McCloud, 2019-06-22 I . . . Do? Andrea Mrozek, Peter Jon Mitchell, 2024-11-11 For many today marriage is a nice thing but not necessary I Do is a book to help you reconsider the central importance of marriage not simply for the couples involved but for all of us Plenty of research suggests that a good marriage encourages health wellness and happiness and that the goodness of marriage extends into our communities To this the retort comes quickly well that s the result of a good marriage Yet instead of nurturing good marriages we are throwing the baby out with the bathwater Marriage is not the solution to every problem It remains however an ideal to which we can aspire This book connects the dots between statistics public policy problems and people s experiences A better understanding of the attributes of marriage allows each one of us to invest deeper meaning into our relationships as well as enhancing and creating stronger communities The authors equip readers with the language and logic of marriage using secular research By imagining that marriage still matters we can learn to properly support and nurture marriage for the good of the world **Reclaim Your Sexuality** Cathy Chapman, Sexuality is integral to who you are and when someone damages that it damages your energy field In this book we will work at strengthening and healing your energy field so that you become comfortable with how you choose to express your sexuality We will show you how to dismantle the energies of non acceptance for who you are because of who you choose to love or your confusion about the gender you feel internally versus what you display externally We will also discuss how your sexuality influences every part of your life how you sit how you stand and what you see when you look out your window The key is to accept how you are and how others are Lack of acceptance brings great shame especially when you re first discovering yourself as a sexual being No parts of your body are shameful That shame has been projected on to you by others In this book we will work specifically with areas related to gender identification sexual attraction sexual trauma and confusion related to sexuality foisted on you by others *A Far Better Life* James G. Friesen, 2008-06-25 The Sermon on the Mount is not supposed to read like a collection of standards that we should be striving to achieve Listen to the Master s voice It is not saying You should do better It is saying Let me help you do better Soft and welcoming yet compelling Jesus invites us to make Him our guide The Sermon on the Mount is where we learn to take our first steps *A Far Better Life*

opens up The Sermon on the Mount with such clarity that readers can almost hear Jesus delivering it Staying with everyday language and common sense concepts Dr Friesen connects Jesus central ideas point by point with Christian counseling This is one of those books that will be around for a long time because it is both an introduction to Christian counseling and a troubleshooting volume for counselors and their clients Here is Jesus message The Father eagerly wants to join you in your living space to provide healing for the wounds that keep you from living a far better life Jesus intent is for you to invite the Father into every area of your life especially into the most difficult moments He will transform them and that will entirely change the way you live A free PDF discussion guide is available for this text from the author s Web site www.jamesgfriesen.com **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954**

Notes from a Diviner in the Postmodern World Theresa C. Dintino, 2016-06-16

What does it mean to bring indigenous wisdom to the postmodern world How do divination and ritual fit into modern society How does one integrate ancient spiritual teachings into a western mindset while remaining true to the original meaning

Notes from a Diviner in the Postmodern World A Handbook for Spirit Workers is a guidebook for both diviners and spirit workers of any tradition In this book Dintino describes what she calls the landscape of the otherworld revealed to her through spirits ancestors archangels elemental and light beings in her divinations Whatever your spiritual tradition there is always a shared landscape of the otherworld Understanding the landscape will help you navigate your own spiritual terrain Learning how to be an effective diviner and spirit worker also means that you must interact fully with the wisdom of the place where you live which includes learning from all living things including mountains and water This powerful handbook teaches you how to heal your world by exploring inter dimensional realms and ultimately becoming a spiritual steward of the Earth When I became a diviner I did not expect to encounter a landscape in the otherworld that I would become familiar with and navigate more easily as I continued to divine I am still exploring this landscape but wanted to share some of the things I have learned in order to help those interested in the dimensional realms understand better what they are seeing What I have included in this book is not meant to be rigid it is a conversation and a guide
