From Fertility Cult to Worship Walter J. Harrelson, 1980 *From Fertility Cult to Worship* Walter Harrelson, 1999

The Cultic Motif in the Book of Daniel Winfried Vogel, 2010 This unique study of the theology of the book of Daniel examines the cultic motif within the book as it relates to space and time Numerous references and allusions to cult are investigated with linguistic literary and contextual analyses The findings are then related to the main theological themes of the book such as judgment eschatology kingdom and worship It is evident that the idea of cult plays a dominant role in Daniel and that it demonstrates the intention of the author to present the issue of conflict of two opposing systems of cult and worship For all who are interested in an exegesis of Daniel that pays dutiful attention to the theology of Daniel **The Cultic Motif in the Book of Daniel** is a must read *The Sex Texts* Arthur L., 2013-09-16 For all intent virtually all accepted mainstream Catholic Christian tenets remain untouched for the past two millennia It follows then that we take for evident truths for example our views on the Creator and creation s sexuality gender issues and human relationship concerns may in fact be nothing but establishment dogmas gleaned from wrong interpretation or translation of the original text and intent of Jesus Christ and the Bible authors Now isn t the mere chance of that being true too scary *The Sex Texts Sexuality Gender and Relationships in the Bible* by L Robert Arthur raises just that possibility despite the strong likelihood of facing stiff criticism from many sectors mostly of the established Catholic persuasion Yet those inclined to know the true message of Jesus Christ and his closest disciples may well take heed to scrutinize at the very least what Robert is trying to point out in his work *The Sex Texts Sexuality Gender and Relationships in the Bible* promises to raise a storm but the public debate it could engender may yet start a new direction for the rest of humanity **Library of Congress Subject Headings** Library of Congress, 2004 *Traditions in Contact and Change* International Association for the History of Religions. across a wide range of religions and cultures and should be of interest to students of religion anthropology sociology psychology and philosophy The Hindu Temple and Its Sacred Landscape Himanshu Prabha Ray,2023-05-30 The Hindu Temple and Its Sacred Landscape illustrates how careful attention to the Hindu temple its social history and cultural landscape allows us to better appreciate how Hinduism has been practised and lived throughout history The Hindu temple was not merely a place of worship or a static indicator of royal generosity but an institution that involved the active participation of the community for its establishment maintenance and survival Rather than studying temples as isolated structures The Hindu Temple and Its Sacred Landscape thus suggests that we need to examine them in the context of their social base and the sacred microcosms of which they form a part Through a combination of textual study archaeological evidence and insights from contemporary anthropology the book explores the diverse ways in which devotees patrons and visitors have engaged with temples shrines and their wider surroundings Drawing attention to the vibrancy of the Hindu temple in different locales The Hindu Temple and Its Sacred Landscape traces the ways in which Hindu notions of sanctity and sacredness were defined and redefined throughout history through the diversity of temple audiences deities and rituals The book thus allows us to form a more accurate picture of Hindu religious life in the past and the central role the temple has played in consolidating Hindu identity Handbook for the Christian Faith James M. Dawsey,2023-08-15 Is religion disappearing from American life Less than 50 percent of Americans now hold membership in any religious institution and even fewer attend worship services The decline in Christian churches is especially pronounced among the young and cuts across all denominations But for Methodists and like minded Protestants concerns are deeper than shrinking denominational membership Polls show disconcerting ignorance about religious and spiritual matters even among churchgoers Our values as a society are in large measure molded by religion What shape will Protestant Christianity take in the twenty first century And of Methodism And beyond that what kind of community will we be Dawsey proposes returning to the roots of Christianity And with anecdotes and stories and a sweeping grasp of church history he examines those essential practices and beliefs necessary to revitalize American churches Key he argues is rediscovering Christianity as a philosophy of living John Wesley characterized the practice of religion as first doing no harm second doing good and third keeping the ordinances of faith Loving God and God s creation the doing of Christianity marks the path for becoming the churches and individuals Christians were called to be **UNTOLD TRUTH FROM INDUS SEAL INSCRIPTIONS** Prabhunath Hembrom,2024-06-05 What the Indologists missed in deciphering the Indus seal inscriptions was the understanding of the basic contours of the script and that they not only meant mere words but flowing sentences The incredible ideas emerging from the peculiarity of the images employed in writing on being diligently identified through the rebus method leads to defining the current social and religious roots prevalent in India All the seal inscriptions amazingly follow the phonetic syntactic and semantic principles and also redefine the existence of superstructures trade and economy which altogether help to brand the Harappan Civilization as a

