Revel, Michael P. Steinberg, Idith Zertal**

Judaism Human Values The Jewish State:

Judaism, Human Values, and the Jewish State Yeshayahu Leibowitz, 1992 A biochemist by profession a polymath by inclination and erudition Yeshayahu Leibowitz has been since the early 1940s one of the most incisive and controversial critics of Israeli culture and politics His direct involvement compelling polemics and trenchant criticism have established his steadfast significance for contemporary Israeli and Jewish intellectual life These hard hitting essays his first to be published in English cover the ground Leibowitz has marked out over time with moral rigor and political insight He considers the essence and character of historical Judaism the problems of contemporary Judaism and Jewishness the relationship of Judaism to Christianity the questions of statehood religion and politics in Israel and the role of women Together these essays constitute a comprehensive critique of Israeli society and politics and a probing diagnosis of the malaise that afflicts contemporary Jewish culture Leibowitz's understanding of Jewish philosophy is acute and he brings it to bear on current issues He argues that the Law Halakhah is essential to Judaism and shows how at present separation of religion from state would serve the interest of halakhic observance and foster esteem for religion Leibowitz calls the religious justification of national issues idolatry and finds this phenomenon at the root of many of the annexationist moves made by the state of Israel Long one of the most outspoken critics of Israeli occupation in the conquered territories he gives eloquent voice to his ongoing concern over the debilitating moral effects of its policies and practices on Israel itself This translation will bring to an English speaking audience a much needed lucid perspective on the present and future state of Jewish culture *The New Jewish Canon* Yehuda Kurtzer, Claire E. Sufrin, 2020-08-04 Extraordinarily rich lively and illuminating The editors have succeeded magnificently in achieving their goal Jewish Journal The late twentieth and early twenty first centuries have been a period of mass production and proliferation of Jewish ideas and have witnessed major changes in Jewish life and stimulated major debates The New Jewish Canon offers a conceptual roadmap to make sense of such rapid change With over eighty excerpts from key primary source texts and insightful corresponding essays by leading scholars on topics of history and memory Jewish politics and the public square religion and religiosity and identities and communities The New Jewish Canon promises to start conversations from the seminar room to the dinner table The New Jewish Canon is both text and textbook of the Jewish intellectual and communal zeitgeist for the contemporary period and the recent past canonizing our most important ideas and debates of the past two generations and just as importantly stimulating debate and scholarship about what is yet to come **The Middle East and North Africa** Florian Zemmin, Nequin Yavari, Markus Dressler, Nurit Stadler, 2024-12-16 This volume collects reflections on secularity from the Middle East and North Africa To highlight proximate connections as well as resonances with debates elsewhere it includes premodern contributions from the region as well as Jewish thought from Europe that have provided significant references for modern appropriations of secularity The texts for the most part previously untranslated reflect commonalities within the region as well as its great diversity Thus

while Islam is a common reference for most of our authors the selections point to its varied invocations in the interest of differing political ends Others write from a Christian or Jewish perspective or subscribe to non religious intellectual traditions They range from premodern Muslim jurisprudents and philosophers to Ottoman statesmen Arab socialist and nationalist intellectuals of the interwar period Iranian revolutionaries Israeli novelists and finally post secular intellectuals lay and religious predominantly from the former Islamic heartland modern Arab states and Iran Several introductions weave together the swathe of topics raised in the discussions beginning with a schematic presentation of the concerns that undergird the volume s organization

The Encyclopedia of Christianity Erwin Fahlbusch, Geoffrey William Bromiley, 1999

The Encyclopedia of Christianity is the first of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA

Humanity Divided Manuel Duarte de Oliveira, 2021-09-20 With exacting scholarship and fecund analysis Manuel Oliveira probes through the lens of Martin Buber 1878 1965 the theological and political ambiguities of Israel s divine election These ambiguities became especially pronounced with the emergence of Zionism Wary indeed alarmed by the tendency of some of his fellow Zionists to conflate divine chosenness with nationalism Buber sought to secure the theological significance of election by both steering Zionism from hypertrophic nationalism and by a sustained program to revalorize what he called alternately Hebrew Humanism As Oliveira demonstrates Buber viewed the idea of election teleologically espousing a universal mission of Israel which effectively calls upon Zionism to align its political and cultural project to universal objectives Thus in addressing a Zionist congress he rhetorically asked What then is this spirit of Israel of which you are speaking It is the spirit of fulfillment Fulfillment of what Fulfillment of the simple truth that man has been created for a purpose Our purpose is the upbuilding of peace And that is its spirit the spirit of Israel the people of Israel was charged to lead the way to righteousness and justice

