Graham Tyner,2018-11-29 It might be hard to believe but there was a time before TVs computers iPhones and iPads You may think that at worst this sounds unbelievable and that at best it seems boring so what did kids do to occupy their time In *The Journey* author Graham Tyner shares what it was like growing up in the forties and fifties and across nine thousand miles in America a time when the nation s spirits were high and when kids went outside to play As a tribute to his children and grandchildren Tyner offers a family history before providing a window into what a wonderful time it was to be a kid in our glorious country when he was growing up He also chronicles his adventures across America where he moved eleven times and traveled a combined nine thousand miles while attending ten different schools With so many gadgets and distractions it is all too easy to lose the importance of these simple but remarkable times Yet this period was a wonderful time to be a kid and even today its lessons can offer the next
