Judaism Medicine And Healing:

Judaism, Medicine, and Healing Ronald H. Isaacs, 1998-06 To find more information on Rowman Littlefield titles please visit us at www.rowmanlittlefield.com *Midrash & Medicine* Michele F. Prince, 2011-10 This groundbreaking volume examines the spiritual shortfalls of our current healing environment and explores how midrash can help you see beyond the physical aspects of healing to tune in to your spiritual source **Judaism and Health** Jeff Levin, PhD, MPH, Michele F. Prince, LCSW, MAJCS, 2013-11-07 The first state of the art comprehensive resource to encompass the wide breadth of the rapidly growing field of Judaism and health For Jews religion and medicine and science are not inherently in conflict even within the Torah observant community but rather can be friendly partners in the pursuit of wholesome ends such as truth healing and the advancement of humankind from the Introduction This authoritative volume part professional handbook part scholarly resource and part source of practical information for laypeople melds the seemingly disparate elements of Judaism and health into a truly multidisciplinary collective enhancing the work within each area and creating new possibilities for synergy across disciplines It is ideal for medical and healthcare providers rabbis educators academic scholars healthcare researchers and caregivers congregational leaders and laypeople with an interest in the most recent and most exciting developments in this new important field CONTRIBUTORS Rabbi Rachel Adler PhD Rabbi Richard Address DMin Ronald M Andiman MD Barbara Breitman DMin Rabbi Anne Brener LCSW Shelly Thomas Christensen MA Rabbi William Cutter PhD Rabbi Stephanie Dickstein LMSW Rabbi Nancy Epstein MPH MAHL Elizabeth Feldman MD Rabbi Naomi Kalish BCC Rabbi Lynne F Landsberg Jeff Levin PhD MPH Judith Margolis MFA Adina Newberg PhD Kenneth I Pargament PhD David Pelcovitz PhD Steven Pirutinsky MS Michele F Prince LCSW MAJCS Rabbi Stephen B Roberts MBA BCC David H Rosmarin PhD Fred Rosner MD MACP Rabbi Julie Schwartz Devora Greer Shabtai Rabbi Mychal B Springer Rabbi Shira Stern DMin BCC Rabbi David A Teutsch PhD Rabbi Abraham J Twerski MD Rabbi Simkha Y Weintraub LCSW Rabbi Nancy Wiener DMin [Midrash and Medicine](#) ,2013-08-07 Midrash provides a revolutionary guide through the most difficult passages of our life stories While healing often seems out of reach and achieving wholeness seems impossible our midrashic texts teach that hope is always there Biblical characters especially as enhanced through midrashic interpretation are like relatives and old friends We cannot escape seeing them as human beings standing at the crossroads of their lives in situations that are very much our own from Chapter 2 This groundbreaking volume examines the spiritual shortfalls of our current healing environment and explores how midrash can help you see beyond the physical aspects of healing to tune in to your spiritual source Pushing the boundaries of Jewish knowledge physicians rabbis social workers psychologists and philosophers investigate the role of midrashic thinking in addressing seemingly intractable social and personal issues Topics discussed include How metaphors and parables can aid healing How Jewish tradition can inform and enrich health hospice and nursing home care New ways of reading Jewish texts in the discussion of medical ethics The role of community in addressing aging loss and suffering

Caring for Jewish Patients Joseph Spitzer, 2020-01-31 Jewish patients customarily have particular ways of approaching health and healthcare This book outlines the Jewish practices and customs of direct relevance to health professionals illustrated throughout with case histories Information is provided to facilitate day to day communication discussing etiquette and interpersonal relationships between the health professionals and their patients describing in detail the dietary laws customs and festivals This book will offer practical advice about Jews Judaism and the Jewish community helping to educate and enable all healthcare professionals in hospitals and in the community to provide care in a culturally appropriate manner

The Healing Past Jacob, 2018-07-17 This volume focuses on our present knowledge of pharmaceuticals in the Biblical and Rabbinic world a subject which has received little attention Although many aspects of ancient Near Eastern cultural life have been studied thoroughly no one has dealt with the pharmaceutical knowledge of this period The essays in this study deal with their themes in different ways They thus provide the best current information on a particular subject They also demonstrate various approaches which may prove fruitful for further investigation References in specialized studies and archeological field work have demonstrated that our knowledge in this area continues to grow The fragmented and isolated nature of this material has led to it remaining unknown to those interested in the history of medicine pharmacy and horticulture The authors have sought to fill this gap

