From A Childs Heart:

From a Child's Heart. Into Your Child's Heart Agnes Lui, 2019-11-29 Being a parent is a complex role where many points of the past present and future cross We parents have our past and are in the present with our children but it is they who hold the future Living with them every day for almost twenty years we transmit our subconscious emotional history and beliefs to them Through their intuitive openness our children absorb our unspoken language of what love is or is not What we share intimately with them good and bad they take into the future Our children become the children we have been and pass on their history to the next generation This is my story I turn toward the light and heaven gives me insight beyond my imagination Into Your Child's Heart is not only a gem of a book it is a spiritual journey Agnes Lui takes us from the challenges of being a sensitive and gentle parent into our own hearts She reflects on her own personal history her family of origin and her mix of Chinese and western culture Spirit guides come forward to help her From the precious family relation that of parent and child Agnes Lui takes us into the troubled world we all face today Into Your Child's Heart becomes a deeply meaningful meditation a prayer for world harmony on every level of being We breathe with this author every step of the way in this thoughtful reflective and beautiful book Kathleen Spivack Unspeakable Things With Robert Lowell and His Circle Agnes Lui is a thoughtful spiritual seeker with a big heart She has found wisdom through being a social worker and parent through interactions with a wise spiritual teacher and through dealing with difficulties with her family of origin She shares that wisdom with us and we certainly need it and relates individual pain to the pain the whole world is in Lawrence Kessenich Cinnamon Girl Age of Wonder Before Whose Glory Pearl Shepherding a Child's Heart Tedd Tripp,2005-07-01 Shepherding a Child's Heart is about how to speak to the heart of your child The things your child does and says flow from the heart Luke 6 45 puts it this way out of the overflow of the heart the mouth speaks Written for parents with children of any age this insightful book provides perspectives and procedures for shepherding your child s heart into the paths of life In this revised edition of Shepherding a Child's Heart Dr Tedd Tripp not only draws on his thirty years experience as a pastor counselor school administrator and father but he also shares insights gained in many years of teaching this material in conferences worldwide providing more valuable help for parents **Reimagining a Child's Heart** Thomas J. Kulik, Macdonald Dick, 2025-07-14 There are more than 1 3 million adults living with surgically repaired or palliated cardiac defects not to mention thousands of children This book brings to life the many factors and personalities that led to the success of congenital cardiology during the last 70 years The term congenital cardiology refers to the treatment of congenital heart disease in children developed by surgeons and cardiologists and others It is safe to say that congenital cardiology is one of the major advances in the history of medicine The final step was achieved by surgery for children born with one ventricle rather than two The book features the author's extensive review and research including his original and lively narrative style It will be a valuable resource for physicians and surgeons that practice pediatric cardiology and pediatric
