Theodor Seuss Geisel known worldwide as the beloved children's author Dr Seuss produced a body of work that spans more than 70 years. Though most often associated with children's books, he frequently contributed cartoons and humorous essays to popular magazines, produced effective and memorable advertising campaigns, and won Oscars and Emmys for motion picture productions, animated shorts, and features. As founder and president of Beginner Books, his influence on children's book publishing was revolutionary, especially in the field of elementary readers. Geisel's prolific career: he wrote or contributed illustrations to more than 75 books, most of which have been reprinted repeatedly and translated worldwide. His predilection for made-up creatures makes this joint bibliography and iconography especially useful to readers and researchers. The exhaustive bibliography is arranged chronologically, providing full bibliographic information, including translations, as they appear, reissue information, and descriptions of the binding. The iconography links more than 900 fictional names, places, and terms to the works in which they appear. For the reader seeking a first edition of *Quomodo Invidiosulus Nomine Grinchus Christi Natalem Abrogaverit* (How the Grinch Stole Christmas) translated into Latin, or hoping to identify abrasions, contusions, race cars, in *If I Ran the Circus*, this work promises as much discovery as a walk down Mulberry Street.

The Cambridge History of American Women's Literature Dale M. Bauer, 2012-05-24. The field of American women's writing is one characterized by innovation; scholars are discovering new authors and works, as well as new ways of historicizing this literature, rethinking contexts, categories, and juxtapositions. Now, after three decades of scholarly investigation and innovation, the rich complexity and diversity of American literature written by women can be seen with a new coherence and subtlety. Dedicated to this expanding heterogeneity, *The Cambridge History of American Women's Literature* develops and challenges historical, cultural, theoretical, even polemical methods, all of which will advance the future study of American women writers, from Native Americans to postmodern communities, from individual careers to communities of writers and readers. This volume immerses readers in a new dialogue about the range and depth of women's literature in the United States and allows them to trace the ever-evolving shape of the field.

Fairy Tales and the Art of Subversion Jack Zipes, 2012-02-07. The fairy tale is arguably one of the most important cultural and social influences on children's lives. But until the first publication of *Fairy Tales and the Art of Subversion*, little attention had been paid to the ways in which the writers and collectors of tales used traditional forms and genres in order to shape children's lives, their behavior, values, and relationship to society. As Jack Zipes convincingly shows in this classic work, fairy tales have always been a powerful discourse capable of being used to shape or destabilize attitudes and behavior within culture. How and why did certain authors try to influence children or social images of children? How were fairy tales shaped?

by the changes in European society in the sixteenth and seventeenth centuries Zipes examines famous writers of fairy tales such as Charles Perrault Jacob and Wilhelm Grimm Hans Christian Andersen and L Frank Baum and considers the extraordinary impact of Walt Disney on the genre as a fairy tale filmmaker Literary Cultures and Twenty-First-Century Childhoods Nathalie op de Beeck,2020-08-05 In the early decades of the twenty first century we are grappling with the legacies of past centuries and their cascading effects upon children and all people We realize anew how imperialism globalization industrialization and revolution continue to reshape our world and that of new generations At a volatile moment this collection asks how twenty first century literature and related media represent and shape the contemporary child childhood and youth Because literary representations construct ideal childhoods as well as model the rights privileges and respect afforded to actual young people this collection surveys examples from popular culture and from scholarly practice Chapters investigate the human rights of children in literature and international policy the potential subjective agency and power of the child the role models proposed for young people the diverse identities children embody and encounter and the environmental well being of future human and nonhuman generations As a snapshot of our developing historical moment this collection identifies emergent trends considers theories and critiques of childhood and literature and observes how new technologies and paradigms are destabilizing past conventions of storytelling and lived experience **Resources in Women's Educational Equity , The Avant-garde and American Postmodernity** , An evaluation that tracks American culture s shift from modernism into postmodernism *Critical Multicultural Analysis of Children's Literature* Maria José Botelho,Masha Kabakow Rudman,2009-05-07 Children s literature is a contested terrain as is multicultural education Taken together they pose a formidable challenge to both classroom teachers and academics Rather than deny the inherent conflicts and tensions in the field in *Critical Multicultural Analysis of Children s Literature Mirrors Windows and Doors* Maria Jos Botelho and Masha Kabakow Rudman confront deconstruct and reconstruct these terrains by proposing a reframing of the field Surely all of us children teachers and academics can benefit from this more expansive understanding of what it means to read books Sonia Nieto From the Foreword Critical multicultural analysis provides a philosophical shift for teaching literature constructing curriculum and taking up issues of diversity and social justice It problematizes children s literature offers a way of reading power explores the complex web of sociopolitical relations and deconstructs taken for granted assumptions about language meaning reading and literature it is literary study as sociopolitical change Bringing a critical lens to the study of multiculturalism in children s literature this book prepares teachers teacher educators and researchers of children s literature to analyze the ideological dimensions of reading and studying literature Each chapter includes recommendations for classroom application classroom research and further reading Helpful end of book appendixes include a list of children s book awards lists of publishers diagrams of the power continuum and the theoretical framework of critical multicultural analysis and lists of selected children s literature journals and online resources Choosing Books for Young

Domestic Abolitionism and Juvenile Literature, 1830-1865 Deborah C. De Rosa, 2012-02-01 Deborah C De Rosa examines the multifaceted nature of domestic abolitionism a discourse that nineteenth century women created to voice their political sentiments when cultural imperatives demanded their silence For nineteenth century women struggling to find an abolitionist voice while maintaining the codes of gender and respectability writing children's literature was an acceptable strategy to counteract the opposition By seizing the opportunity to write abolitionist juvenile literature De Rosa argues domestic abolitionists were able to enter the public arena while simultaneously maintaining their identities as exemplary mother educators and preserving their claims to femininity Using close textual analyses of archival materials De Rosa examines the convergence of discourses about slavery gender and children in juvenile literature from 1830 to 1865 filling an important gap in our understanding of women's literary productions about race and gender as well as our understanding of nineteenth century American literature more generally