Jewish Medicine Michael A. Nevins, 2006 Although conventional wisdom holds that there s no such thing as Jewish Medicine Dr Nevins disagrees suggesting it s not so much what Jewish doctors have done as why For example in premodern times Jewish doctors viewed their work as a sacred calling in collaboration with God Later there often was a perception that Jewish doctors practiced differently because they were familiar with mystical and magical techniques While many Jewish physicians through the ages have been inspired by such values as selflessness compassion and profound respect for life itself contemporary medicine seems to have lost its soul To rectify this Dr Nevins proposes the Jewish cultural icon the mensch as a model of virtuous behavior for all doctors to emulate This book is written for a general audience as well as for physicians In it Dr Nevins surveys Jewish medical history and along the way describes many remarkable medical menschen

Recovery, the 12 Steps and Jewish Spirituality Rabbi Paul Steinberg, 2014-09-18 Claim the Spiritual Freedom That Waits Beyond the Suffering and Slavery of Addiction One of the important similarities between AA and Jewish spirituality is the statement in Step 12 to practice these principles in all our affairs There is no dichotomy of sacred versus secular Jewish spirituality applies to how we eat sleep work socialize and recreate There is nothing that is external to the relationship of human being to God from the Foreword A major new Jewish contribution to 12 Step spirituality This easy to read exploration from a Jewish perspective is the first comprehensive approach to successfully integrate classic Jewish spirituality with the 12 Steps of Alcoholics Anonymous AA and other recovery resources With clarity and passion Rabbi Paul Steinberg masterfully weaves traditional Jewish wisdom with the experience strength and hope of AA He draws on Jewish resources theological psychological and ethical that speak to the spiritual dimension of the disease and

shows how the principles of Jewish spiritual recovery directly align with those of the AA 12 Steps Along the way he courageously shares his own personal struggles with alcoholism and addiction in a way that will help others find guidance and a new life path and stay on it Healing and the Jewish Imagination Rabbi William Cutter,2011-03-29 Where Judaism and health intersect healing may begin Essential reading for people interested in the Jewish healing spirituality and spiritual direction movements this groundbreaking volume explores the Jewish tradition for comfort in times of illness and Judaism s perspectives on the inevitable suffering with which we live Pushing the boundaries of Jewish knowledge scholars teachers artists and activists examine the aspects of our mortality and the important distinctions between curing and healing Topics discussed include The Importance of the Individual Health and Healing among the Mystics Hope and the Hebrew Bible From Disability to Enablement Overcoming Stigma Jewish Bioethics Drawing from literature personal experience and the foundational texts of Judaism these celebrated thinkers show us that healing is an idea that can both soften us so that we are open to inspiration as well as toughen us like good scar tissue in order to live with the consequences of being human

Judaism and Justice Rabbi Sidney Schwarz, PhD,2011-05-02 The first state of the art comprehensive resource to encompass the wide breadth of the rapidly growing field of Judaism and health For Jews religion and medicine and science are not inherently in conflict even within the Torah observant community but rather can be friendly partners in the pursuit of wholesome ends such as truth healing and the advancement of humankind from the Introduction This authoritative volume part professional handbook part scholarly resource and part source of practical information for laypeople melds the seemingly disparate elements of Judaism and health into a truly multidisciplinary collective enhancing the work within each area and creating new possibilities for synergy across disciplines It is ideal for medical and healthcare providers rabbis educators academic scholars healthcare researchers and caregivers congregational leaders and laypeople with an interest in the most recent and most exciting developments in this new important field Encyclopedia of Jewish Medical Ethics Fred

