**Developing as an Educational Leader and Manager** Megan Crawford, 2014-09-08 This book is refreshing and distinctive It takes the individual as the starting point and builds outwards from there to the vital but often neglected interpersonal dimension and the turbulent contexts of modern education Vignettes help to make the theory concrete and activities bring the reader right into the frame Ron Glatter Emeritus Professor of Educational Administration and Management The Open University and Hon President of BELMAS Effective leadership combines organisational skills and personal qualities Building on notions of leadership at all levels this book contains an invaluable bank of creative ideas to help teachers already in management positions as well as those just starting out to reflect on their personal and leadership development With a focus on organisational improvement and leading strategically within changing policy contexts chapters interrogate key leadership issues such as managing people values and context Examples from the UK and internationally further demonstrate how to develop as a successful and sustainable leader Content includes the influence of local and national contexts accountability working with stakeholders across boundaries and borders approaches to change becoming a strategic leader the educational leader as researcher This is an essential resource for practising and aspiring educational leaders and managers and students on postgraduate or personal development courses in the UK and internationally

*Evidence Informed Leadership in Education* Alison Taysum, 2013-02-14 In the past three decades politicians journalists researchers within the academy and neo liberalist critics of state schools have articulated that educational research is neither meaningful nor worthwhile Yet empirical evidence has revealed that research plays a key role in informing decisions made by educational leaders This book explores the tools needed to conduct ethical educational research and the contribution postgraduate research might make to the training and development of educational leaders and their thinking and practice within educational settings Recent debates position the production and use of ethical educational research as important for Nation States governments Alison Taysum investigates the thinking tools required for such research and examines what good practice looks and feels like Supported by international case studies the study approaches and engages with the role evidence informed leadership might play in making the social justice agendas contained within the policies of a number of nations become reality

*Latino Educational Leadership* Cristóbal Rodriguez, Melissa A Martinez, Fernando Valle, 2018-09-01 Latino Educational Leadership acknowledges the unique preparation and support for both Latinx educational leaders and Latino communities needed throughout the education and policy pipeline While leadership in communities exists for educational purposes this effort

focuses on the institutional aspect of Latino Educational Leadership across K 12 schools and university settings The purpose of this book is to create a greater collaborative focus on Latino Educational Leadership by inviting scholarly contributions and insights from both established and up and coming scholars Latino Educational Leadership also advocates for the preparation of all leaders as well as the preparation of Latinx educational leaders to serve Latino communities Our impetus on Latino Educational Leadership primarily stems from the changing demographics of our country As of Fall 2017 Latinx student enrollment in K 12 schools reached an all time high with Latinxs comprising 26 8% of the nation s public school enrollment Postsecondary level Latinx student enrollment has also improved rising from 25% in 2005 to 37% in 2015 Given this growth particularly at the K 12 level there has been an increasing urgency to prepare and support more Latinx educational leaders Their rich cultural and linguistic connections to communities help them more readily understand and meet the needs of Latino students and families Aside from enrollment growth Latinxs have made record strides in postsecondary attainment between 2003 04 and 2013 14 bachelor s degrees more than doubled from 94 644 to 202 412 master s degrees conferred rose from 29 806 to 55 965 and doctoral degrees rose from 5 795 to 10 665 Despite such promising gains concern has not waned over how to best address the challenges this diverse student population continues to face in accessing persisting and matriculating across the P 20 Pipeline There is still work to be done as only 11% of all bachelor s degrees 9% of all master s degrees and 7% of all doctoral degrees were awarded to Latinxs in 2013 14 In particular there is increasing urgency to address how higher education institutions can better prepare develop and retain Latinx leaders and scholars who will serve and meet the needs of Latinx college students to ensure their academic success Thus the purpose of this book is to advance the knowledge related to serving Latino communities and preparing Latinx leaders

**Narratives of Becoming Leaders in Disciplinary and Institutional Contexts** Anesa Hosein,Namrata Rao,Ian M. Kinchin,2022-12-29 Narratives of Becoming Leaders in Disciplinary and Institutional Contexts provides theoretically informed personal narratives of nine emerging and established leaders in learning and teaching in Australia Brazil Canada Trinidad and Tobago the UK and the USA The academics narratives consider how individuals navigate the disciplinary and institutional context as emergent and established leaders in learning and teaching These learning and teaching leadership narratives highlight the commonalities and differences in the struggles that academic leaders across the world encounter within their unique institutional and disciplinary contexts The journeys of learning and teaching leadership are often fuzzy owing to lack of well established structures and pathways which may be further complicated by the unique institutional and disciplinary contexts This book contributes to our understanding of the impact of disciplinary and institutional contexts on the practice of learning and teaching leaders It captures the subjective experiences of academics at various stages in their career navigating their individual pathways of learning and teaching leadership within their national context The Leadership Identity Journey Carol A.
