The Eye and the Beholder Hannelore Hägele, 2014-06-02 In The Eye and the Beholder the author singles out a topic already touched upon in her previous book Colour in Sculpture By raising the question of how significant the colouring of the eye is to figurative representations of the late medieval and early modern period Hannelore Hägele examines the different solutions open to the sculptor which vary depending on historical and cultural parameters The created eye must suit purpose and style She discusses a number of unusual aspects of this sculpted eyes in antiquity the art and craft of polychromy partial polychromy emotions and expressions the gaze and the glance from the sculpted eye to colour and the glass eye and what the eye cannot see Dr Hägele asks whether advances in optics and other sciences or theological concepts such as the eye of God and the inner eye determined the way in which eyes were perceived and represented It is the beholder whether as maker or viewer who engages with and judges the worth of any creative effort and what it contributes to an understanding of the seen and the unseen The illustrations and the many coloured plates accompanying the text offer an overview of the subject

One

on *One*, 2015-01-01 While contemporary American culture may be fixated on youthful sex appeal the truth is that the most complex and interesting characters in dramatic literature have been and still are those over 40 years old Whether it's Big Daddy in *Cat on a Hot Tin Roof* or Halie in *Buried Child* or Eve in *The Good Body* the richest characters are those over 40 whose wealth of experience often helps little when it comes to making the difficult decisions This volume will mine the deep and fertile vein of world drama with an emphasis on lesser known contemporary work as it relates to monologues for mature actors The result is certain to be a surprising and enriching one for both the dedicated professional and the inquisitive amateur

Through Esther's Eyes Jacqueline St. Clare, 2024-01-22 The classic novel *The Red Tent* meets the acclaimed film *The Passion of the Christ* in this sweeping saga of first century Palestine and the life of Jesus of Nazareth as seen through the bright green eyes of His fictional cousin Esther When Esther falls in love with Lazarus of Bethany she thinks that her role as a woman will be complete with their marriage and many children Hidden in the action of the plot is an experience for all women to discover their true purpose and worth modeled after Esther's wise aunt the Blessed Virgin Mary You may know the story and how it ends but you will be enthralled by seeing the power and the glory unfold anew *Through Esther's Eyes*

Trapped in the Cold War Hermann H. Field, Hermann Field, Kate Field, Norman Naimark, 2002 The disappearance behind the Iron Curtain of the American brothers Noel and Hermann Field in 1949 followed by that of Noel's wife and their foster daughter was one of the most publicized international mysteries of the Cold War This dual memoir gives an intensely human dimension to that struggle with Hermann narrating all that happened to him from the day he was abducted from the Warsaw airport to his release five years later and Kate relating her unrelenting efforts to find her husband Thousands of potential victims of Hitler's dragnet were rescued in 1939 and during World War II through separate efforts of the Field brothers Arrested in Czechoslovakia in 1949 Noel was taken to Hungary and used as an example of American perfidy in show trials Hermann went to Poland primarily to find out what had happened to his brother After Hermann's abduction he was taken to the cellar of a secret Polish prison where he was held for five years He gives us a detailed account of his battle to survive alternating despair and horror with mordant humor Meanwhile his family had no idea whether he was still alive and if so where This moving story based on detailed notes made by the authors during and shortly after the events described presents an inside outside counterpoint as Hermann's chapters on his inward journey in his cellar world alternate with Kate's efforts in London to find him by scrutinizing accounts of political events in Eastern Europe for clues and penetrating the diplomatic corridors of power in the West for help Hermann had been arrested by a Polish security agent who later defected and became one of the West's most important informants on Soviet operations in Eastern Europe The search for the Field brothers was complicated by their history of leftist connections for this tense period in the Cold War was also the era of McCarthyism in the United States The book ends with an Epilogue that analyzes the events of fifty years ago in the light of what we know today as the result of newly available archival material
