

Homo Sovieticus

Stanisław Barańczak

Homo Sovieticus:

The Afterlife of the 'Soviet Man' Gulnaz Sharafutdinova, 2023-01-26 Almost three decades after the collapse of the Soviet Union today more often than ever global media and intellectuals rely on the concept of homo sovieticus to explain Russia's authoritarian ills Homo sovieticus or the Soviet man is understood to be a double thinking suspicious and fearful conformist with no morality an innate obedience to authority and no public demands they have been forged in the fires of the totalitarian conditions in which they find themselves But where did this concept come from What analytical and ideological pillars does it stand on What is at stake in using this term today The Afterlife of the Soviet Man addresses all these questions and even explains why at least in its contemporary usage this concept should be abandoned altogether *Personalist Economics* Edward J. O'Boyle, 2013-03-14 *Personalist Economics* Moral Convictions Economic Realities and Social Action examines the nature of the worker and consumer from a personalist perspective comparing that body of knowledge to what is received from conventional economics A running theme throughout this book is that personalist economics is attentive to both aspects of human material need physical need and the need for work as such in a way that does not disregard human wants Accordingly this book is more concerned about the philosophical base and description of the economy's significant characteristics than social economic policy *Personalist Economics* explores four dimensions of particularly acute human physical need unemployment poverty homelessness and death In addressing these four aspects of need the book delves into the second and third domains of social economics description of the significant characteristics of the economy and social economic policy In the same way *Personalist Economics* explores two types of economic cooperation supra firm alliances and inter firm partnerships as means for addressing certain aspects of human material need This book concludes with a lengthy discussion of the challenges facing personalist economics in the years ahead *Breathing Under Water and Other East European Essays* Stanisław Barańczak, 1990 In essays on issues from censorship to underground poetry Baranczak explores the role that culture and particularly literature has played in keeping the spirit of intellectual independence alive in Eastern and Central Europe *The Capitalist Personality* Christopher S. Swader, 2013-01-04 Modern capitalism favors values that undermine our face to face bonds with friends and family members Focusing on the post communist world and comparing it to more developed societies this book reveals the mixed effects of capitalist culture on interpersonal relationships While most observers blame the egoism and asocial behavior found in new free market societies on their communist pasts this work shows how relationships are also threatened by the profit orientations and personal ambition unleashed by economic development Successful people in societies as diverse as China Russia and Eastern Germany adjust to the market economy at a social cost relaxing their morals in order to obtain success and succumbing to increased material temptations to exploit relationships for their own financial and professional gain The capitalist personality is internally troubled as a result of this sellout but these qualms subside as it devalues intimate qualitative bonds with others This book also shows that post

communists are similarly individualized as people living in Western societies Capitalism may indeed favor values of independence creativity and self expressiveness but it also rewards self centeredness consumerism and the stripping down of morality As is the case in the West capitalist culture fosters an internally conflicted and self centered personality in post communist societies *U.S.S.R, 1989, [S.S.S.R.]* Carl de Keyzer,Philippe Vandenberghe,1989 *Everyday Stalinism* Sheila Fitzpatrick,1999-03-04 Focusing on urban areas in the 1930s this college professor illuminates the ways that Soviet city dwellers coped with this world examining such diverse activities as shopping landing a job and other acts **Soviet Self-Hatred** Eliot Borenstein,2023-06-15 Soviet Self Hatred examines the imaginary Russian identities that emerged following the collapse of the Soviet Union Eliot Borenstein shows how these identities are best understood as balanced on a simple axis between pride and shame shifting in response to Russia s standing in the global community its anxieties about internal dissension and foreign threats and its stark socioeconomic inequalities Through close readings of Russian fiction films jokes songs fan culture and Internet memes Borenstein identifies and analyzes four distinct types with which Russians identify or project onto others They are the sovok the Soviet yokel the New Russian the despised ridiculous nouveau riche the vatnik the belligerent jingoistic patriot and the Orc the ultraviolent savage derived from a deliberate misreading of Tolkien s epic Through these contested identities Soviet Self Hatred shows how stories people tell about themselves can tragically become the stories that others are forced to live **Cannabis** Michał Wanke,Sveinung Sandberg,Ruken Macit,Hakan Gülerce,2024-06-14 This book demonstrates how culture matters for the understanding of cannabis use It stems from the growing body of research on how users manoeuvre stigmatisation and celebrate the subcultural status of cannabis amid rapid transformation of the substance and its societal reception The volume presents international studies that challenge the normalisation thesis and simplified views on patterns of use as well as the Western bias in social research of cannabis Chapters in this book map the variability of cannabis cultures and markets on a global scale including digital regulated and illicit markets in transformation They study cannabis through stigmatisation gender social worlds symbolic boundaries subcultures and identity work The chapters address diverse themes such as how Latvian Polish Nigerian or Mexican users negotiate mainstream conservative and sometimes gendered societal reactions to cannabis and how Nordic users identities are played out in more progressive contexts Chapters also cover cannabis use by older people and small growers cultures in the US and the interconnections between the established cultures and their digital augmentation in Australia Synthetic cannabis use is studied in New Zealand and the many contradictions of contemporary cannabis policies are highlighted throughout Taken together this book offers an assortment of studies that provide a descriptive and conceptual snapshot of ongoing transitions of paradoxically stable cannabis cultures It was originally published as a special issue of *Drugs Education Prevention and Policy* [The Future Is History \(National Book Award Winner\)](#) Masha Gessen,2018-10-02 WINNER OF THE 2017 NATIONAL BOOK AWARD IN NONFICTION FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARDS

WINNER OF THE NEW YORK PUBLIC LIBRARY S HELEN BERNSTEIN BOOK AWARD NAMED A BEST BOOK OF 2017 BY THE NEW YORK TIMES BOOK REVIEW LOS ANGELES TIMES WASHINGTON POST BOSTON GLOBE SEATTLE TIMES CHRISTIAN SCIENCE MONITOR NEWSWEEK PASTE and POP SUGAR The essential journalist and bestselling biographer of Vladimir Putin reveals how in the space of a generation Russia surrendered to a more virulent and invincible new strain of autocracy Award winning journalist Masha Gessen s understanding of the events and forces that have wracked Russia in recent times is unparalleled In *The Future Is History* Gessen follows the lives of four people born at what promised to be the dawn of democracy Each of them came of age with unprecedented expectations some as the children and grandchildren of the very architects of the new Russia each with newfound aspirations of their own as entrepreneurs activists thinkers and writers sexual and social beings Gessen charts their paths against the machinations of the regime that would crush them all and against the war it waged on understanding itself which ensured the unobstructed reemergence of the old Soviet order in the form of today s terrifying and seemingly unstoppable mafia state Powerful and urgent *The Future Is History* is a cautionary tale for our time and for all time *Lithuanian Philosophy* Jurate Baranova,2000 *Baltic Postcolonial Narratives* Almantas Samalavičius,2023-07-07 This book offers an in depth discussion of how postcolonialism entered the Baltic cultural and literary domain and what difficulties it had and often still has to face while encountering local and international cultural and literary discourses Initially viewed as entirely alien to the Baltic as well as Eastern European academic milieu postcolonial studies have recently started to overcome previous academic prejudices and take shape in this part of the world This study provides timely insights into Lithuanian prose writing and analyzes some of Lithuania s best postcolonial literary texts The author examines novels written during the last decade of the Soviet period as well as some more recent writings produced in the post Soviet era The book will be useful to cultural historians and literary scholars interested in the past and present of Eastern European and Baltic cultures and societies **The Flexible Economy** Tony Killick,2005-07-18 The accelerating pace of global change demands that economies must be adaptable Economies which are flexible flourish as in Eastern Asia Inflexible economies stagnate as in Eastern Europe and Africa However even though adaptability governs the long term progress of economies economists have had little to say about the nature and determinants of economic flexibility This book redresses that situation A prestigious team of contributors address the key theoretical and empirical issues using a wide range of country studies *Understanding the Transgenerational Legacy of Totalitarian Regimes* Elena Cherepanov,2020-11-23 *Understanding the Transgenerational Legacy of Totalitarian Regimes* examines the ways in which the cultural memory of surviving totalitarianism can continue to shape individual and collective vulnerabilities as well as build strength and resilience in subsequent generations The author uses her personal experience of growing up in the former Soviet Union and professional expertise in global trauma to explore how the psychological legacy of totalitarian regimes influences later generations beliefs behaviors and social and political choices The book offers

interdisciplinary perspectives on the complex aftermath of societal victimization in different cultures and discusses survivors experiences Readers will find practical tools that can be used in family therapy cognitive behavioral therapy and peace building to recognize and challenge preconceived assumptions stemming from cultural trauma This book equips trauma minded mental health professionals with an understanding of the transgenerational toxicity of totalitarianism and with strategies for becoming educated consumers of cultural legacy *The Process of Politicization* Adam Jarosz,2017-11-06 The problem signalled in the title of this volume is of utmost importance today While envisioning a completely depoliticised society requires a big leap of imagination there can still be doubts as to the degree to which modern societies may or should be politicised in different dimensions This book gives a range of answers to this question using selected examples from modern history and the present time and it outlines the process of politicising the society together with the tools and means used for that It does not attempt an exhaustive coverage of the topic of politicisation but serves as a reference for persons interested in the discussed issues including students of political and social sciences **Putin's Totalitarian Democracy** Kate C. Langdon,Vladimir Tismaneanu,2019-07-09 This book studies the cultural societal and ideological factors absent from popular discourse on Vladimir Putin s Russia contesting the misleading mainstream assumption that Putin is the all powerful sovereign of Russia In carefully examining the ideological underpinnings of Putinism its tsarist and Soviet elements its intellectual origins its culturally reproductive nature and its imperialist foreign policy the authors reveal that an indoctrinating ideology and a willing population are simultaneously the most crucial yet overlooked keys to analyzing Putin s totalitarian democracy Because Putinism is part of a global wave of extreme political movements the book also reaffirms the need to understand but not accept how and why nation states and masses turn to nationalism authoritarianism or totalitarianism in modern times **Anthropology and Political Science** Myron J. Aronoff,Jan Kubik,2013 What can anthropology and political science learn from each other The authors argue that collaboration particularly in the area of concepts and methodologies is tremendously beneficial for both disciplines though they also deal with some troubling aspects of the relationship Focusing on the influence of anthropology on political science the book examines the basic assumptions the practitioners of each discipline make about the nature of social and political reality compares some of the key concepts each field employs and provides an extensive review of the basic methods of research that bridge both disciplines ethnography and case study Through ethnography participant observation reliance on extended case studies and the use of anthropological concepts and sensibilities a greater understanding of some of the most challenging issues of the day can be gained For example political anthropology challenges the illusion of the autonomy of the political assumed by political science to characterize so called modern societies Several chapters include a cross disciplinary analysis of key concepts and issues political culture political ritual the politics of collective identity democratization in divided societies conflict resolution civil society and the politics of post Communist transformations *From the Edge of Empire* Ian Hume,2018 This tells of

