**Journey Into Wholeness** Annaliese Kohinoor-Hagan, Ariana Khent, 1996-11-01 Journey into Wholeness A Map For Living Life Fully offers a unique and revealing roadmap for exploring one's untapped inner resources. Authors Annaliese Kohinoor Hagan and Ariana Khent have combined knowledge and insights gained from their independent careers in education and social services as well as from personal studies in philosophy and psychology. The result is a thoughtful, enlightening and pragmatic approach to finding one's true path to lasting fulfillment and joy. Filled with stories, reflections, exercises and more, the variety and wisdom found in Journey into Wholeness keeps readers interested and involved throughout. *The Map to Wholeness* Suzy Ross, Ph.D., 2020-01-07 A journey into holistic transformation that can impact every area of your life: social, emotional, financial, physical and spiritual, allowing you to live more deliberately and joyfully. Will I ever feel like me again? Am I on the right track? How will I reach my dreams and find happiness? Based on her comprehensive qualitative research, Suzy Ross identifies thirteen phases of personal transformation processes that form an upright figure 8 to guide you along your path toward wholeness. Readers will learn the map by entering into the stories of two ordinary individuals who face life-changing experiences that bring them into and through the depths of crisis to emerge transformed and whole. Equipped with *The Map to Wholeness*, we can understand the deeper purpose behind major life events and seemingly ordinary circumstances.

*Living Your Unlived Life* Robert A. Johnson, Jerry Ruhl, 2007-10-04 The esteemed Jungian psychologist counsels on how to cope with feelings of failure or regret in the latter half of life and how to open to a more meaningful existence even if outer circumstances cannot be changed. In *Living Your Unlived Life*, the renowned therapist Robert A. Johnson, writing with longtime collaborator and fellow Jungian psychologist Jerry M. Ruhl, offers a simple but transformative premise: Our abandoned, unrealized or underdeveloped talents when they are not fully integrated into our lives can become profoundly troublesome in midlife, leading us to depression, suddenly hating our spouses, our jobs or even our lives. When our unlived lives are brought to consciousness, however, they can become the fuel that can propel us beyond our limitations, even if our outer circumstances cannot always be visibly altered.
