From a Native Son Ward Churchill,1996 Ward Churchill has emerged over the past decade as one of the strongest and most influential voices of native resistance in North America *From a Native Son* collects his most important and unflinching essays which explore the themes of **Alejandro Tsakimp** Steven Rubenstein,2002-01-01 In his own words Alejandro Tsakimp a Shuar healer from Ecuador tells of his lives and relationships the practice of shamanism and the many challenges and triumphs he has encountered since childhood *The Legal Ideology of Removal* Tim Alan Garrison,2009 This study is the first to show how state courts enabled the mass expulsion of Native Americans from their southern homelands in the 1830s Our understanding of that infamous period argues Tim Alan Garrison is too often molded around the towering personalities of the Indian removal debate including President Andrew Jackson Cherokee leader John Ross and United States Supreme Court Justice John Marshall This common view minimizes the impact on Indian sovereignty of some little known legal cases at the state level Because the federal government upheld Native American self dominion southerners bent on expropriating Indian land sought a legal toehold through state supreme court decisions As Garrison discusses *Georgia v Tassels* 1830 *Caldwell v Alabama* 1831 *Tennessee v Forman* 1835 and other cases he shows how proremoval partisans exploited regional sympathies By casting removal as a states rights rather than a moral issue they won the wide support of a land hungry southern populace The disastrous consequences to Cherokees Creeks Choctaws Chickasaws and Seminoles are still unfolding Important in its own right jurisprudence on Indian matters in the antebellum South also complements the legal corpus on slavery Readers will gain a broader perspective on the racial views of the southern legal elite and on the logical inconsistencies of southern law and politics in the conceptual period of the anti Indian and proslavery ideologies *The Animals Came Dancing* Howard L. Harrod,2000-02 In this major overview of the relationship between Indians and animals on the northern Great Plains the author recovers a sense of the knowledge that hunting peoples had of the animals upon which they depended and raises important questions about Euroamerican relationships with the natural world *The Field Research Survival Guide* Arlene Rubin Stiffman,2009-04-03 This collection of field research narratives from veteran social and behavioral science researchers acknowledges the unpredictability of managing a project and candidly illustrates real world problems and solutions Unlike standard research methods texts each chapter in this book has practical import for the researcher ties together extant literature and illustrates the issues with concrete examples from the authors own experience Chapters cover scenarios such as creating an interdisciplinary research team hiring and training research staff and interviewers developing the instrument preparing data for analysis navigating the IRB and ethical dilemmas maintaining cultural sensitivity evaluating the intervention and disseminating results Doctoral students junior faculty and research assistants will appreciate this insider s look at the reality of conducting a research project Designed to supplement traditional textbooks on research methods *The Field Research Survival Guide* will be an ideal addition to doctoral courses in

departments of social work psychology psychiatry and public health and an indispensable field guide for those managing a research project An insider's guide to managing the reality of conducting a research project Filled with straightforward advice from seasoned researchers Chapter outlines summarize and map each scenario for quick reference Addresses real world research dilemmas candidly and knowledgeably **Taking Assimilation to Heart** Katherine Ellinghaus, 2006-01-01 Examines marriages between white women and indigenous men in Australia and the United States between 1887 and 1937 This study uncovers striking differences between the policies of assimilation endorsed by Australia and those encouraged by the United States **Cash, Color, and Colonialism** Renee Ann Cramer, 2005 Within the context of U S Indian law federal acknowledgment establishes a trust relationship between an Indian tribe and the U S government Some tribes however have not been federally acknowledged or in more common language recognized In Cash Color and Colonialism Rene Ann Cramer offers a comprehensive analysis of the federal acknowledgment process placing it in historical legal and social context

