented conditions that women be admitted on the same terms as men and that the school be graduate level thereby forcing revolutionary policy changes at the male-run institution. Believing that advanced education was the key to women's betterment, she helped found and sustain the prestigious girls preparatory school in Baltimore, the Bryn Mawr School. Her philanthropic gifts to Bryn Mawr College helped transform the modest Quaker school into a renowned women's college. Mary was also a great supporter of women's suffrage, working tirelessly to gain equal rights for women. Suffragist, friend of charitable causes, and champion of women's education, Mary Elizabeth Garrett both improved the status of women and ushered in modern standards of American medicine and philanthropy. Sander's thoughtful and informed study of this pioneering philanthropist is the first to recognize Garrett and her monumental contributions to equality in America. Homemaking for the Apocalypse Jill Anderson, 2021-04-20 In Homemaking for the Apocalypse, Jill E. Anderson interrogates patterns of Atomic Age conformity that controlled the domestic practices and private activities of Americans. Used as a way to promote security in a period rife with anxieties about nuclear annihilation and The Bomb, these narratives of domesticity were governed by ideals of compulsory normativity, and their circulation upheld the wholesale idealization of homemaking within a white middle-class nuclear family and all that came along with it: unchecked reproduction, constant consumerism, and a general policing of practices deemed contradictory to

normative American life Homemaking for the apocalypse seeks out the disruptions to the domestic ideals found in memoirs Civil Defense literature the fallout shelter debate horror films comics and science fiction engaging in elements of horror in order to expose how closely domestic practices are tied to dread and anxiety Homemaking for the Apocalypse offers a narrative of the Atomic Age that calls into question popular memory's acceptance of the conformity thesis and proposes new methods for critiquing the domestic imperative of the period by acknowledging its deep tie to horror