Sefer BeMidbar as Sefer HaMiddot Reuven Travis, 2018-09-07 While it is true the Bible does relate important episodes in the history of the Jewish people it is thought of as being much more than a history book This is why many question the Bible s rationale for including a book such as Numbers one that seems to be little more than a history book In comparison Genesis as a history book makes sense It tells of the creation of the heavens and earth and the foundational stories of the Jewish people Even Exodus which relates the departure of the Jewish people from Egypt has

many legal sections This thus begs the question what exactly is the Book of Numbers and what role does it play in the overall narrative of the Bible Presenting Numbers as the book of character development is the major guiding principle of the pedagogical approach set forth in this book for teaching Numbers This approach can also be used for teaching Genesis However the characters in Genesis are portrayed as either very good or evil Not so in Numbers whose main personalities can and should be viewed in hues of grey making it a very appropriate vehicle for teaching character development to high school students

Netanyahu vs The Generals Guy Ziv, 2024-01-18 Benjamin Netanyahu has carefully cultivated a self image as Israel's Mr Security during his decades of political activity His reputation as a security minded leader has resonated with large swathes of the Israeli public enabling him to become Israel's longest serving prime minister Yet the Israeli security community has long questioned Netanyahu's approach to national security The Netanyahu era has seen unprecedented civil military tensions while retired generals and former heads of the Mossad and Shin Bet intelligence agencies some of whom were appointed by Netanyahu have publicly rejected both his leadership and his policies Drawing on interviews with dozens of senior veterans of the Israeli security establishment this book addresses this intriguing paradox It sets out to explain the mutual distrust and intense disagreements between Netanyahu and the security community as well as the underlying reasons behind the Israeli public's inattention to the collective judgment of hundreds of ex generals and former spymasters The

Cambridge Companion to Judaism and Law Christine Hayes, 2017-02-17 The Cambridge Companion to Judaism and Law explores the Jewish conception of law as an essential component of the divine human relationship from biblical to modern times as well as resistance to this conceptualization It also traces the political social intellectual and cultural circumstances that spawned competing Jewish approaches to its own divine law and the non divine law of others including that of the modern secular state of Israel Part I focuses on the emergence and development of law as an essential element of religious expression in biblical Israel and classical Judaism through the medieval period Part II considers the ramifications for the law arising from political emancipation and the invention of Judaism as a religion in the modern period Finally Part III traces the historical and ideological processes leading to the current configuration of religion and state in modern Israel analysing specific conflicts between religious law and state law

Israel Yearbook on Human Rights Y. Dinstein Domb, 1997-09-01 The Israel Yearbook on Human Rights an annual published under the auspices of the Faculty of Law of Tel Aviv University since 1971 is devoted to publishing studies by distinguished scholars in Israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the State of Israel and the Jewish people The Yearbook also incorporates documentary materials relating to Israel and the Administered Areas which are not otherwise available in English including summaries of judicial decisions compilations of legislative enactments and military proclamations Volume 26 contains amongst others articles on The Essence of Democracy Democracy in International Relations The Threats to Democracy and Democracy in Israel and the Palestinian Authority

Political Theologies in the Holy Land David

Ohana,2009-10-16 This book examines the role of messianism in Zionist ideology from the birth of the Zionist movement through to the present It shows how messianism is not just a religious or philosophical term but a very tangible political practice and theology which has shaped Israeli identity The author explores key issues such as the current presence of messianism in the Israeli public sphere and the debates with Jewish settlers in the occupied territories after the 1967 war the difference between transcendental messianism and promethean messianism the disparity between the political ideology and political practice in the history of Israel the evolution of the messianic idea in the actions of David Ben Gurion the debate between Martin Buber Gershom Scholem Isaiah Leibowitz J L Talmon and other intellectual figures with Ben Gurion the implications of political theology and the presence of messianic ideas in Israeli politics As the first book to examine the messianism in Israeli debate since the creation of the Israeli state it will be particularly relevant for students and scholars of Political Science modern intellectual history Israel studies Judaism and messianism **Israel Yearbook on Human Rights, Volume 26 (1996)**