Rosner,2003 Ethical issues in modern medicine are of great concern and interest to all physicians and health care providers throughout the world as well as to the public at large Jewish scholars and ethicists have discussed medical ethics throughout Jewish history **Oxford Textbook of Spirituality in Healthcare** Mark Cobb,Christina Puchalski,Bruce Rumbold,2012-08-09 The relationship between spirituality and healthcare is historical intellectual and practical and it has now emerged as a significant field in health research healthcare policy and clinical practice and training Understanding health and wellbeing requires addressing spiritual and existential issues and healthcare is therefore challenged to respond to the ways spirituality is experienced and expressed in illness suffering healing and loss If healthcare has compassionate regard for the humanity of those it serves it is faced with questions about how it understands and interprets spirituality what resources it should make available and how these are organised and the ways in which spirituality shapes and informs the purpose and practice of healthcare These questions are the basis for this resource which presents a coherent field of enquiry

discussion and debate that is interdisciplinary international and vibrant There is a growing corpus of articles in medical and healthcare journals on spirituality in addition to a wide range of literature but there has been no attempt so far to publish a standard text on this subject Spirituality in Healthcare is an authoritative reference on the subject providing unequalled coverage critical depth and an integrated source of key topics Divided into six sections including practice research policy and training the project brings together international contributions from scholars in the field to provide a unique and stimulating resource

Healing Practices Rabbi Theodore Brod, 2005-04 Healing Practices Insights from the Torah Talmud and Kabbalah is a voyage into ancient texts and methods of addressing the many ills that have always been part of human life Scholars and practitioners of old studied ways of eating drinking and living that appeared to have the capacity to improve various conditions infirmities and problems Such healing practices may have been passed down through the ages as folk remedies others are surprisingly out of date Whatever their current value it is inspiring to learn of our forebears methods and beliefs In this era of holistic medical approaches this book demonstrates that new age methods may not be all that new The book provides a history of recommended treatments for various ailments found in the Torah the Talmud and Kabbalistic writings Part 1 Medicine Through the Ages is an overview of the tenets prescribed for good health and preservation of life in various writings along with a discussion of eras and periods when Jewish thought in medicine flourished or was suppressed Part 2 Medical Uses of Foods and Herbs lists alphabetically more than 100 plants foods and substances that are cited in holy scripture or laws Each citation includes the Latin and Hebrew names a description of the particular plant food or medicine the text which mentions the healing practice with that citation and whatever medical use is found in the text s Quotes from various rabbis and biblical talmudic passages add depth to the listed descriptions In Part 3 various healing practices and remedies such as methods for maintaining acuity in hearing and seeing by treating eyes and ears are described at some length Once again quotes from Rabbis Physicians and other thinkers lend a sense of history and deeper meaning to the alphabetical listing For example a long section on pregnancy and childbirth reveals the relationship in early thinkers between human responses to natural events as affected by their belief systems The importance of prayer and faith for healing is evident in these citations Following the three major sections are four rich additions to the text First an Appendix that lists the sages in alphabetical order leads the reader through a history of the various periods in which these individuals lived and how they influenced scriptural and medical thought The next section is an alphabetical glossary of Hebrew and other terms used in the text Finally Rabbi Brod cross references prior citations by ailment or condition also listed alphabetically A reader who wishes to learn of the people the writings or the medical problems found in the Torah Talmud and Kabbalah can refer to these helpful additions to the main text Rabbi Brod hand wrote each entry in all the sections of the book His writing in both English and Hebrew is evident of his artistic and purposeful nature as the calligraphy and painstaking insistence upon accuracy and detail are evident in the original manuscript This the print version contains his wisdom and knowledge and

hopefully the strength of his spirit also shines through the words Quo Vadis Medical Healing S. Elm, Stefan N. Willich, 2008-12-16 Medical healing implies knowledge of the assumptions that underlie our understanding of health and concomitantly how we define well being and its opposites illness and disease Today health health care business wellness recreation and medicine especially research driven scientific medicine have become separate entities with different institutions budgets marketing philosophies and corporate cultures Furthermore healing is individual and subjective yet at the same time also culturally determined The present volume brings together papers on these topics in an unique interdisciplinary approach The book provides an ethical framework for healthcare from a political perspective It discusses definitions of the terminology of healing and health and their ethical and medical implications including their historical contexts A separate section expands the theme of the cultural constructedness of healing by the concepts of traditional Chinese medicine and homeopathy Modern medicine has a strong focus on acute care which urgently needs to place greater emphasis on preventive medicine including the crucial importance of social factors on health and on the emergence of public health The point of view of Business Concepts their potential and limitations are by no means neglected and the legal ramifications of genetic research and innovative medical strategies with regard to some of our most foundational notions are discussed