why and how a young Rhodesian army Captain decided in 1963 not to fight the oncoming war over majority rule His future unknown he leaves the country for studies in Cape Town marries wins a Beit Fellowship to Oxford and is recruited to a career at the World Bank In time he becomes an expert on Eastern Europe Invited home in 1975 to help prepare Rhodesia s transition to Zimbabwe he spends three years living through the very war he chose to avoid Rejoining the Bank he works on Hungary and in a unique period after communism fell in 1989 he lives in Poland as Resident Representative A man of two transitions he explains how they are separate but ironically linked His book a testament to the value of education and the power of family is written as a memoir to his grandchildren Now himself a proud American he offers them a world view what he calls a moral equilibrium to harmonize their vexed heritage with today s divided America Happy with his life he regrets the outcomes in the country he left He describes a different path to majority rule his countrymen could have taken instead of herd think support of Ian Smith s UDI and war Had they done so both the war as well as the brutality corruption and devastation of Mugabe s Zimbabwe could well have been avoided As a life s message to his grandchildren he exhorts them not to make similar mistakes beware the herd think for yourself

Critical Perspectives on Entrepreneurship Caroline Essers,Pascal Dey,Deirdre Tedmanson,Karen Verduyn,2017-02-17 Entrepreneurship is largely considered to be a positive force driving venture creation and economic growth *Critical Perspectives on Entrepreneurship* questions the accepted norms and dominant assumptions of scholarship on the matter and reveals how they can actually obscure important questions of identity ideology and inequality The book s distinguished authors and editors explore how entrepreneurship study can privilege certain forms of economic action whilst labelling other more collective forms of organization and exchange as problematic Demystifying the archetypal vision of the white male entrepreneur this book gives voice to other entrepreneurial subjectivities and engages with the tensions paradoxes and ambiguities at the heart of the topic This challenging collection seeks to further the momentum for alternate analyses of the field and to promote the growing voice of critical entrepreneurship studies It is a useful tool for researchers advanced students and policy makers

Weak Strongman

Timothy Frye,2022-09-27 Looking beyond Putin to understand how today s Russia actually works Media and public discussion tends to understand Russian politics as a direct reflection of Vladimir Putin s seeming omnipotence or Russia s unique history and culture Yet Russia is remarkably similar to other autocracies and recognizing this illuminates the inherent limits to Putin s power *Weak Strongman* challenges the conventional wisdom about Putin s Russia highlighting the difficult trade offs that confront the Kremlin on issues ranging from election fraud and repression to propaganda and foreign policy Drawing on three decades of his own on the ground experience and research as well as insights from a new generation of social scientists that have received little attention outside academia Timothy Frye reveals how much we overlook about today s Russia when we focus solely on Putin or Russian exceptionalism Frye brings a new understanding to a host of crucial questions How popular is Putin Is Russian propaganda effective Why are relations with the West so fraught Can Russian cyber warriors

really swing foreign elections In answering these and other questions Frye offers a highly accessible reassessment of Russian politics that highlights the challenges of governing Russia and the nature of modern autocracy Rich in personal anecdotes and cutting edge social science Weak Strongman offers the best evidence available about how Russia actually works **The Challenges Facing European Society with the Approach of the Year 2000** European Conference of Ministers Responsible for Regional Planning,Council of Europe,1993-01-01

While this might not be the Homo Sovieticus full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Homo Sovieticus eBooks, including some popular titles.

FAQs About Homo Sovieticus Books

What is a Homo Sovieticus PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves

the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it.

How do I create a Homo Sovieticus PDF? There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Homo Sovieticus PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Homo Sovieticus PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Homo Sovieticus PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