Yoram Dinstein,Fania Domb,2020-10-26 The Israel Yearbook on Human Rights an annual published under the auspices of the Faculty of Law of Tel Aviv University since 1971 is devoted to publishing studies by distinguished scholars in Israel and other countries on human rights in peace and war with particular emphasis on problems relevant to the State of Israel and the Jewish people The Yearbook also incorporates documentary materials relating to Israel and the Administered Areas which are not otherwise available in English including summaries of judicial decisions compilations of legislative enactments and military proclamations Volume 26 contains amongst others articles on The Essence of Democracy Democracy in International Relations The Threats to Democracy and Democracy in Israel and the Palestinian Authority

The Peace and Violence of Judaism Robert Eisen,2011-02-09 Religious violence has become one of the most pressing issues of our time Robert Eisen provides the first comprehensive analysis of Jewish views on peace and violence by examining texts in five major areas of Judaism the Bible rabbinic Judaism medieval Jewish philosophy Kabbalah and modern Zionism He demonstrates that throughout its history Judaism has consistently exhibited ambiguity regarding peace and violence To make his case Eisen presents two distinct analyses of the texts in each of the areas under consideration one which argues that the texts in question promote violence toward non Jews and another which argues that the texts promote peace His aim is to show that both readings are valid and authentic interpretations of Judaism Eisen also explores why Judaism can be read both ways by examining the interpretive techniques that support each reading The Peace and Violence of Judaism will be an essential resource not only for students of Judaism but for students of other religions Many religions exhibit ambiguity regarding peace and violence This study provides a model for analyzing this important phenomenon **Anti-Semitism and Anti-Zionism in Historical Perspective** Jeffrey Herf,2013-10-31 Previously published as a special issue of The Journal of Israeli History this book presents the reflections of historians from Israel Europe Canada and the United States concerning the similarities and differences between anti Zionism and anti-Semitism primarily in Europe and the Middle East Spanning

the past century the essays explore the continuum of critique from early challenges to Zionism and they offer criteria to ascertain when criticism with particular policies has and has not coalesced into an ism of anti Zionism and anti Semitism Including studies of England France Germany Poland the United States Iran and Israel the volume also examines the elements of continuity and break in European traditions of anti Semitism and anti Zionism when they diffused to the Arab and Islamic Essential course reading for students of religious history **The Fence and the Neighbor** Adam Zachary Newton,2001-01-01 Reviews the potentially complementary albeit sharp differences between two important contemporary Jewish philosophers When Peace Is Not Enough Atalia Omer,2013-05-27 The state of Israel is often spoken of as a haven for the Jewish people a place rooted in the story of a nation dispersed wandering the earth in search of their homeland Born in adversity but purportedly nurtured by liberal ideals Israel has never known peace experiencing instead a state of constant war that has divided its population along the stark and seemingly unbreachable lines of dissent around the relationship between unrestricted citizenship and Jewish identity By focusing on the perceptions and histories of Israel s most marginalized stakeholders Palestinian Israelis Arab Jews and non Israeli Jews Atalia Omer cuts to the heart of the Israeli Arab conflict demonstrating how these voices provide urgently needed resources for conflict analysis and peacebuilding Navigating a complex set of arguments about ethnicity boundaries and peace and offering a different approach to the renegotiation and reimagination of national identity and citizenship Omer pushes the conversation beyond the bounds of the single narrative and toward a new and dynamic concept of justice one that offers the prospect of building a lasting peace Makers of Jewish Modernity Jacques Picard,Jacques M. Revel,Michael P. Steinberg,Idith Zertal,2016-08-09 A unique reference to leading Jewish figures who helped shape the modern world This superb collection presents more than forty incisive portraits of leading Jewish thinkers artists scientists and other public figures of the last hundred years who in their own unique ways engaged with and helped shape the modern world Makers of Jewish Modernity features entries on political figures such as Walther Rathenau Rosa Luxemburg and David Ben Gurion philosophers and critics such as Walter Benjamin Hannah Arendt Isaiah Berlin Jacques Derrida and Judith Butler and artists such as Mark Rothko The book provides fresh insights into the lives and careers of novelists like Franz Kafka Saul Bellow and Philip Roth the filmmakers Joel and Ethan Coen social scientists such as Sigmund Freud religious leaders and thinkers such as Avraham Kook and Martin Buber and many others Written by a diverse group of leading contemporary scholars from around the world these vibrant and frequently surprising portraits offer a global perspective that highlights the multiplicity of Jewish experience and thought A reference book like no other Makers of Jewish Modernity includes an informative general introduction that situates its subjects within the broader context of Jewish modernity as well as a rich selection of photos **Faith at the Crossroads** Dov Schwartz,2002-01-01 The book exposes the theological foundations of religious Zionism Relying on a rigorous analysis of new primary sources Schwartz argues that this movement strove to build a new religious consciousness in light of the Jewish