The Jewish Book of Grief and Healing Stuart M. Matlins, The Editors at Jewish Lights, 2016-03-25 This companion in sorrow offers compassionate guidance for putting the insights of Judaism into practice and finding new strength in ancient traditions Beloved and respected spiritual leaders from across the Jewish denominational spectrum share insights from their experience Jewish tradition and their personal encounters with grief and healing *Sha'arei Refuah Gates of Jewish Healing* Wally Spiegler, 2006 Sha arei Refuah Gates of Jewish Healing is the first book of its kind to present the theory and practice of Jewish healing As more and more professional health care workers are finding their way into Jewish healing they recognize that the present standards are just not sufficient to enable true and lasting healing Therapists of every kind believe that a more clinical approach is needed to deal with the everyday chronic problems in addition to the life threatening illnesses from which many of us suffer We need a health system that includes spirituality in which we can participate to bring wholeness into our lives The purpose of this book is to provide readers with Jewish thoughts on healing together with practical tools to help overcome illness of every kind Jewish healing is entering a new phase which goes beyond the prevalent standard of bikkur cholim visiting the sick supporting families facing medical crises and comforting mourners

Amazing Chesed Rabbi Rami Shapiro, Rami M. Shapiro, 2012-11 The question isn't whether grace God's love freely given is there for you in Judaism The question is do you have the courage to accept it Ask almost any Jew whether grace is a central concept in Judaism and an essential element in living Jewishly and chances are their answer will be no But that's the wrong answer This fascinating foray into God's love freely given offers the reader a way to answer that question in the affirmative Drawing from ancient and contemporary traditional and non traditional Jewish wisdom this book reclaims the idea of grace in

Judaism in three ways It offers a view of God that helps the reader understand what grace is why grace is and how grace manifests in the world It sets forth a reading of Judaism that is grace filled an understanding of creation Shabbat and other Jewish practices from a grace filled perspective It challenges the reader to be embraced and transformed by grace and to live life as a vehicle for God s grace thereby fulfilling the promise of being created in God s image and likeness Judaism and Healing J. David Bleich,2002 Judaism and Healing is a concise incisive but nontechnical study of major issues in medical bioethics Rabbi Bleich examines each topic from the perspective of Jewish tradition Truth telling professional secrecy population policy abortion sex change surgery test tube babies animal experimentation euthanasia autopsy and sex preselection are among the more than thirty topics discussed as a guide to understanding the teachings of normative Judaism This new and expanded edition adds chapters on AIDS surrogate motherhood pregnancy reduction cloning and palliation of pain Rabbi Bleich presents in a clear and lucid manner principles and concerns which enter into the formulation of a Jewish response to each of these issues Judaism and Healing is a treasure trove of information with regard to the concerns of both bioethics and Jewish law **Minding the Temple of the Soul** Tamar Frankiel,Judy Greenfeld,1997 This new spiritual approach to physical health introduces us to a spiritual tradition that affirms the body and enables us to reconceive our bodies in a more positive light Using Kabbalistic teachings and other Jewish traditions it shows us how to be more responsible for our own spiritual and physical health Each chapter explores the meaning of traditional Jewish prayers providing a framework for new thinking about body mind and soul Simple exercises and movements help our bodies understand prayer and show how the body s energy centers correspond to the Kabbalistic concept of the ten divine rays of light the Sefirot And meditations and visualizations allow us to further enhance our spiritual awareness Using the structure of the Prayer Wheel readers can move step by step toward wholeness of body mind and spirit Modeh Ani Awakening our body and our soul Mah Tovu Creating a temple for our soul Asher Yatzar Focusing on the gift of our body Bircat HaTorah Balancing our mind through the gift of Torah Elohai Neshamah Connecting with the soul using the Sefirot Elu D varim Walking on a God centered path Clearly illustrated with photos and diagrams to guide readers this active creative approach allows us to tap the power of the Jewish tradition to awaken the body balance the mind and connect with the soul **Ki Anu 'amekha** Lawrence A. Hoffman,2012 A comprehensive series of lively introductions and commentaries examines the history of confession in Judaism its roots in the Bible its evolution in rabbinic and modern thought and the very nature of confession today

The Enigmatic Realm of **Judaism Medicine And Healing**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Judaism Medicine And Healing** a literary masterpiece penned by way of a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of those who partake in its reading experience.
