Fritze,2009-05-15 This incredible exploration of the murky world of pseudo history reveals the mix of proven facts informed speculation and pure fiction behind lost continents ancient super civilizations and conspiratorial cover ups as well as the revisionist historical foundations of religions such as the Nation of Islam and the Church of Jesus Christ of Latter day Saints Drawing on the best scholarship available Ronald H Fritze shows that in spite of strong mainstream historical evidence to the contrary many of these ideas have proved durable and gained widespread acceptance As the examples in Invented Knowledge reveal pseudo historians capitalize on and exploit anomalies in evidence to support their claims rather than examining the preponderance of research as a whole **Raising the Ruins** Stephen Flurry,Philadelphia Church of God, Herbert W Armstrong was the world s leading televangelist and one of the most prominent religious leaders of the 20th century watched read and followed by millions worldwide But his legacy of Bible based humanitarianism came under attack after he died The cabal of leaders who took control of the church he founded after pledging to follow in his footsteps methodically destroyed all he had built Those who would stop them were silenced or excommunicated Had it happened in the corporate world the CEOs and executives responsible for hijacking a corporation and robbing its investors would have been fired if not prosecuted in a court of law Never before has this shocking story been told in such riveting detail Drawing upon official reports internal memos court depositions and personal interviews Stephen Flurry exposes the depth of corruption and deceit that was Tkachism the administration of Joseph Tkach who succeeded Mr Armstrong as pastor general of the Worldwide Church of God In this book you will learn How Tkach s men altered doctrines under Mr Armstrong s nose even before he died How the Tkach transformation was driven from the start by an agenda that even shocked most of the top ministers How early on Tkachism brazenly denied its radical changes before the church members How Tkachism slashed media operations under the pretense of wise stewardship while income soared at a record 1 billion in five years How Tkachism shamefully forced out the very members whose contributions had built the multi million dollar empire How Tkach s men told church members the message of Mr Armstrong s magnum opus Mystery of the Ages was still official while they

secretly trashed 120 000 copies of the book How Tkach Jr considered it his Christian duty to stamp out Mr Armstrong s writings How Tkach Jr nearly achieved that goal in a six year legal battle but then for fear of being exposed surrendered How the marvelous wonder of Mr Armstrong s work is being raised from the ruins Worldwide Church of God leaders today present themselves to the mainstream evangelical world as a band of courageous truth lovers who sacrificed everything to follow Jesus Christ The stubborn facts of what they did however tell a far more sinister story a story they have done their utmost to keep buried This book exhumes those facts and exposes them to the furious light of day as they should have been all along for your scrutiny This ebook is offered completely free of charge by the Philadelphia Church of God However please not that Google Play will need a verified Google Wallet account which requires your credit card information In a small number of countries a temporary authorization of 1 will be charged to your account but will be refunded This refund can take up to 1 month to process

The Special Relationship Between the United Kingdom of Great Britain and the United States of America Francis S E Codjoe Jnr.,2016-05-12 The Special Relationship between Britain and America is not based on sentiments or any value It is not a political pendulum that swings high or low depending upon the chemistry between an American President and a British Prime Minister The Anglo American relationship is grounded on an Eternal Truth This truth which reveals the identities of the British and Americans is concealed in their national emblems the Royal Coat of Arms and the Great Seal of the USA These crests are pregnant with mysteries The Pyramid on the Reverse side of the Great Seal has nothing to do with the Illuminati nor the New World Order Commentators wrongly suggest that the exceptional relationship between America and Britain is dead These experts who adore Monnets European Project claim Britain is irrelevant on the international stage So America should treat Britain just like any other European nation Britain is unique among the EU member states Here is the unknown truth A British Secret Service Agent wrote about European integration and its future before Jean Monnet the brain behind the EU Project was born Our understanding of EUs existence and Britains membership of it would not be complete without the legacy of the Intelligence Officer A free religion is the parent of a free state and a free state of a free school A people who are not wise enough to take care of their own religion are very poorly prepared to be the guardians of liberties When a nation loses her religion she loses the right arm of power and the ability to preserve freedom According to the Intelligence Officer Back to the Bible should be a patriotic as well as a religious cry for the preservation of our liberties and our cherished institutions depends much upon the maintenance of the Bible taught heart principles and stout convictions of our fathers