national renaissance in the twentieth century **Reader's Guide to Judaism** Michael Terry, 2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition. The field is assessed in some 470 essays discussing individuals, Martin Buber, Gluckel of Hameln, literature, Genesis, Ladino, Literature, thought and beliefs, Holiness, Bioethics, practice, Dietary Laws, Passover, history, Venice, Baghdadi Jews of India, and arts and material culture, Synagogue Architecture, Costume. The emphasis is on Judaism rather than on Jewish studies more broadly.

One Scripture or Many? Christine Helmer, Christof Landmesser, 2004-06-03 One Scripture or Many proposes a novel understanding of canon that reaches beyond the text to the reality of tradition. This new approach to biblical theology takes up major questions concerning the unity of the canon. Its thesis is bold: canon is both text and tradition. As text, the canon is the product of a history of formation; its unity is ascribed by subsequent generations interpreting the text. As tradition, its fundamental openness to diverse interpretations is the function of a subject behind the text that holds together the tradition's unity. Yet open-endedness does not mean an absence of determinacy. Hermeneutical, theological, and philosophical parameters are given in order to maintain a unity at one level that does not exist between ideas conflicting on another level. These parameters are constituted through the relationship between text, reality, and experience. On the one hand, these parameters are embedded in the text. On the other hand, they are inextricably linked to reality because they themselves reflect experiences of that reality. The interdisciplinary approach in this book draws on scholarship in the Hebrew Bible, the Dead Sea Scrolls, the New Testament, philosophy, and theology. Both Jewish and Christian scholars conclude that the search for the canon is an open-ended process of interpretation. Questions of the canon's unity find their niche in a new concept of biblical theology that presupposes the theological and philosophical relevance of biblical texts. As conceived in religious categories, experience and reality are themes already available in scripture. Whether one or many scripture addresses these questions for our time.

The Jewish Political Tradition Michael Walzer, Menachem Lorberbaum, Noam J. Zohar, Yair Loberbaum, 2008-10-01 This book launches a landmark four-volume collaborative work exploring the political thought of the Jewish people from biblical times to the present. Each volume includes a selection of texts from the Bible and Talmud, midrashic literature, legal responsa, treatises, and pamphlets annotated for modern readers and accompanied by new commentaries written by eminent philosophers, lawyers, political theorists, and other scholars working in different fields of Jewish studies. These contributors join the arguments of the texts, agreeing or disagreeing, elaborating, refining, qualifying, and sometimes repudiating the political views of the original authors. The series brings the little-known and unexplored Jewish tradition of political thinking and writing into the light, showing where and how it resonates in the state of Israel, the chief diaspora settlements, and more broadly, modern political experience. This first volume, *Authority*, addresses the basic question of who ought to rule the community. What claims to rule have been put forward from the time of the exodus from Egypt to the establishment of the state of Israel? How are such claims disputed and defended? What constitutes legitimate authority? The

authors discuss the authority of God then the claims of kings priests prophets rabbis lay leaders gentile rulers during the years of the exile and the Israeli state The volume concludes with several perspectives on the issue of whether a modern state can be both Jewish and democratic Forthcoming volumes will address the themes of membership community and political vision Among the contributors to this volume Amy Gutmann Moshe Halbertal David Hartman Moshe Idel Sanford Levinson Susan Neiman Hilary Putnam Joseph Raz Michael Sandel Allan Silver Yael Tamir

Judaism Human Values The Jewish State Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the power of words has become more evident than ever. They have the ability to inspire, provoke, and ignite change. Such is the essence of the book **Judaism Human Values The Jewish State**, a literary masterpiece that delves deep into the significance of words and their impact on our lives. Published by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book's key themes, examine its writing style, and analyze its overall effect on readers.
