Praying John Piippo,2016-04-14 Every follower of Jesus is called to have a praying life But many confess that they are too busy to pray This book is a record of observations experiences reflections and biblical and theological conclusions written by a busy pastor who discovered praying as a conversation with God that has lasted for forty years It is also a challenge to pray and a call to a praying lifestyle The conviction of the author is that what the Church most needs today is to recover praying as a relationship with God and not as a duty to God This book will inspire you to experience prayer not as something we have to do but as something we cannot do without **Leading the Presence-Driven Church** John Piippo,2017-12-19 This is a

book about the primacy and centrality of God and his unsurpassable presence and what this means for the Church The presence of God is the core the sine qua non of mere Christianity Gods presence is what is needed to win the day over the present powers of darkness This book shows what it means for a church to be presence driven and what leadership looks like in the presence driven church **Care-full Preaching** G. Lee Ramsey Jr.,2012-03-15 In Care full Preaching G Lee Ramsey

Jr offers a new vision for how sermons can energize all members of a congregation to care for one another Using fresh images and sermons from Fred Craddock James Forbes Gina Stewart Barbara Brown Taylor and himself Ramsey demonstrates in practical ways how sermons can create a caring community **Changing Church** Jann Aldredge-Clanton,2011-11-01 Through the fascinating stories of pioneering ministers this book reveals a unique picture of progressive changes occurring in the Christian tradition Meeting challenges and overcoming obstacles these twelve diverse ministers are changing the church as they take prophetic stands on gender race interfaith cooperation ecology sexual orientation economic opportunity and other social justice issues Believing in the power of sacred symbolism to shape social reality and to provide a foundation for justice and freedom for all people these ministers lead worship with inclusive language and imagery for humanity and divinity They include multicultural female and male images of the Divine Their stories affirm the connection between this expansive theology and an ethic of justice and equality in human relationships In working from within to change the church these ministers have risked censure by denominational authorities loss of opportunities for promotion to larger congregations or to prestigious denominational positions and even loss of their jobs They have found creative ways to balance advocating for change and working to support the church using their positions as ordained clergy to bring liberating change to the church and the wider culture What You Sow Is a Bare Seed Celeste

Kennel-Shank,2023-08-17 What You Sow Is a Bare Seed is a group biography that tells the stories of ordinary but extraordinary people who were engaged in movements for renewal in the church and justice in broader society People such as Dora Koundakjian Johnson an Armenian Lebanese linguistics scholar and activist and Doug Huron an attorney who won a landmark US Supreme Court civil rights case They were among those who came together as the ecumenical Community of

Christ in Washington DC Planted in the inner city in 1965 when many churches were leaving the Community distinguished itself from the more organized church without rejecting it as one former member says They believed that helping each other identify their gifts was a compelling way to shape their collective ministry beyond themselves The Community initially intended not to own property but later bought a building and opened it up as a community center As a final act of ministry the Community gave its building away to a nonprofit partner when it closed in 2016 leaving a legacy that continues today

Seasons of the Soul Bruce Demarest,2009-05-22 Spiritual formation professor and New Testament scholar Bruce Demarest helps us grasp the whole picture of the journey we re on with Christ that we might live our days with intention and keep moving toward maturity in faith Using Scripture writings from our rich spiritual tradition and stories of present day believers walking the same path of faith Demarest leads us through the three main stages of the journey to become more like Christ

Issues of Theological Warfare: Evangelicals and Liberals Richard J. Coleman,1972 The past decade has seen unmistakable evidence of a movement toward theological ecumenicity Protestant and Roman Catholics have more nearly come together than at any time since the Reformation denominations have joined in fraternal associations both national and world levels mergers between denominations have been discussed sometimes accomplished But for all that Protestant Christianity remains sharply divided and the division is growing deeper threatening the existence both of individual denominations and of the ecumenical movement itself The issues Richard Coleman believes are theological in nature and the battle lines are drawn between liberals and evangelicals In *Issues of Theological Warfare* Coleman presents both sides of the key issues fairly and objectively He makes no effort to blunt the differences or to suggest compromises His basic premise is that both evangelicals and liberals have something to teach and both have something to learn Coleman s intent is to set clearly before the reader those areas in which discussion and learning must occur if there is to be any hope of healing This is not a book for those whose minds are closed but for those on either side who are seriously interested in understanding who welcome dialog and who can honestly face disagreement *Issues of Theological Warfare* will be welcomed as a basic guidebook Publisher

Pilgrimage Journeys Logan Bell,AI,2025-03-06 *Pilgrimage Journeys* explores the global phenomenon of religious pilgrimage examining why millions undertake these arduous trips to sacred sites The book delves into the historical and cultural significance of pilgrimage the psychological motivations of pilgrims and its diverse expressions across various religions Pilgrimage serves as a catalyst for spiritual growth and communal bonding Interestingly archaeological findings and religious texts support the narratives and practices surrounding these journeys reinforcing the enduring power of faith based travel The approach in *Pilgrimage Journeys* involves a comparative analysis across multiple religious traditions highlighting both similarities and differences in practices like religious tourism and faith based travel It reveals that while pilgrimage is rooted in specific religious contexts it also reflects a universal human desire for meaning and connection The book progresses systematically beginning with definitions and historical evolution then moving to psychological and

sociological aspects and finally addressing the future of pilgrimage in a globalized world