Indigenous Peoples and Globalization Thomas D. Hall, James V. Fenelon, 2015-12-03 The issues native peoples face intensify with globalization Through case studies from around the world Hall and Fenelon demonstrate how indigenous peoples movements can only be understood by linking highly localized processes with larger global and historical forces The authors show that indigenous peoples have been resisting and adapting to encounters with states for millennia Unlike other antiglobalization activists indigenous peoples primarily seek autonomy and the right to determine their own processes of adaptation and change especially in relationship to their origin lands and community The authors link their analyses to current understandings of the evolution of globalization **Encyclopedia of American Social Movements** Immanuel Ness, 2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women's equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice **Hegemonic Decline** Jonathan Friedman, Christopher Chase-Dunn, 2016-01-08 Although the United States is currently the world's only military and economic superpower the nation's superpower status may not last The possible futures of the global system and the role of U S power are illuminated by careful study of the past This book addresses the problems of conceptualizing and assessing hegemonic rise and decline in comparative and historical perspective Several chapters are devoted to the study of hegemony in premodern world systems And several chapters scrutinize the contemporary position and trajectory of the United States in the larger world system in comparison with the rise and decline of earlier great powers such as the Dutch and British empires Contributors Kasja Ekholm Johnny Persson Norihisa Yamashita Giovanni Arrighi Beverly Silver Karen Barkey Jonathan Friedman Christopher Chase Dunn Rebecca Gien Andrew Jorgenson John Rogers Shoon Lio Thomas Reifer Peter Taylor Albert Bergesen Omar Lizardo Thomas D Hall

Back from the Far Field Bernard W. Quetchenbach, 2000 Many poets writing after World War II have found the individual focus of contemporary poetics poorly suited to making statements directed at public issues and public ethics The desire to invest such individualized poetry with greater cultural authority presented difficulties for Vietnam protest poets for example and it has been a particular challenge for nature writers in the Thoreau tradition who have attempted to serve as advocates for the natural world Examining the implications of this dilemma Bernard W Quetchenbach locates the poets Robert Bly Gary Snyder and Wendell Berry within two traditions the American nature writing tradition and the newer tradition of contemporary poetics He compares the work of two other twentieth century poets Robinson Jeffers and Theodore Roethke to illustrate how the contemporary shift toward a poetics focused on the poet's life has affected portrayals of nature and the public voice in poetry Turning back to the work of Bly Snyder and Berry Quetchenbach assesses their attempts to reinvent the public voice in the context of contemporary poetics and what effect these attempts have had on their work He argues that these poets have learned from their postwar generation techniques for adapting a personalized poetics to environmental advocacy In addition to modifying what critics have called the poetics of immediacy these poets have augmented their poetic output with prose and identified themselves with long standing traditions of poetic ethical and spiritual authority In doing so Bly Snyder and Berry have attempted to solve not only a problem inherent in contemporary poetics but also the larger problem of the

role of the poet in a society that does not recognize poetry While it would be an overstatement to suggest that these three figures have found a place for the poet in American life they have reached audiences that extend beyond traditional readers of poetry At the end of the twentieth century Quetchenbach concludes poets have begun to identify and direct their writing to specific audiences defined less by aesthetic preferences and more by a shared interest in and dedication to the work s subject matter Whether revealing a disturbing trend for poetry or an encouraging one for environmentalism and other political causes it is one of many provocative conclusions Quetchenbach draws from his examination of postwar nature poetry

Borderlines in a Globalized World G. Preyer, Mathias Bös, 2013-11-11 Scholars of different schools have extensively analyzed world systems as networks of communication under the fashionable heading globalization Our collected new research pushes the argument one step further Globalization is not a homogenization of all social life on earth It is a heterogeneous process that connects the global and the local on different levels To understand these contemporary developments this book employs innovative concepts strategies of research and explanations Globalization is a metaphor for different borderstructures new borderlines and conditions of membership which emerge in a global world system As a world system expands it incorporates new territories and new peoples The process of incorporation creates frontiers or boundaries of the world system These frontiers or boundary zones are the locus of resistance to incorporation ethnogenesis ethnic transformation and ethnocide Towards Positive Systems of Child and Family Welfare Gary Cameron, Nancy Freymond, 2006-01-01 Child and family welfare systems confront the problems of families throughout the world on a daily basis Whilst there may be differences between nations and organisations there are also similarities This book presents a comparative study of child and family welfare models in the developed nations On Ritual Bruce Lincoln, 2025-03-27 Close microhistorical examination of the way rituals are actually performed goes well beyond the standard ideal description of such ceremonies to reveal participants who modify the proceedings in shrewd subtle strategic ways that advance their own interests sometimes going so far as to challenge even subvert the protocols traditions and values favored by presiding officials The wide ranging set of examples includes a Roman funeral a Mesoamerican healing ceremony a Jewish American Thanksgiving dinner and others each of which receives meticulously detailed consideration Each one has its own engaging characters intricate maneuvers analytically revealing developments and moments of high drama