literate society **Sex in Antiquity** Mark Masterson, Nancy Sorkin Rabinowitz, James Robson, 2018-02-05 Looking at sex and sexuality from a variety of historical sociological and theoretical perspectives as represented in a variety of media Sex in Antiquity represents a vibrant picture of the discipline of ancient gender and sexuality studies showcasing the work of leading international scholars as well as that of emerging talents and new voices Sexuality and gender in the ancient world is an area of research that has grown quickly with often sudden shifts in focus and theoretical standpoints This volume contextualises these shifts while putting in place new ideas and avenues of exploration that further develop this lively field or set of disciplines This broad study also includes studies of gender and sexuality in the Ancient Near East which not only provide rich consideration of those areas but also provide a comparative perspective not often found in such collections Sex in Antiquity is a major contribution to the field of ancient gender and sexuality studies **The Origins and Role of Same-Sex Relations in Human Societies** James Neill, 2011-10-17 This groundbreaking work draws on a vast range of research into human sexuality to demonstrate that homosexuality is not a phenomenon limited to a small minority of society but is an aspect of a complex sexual harmony that the human race inherited from its animal ancestors Through a survey of the patterns of sexual expression found among animals and among societies around the world and an examination of the functional role homosexual behavior has played among animal species and human societies alike the author arrives at some provocative conclusions that a homosexual or bisexual phase is a normal part of sexual development that same sex relations play an important balancing role in regulating human reproduction that many societies have institutionalized homosexual traditions in the past and that the harsh condemnation of homosexuality in Western society is a relatively recent phenomenon unique among world societies throughout history This well researched and meticulously documented book is the first that integrates into a coherent picture the startling revelations about human sexuality coming from the recent work of sexual researchers psychologists anthropologists and historians The view that emerges of an ambisexual human species whose complex sexual harmony is being thwarted by the imposition of an artificial understanding of nature represents a new way of thinking about sex **Woman's Body and the Social Body in Hosea 1-2** Alice A. Keefe, 2002-02-01 Keefe's analysis dismantles the androcentric and theological assumptions which have determined the dominant reading of Hosea's metaphor of Israel as the adulterous wife of God It shows how the projection of symbolic associations of women with nature sexual temptation and sin have anachronistically determined this metaphor as referring to Israel's apostasy in a lurid fertility cult Against this reading Keefe's study considers Hosea 1-2 in the context of the association of sexual transgression and social violence in biblical literature in this light Hosea's symbol of Israel as an adulterous woman is read as a commentary upon the structural violence in Israelite society which accompanied the eighth century boom in agribusiness and attendant processes of land consolidation **Major Faith Traditions of India** V. S. Lalrinawma, 2007 **Project Apostasy** Jesse Acuff, 2008-08-29 Project Apostasy The Development and Propagation of the Trinitarian Doctrine is Satan's story Spurred by

his inordinate beauty and consummate pride he rebelled against his Creator Undeterred by his categorical defeat he launched the most blasphemous doctrine to ever invade the Christian Church Through his evil minions the Babylonian king Nimrod and his mother wife Semiramis Satan developed the Trinitarian Doctrine which was spread worldwide by the Babylonian Mysteries taken up by the Romish Church who has been its most ardent disseminator since the 4th century AD Through the ages this doctrine has become the darling of orthodox Christianity and is taught as fact when there is no evidence of it in the Scriptures Nevertheless it has affected millions by keeping them in abject spiritual darkness A W Tozer in his book The Knowledge of the Holy on page 6 observes The essence of idolatry is the entertainment of thoughts about God that are unworthy of Him He further states Wrong ideas about God are not only the fountain from which the polluted waters of idolatry flow they are themselves idolatrous Project Apostasy and the Holy Trinity challenges the reader to search out the truth behind the development of the Trinitarian Doctrine It behooves us to emulate the Bereans who searched the Scriptures daily seeking the truth It is time that we returned to the Gospel the Apostles first delivered Jesus quoted the Shema as his creed Hear O Israel the Lord our God is one God And in John 17 3 he declared His Father as the only true God This is pure monotheism as opposed to the orthodox Trinitarian concept of three in one We should rather take up the creed of Jesus and the Apostles and cease from our idolatrous worship of a triune God a concept never taught in the pages of the Bible Paul, Artemis, and the Jews in Ephesus Rick Strelan, 1996 The series Beihefte zur Zeitschrift f r die neutestamentliche Wissenschaft BZNW is one of the oldest and most highly regarded international scholarly book series in the field of New Testament studies Since 1923 it has been a forum for seminal works focusing on Early Christianity and related fields The series is grounded in a historical critical approach and also explores new methodological approaches that advance our understanding of the New Testament and its world **Exodus** R. J. Rushdoony, 2009-11-23 Essentially all of mankind is on some sort of exodus However the path of fallen man is vastly different from that of the righteous Apart from Jesus Christ and His atoning work the exodus of a fallen humanity means only a further descent from sin into death But in Christ the exodus is now a glorious ascent into the justice and dominion of the everlasting Kingdom of God Therefore if we are to better understand the gracious provisions made for us in the promised land of the New Covenant a thorough examination into the historic path of Israel as described in the book of Exodus is essential **The Prophet of Love** Chris Liff, 2022-08-10 The book of Hosea is a spiritual treasure that brings great riches into the lives of Christian people Hosea honestly records the grief of his failed marriage along with his powerful preaching to ancient Israel His marital struggle is used to provide for us a wonderful picture of God s mercy and forgiveness Hosea gives us delightful insight into the loving heart of our covenant keeping God In a series of 38 meditations this study thoroughly explores each chapter of Hosea s book It explains the historic context but also conveys rich meaning for the lives of modern Christians Hosea has much to say about the desperate spiritual condition of his nation Yet his dominant theme is the triumph of God s faithfulness to His gracious promises in spite of human

sin God's extraordinary mercy continually urges repentance and seeking the Lord as the pathway to forgiveness and spiritual renewal Hosea's teaching reveals God's direction for pursuit of a vibrant spiritual life Most importantly he points to the hope of glorious spiritual restoration that can only be fulfilled by the finished work of Jesus Christ

Bodies of Evidence Jane Draycott, Emma-Jayne Graham, 2017-07-05 Dedicating objects to the divine was a central component of both Greek and Roman religion Some of the most conspicuous offerings were shaped like parts of the internal or external human body so called anatomical votives These archaeological artefacts capture the modern imagination recalling vividly the physical and fragile bodies of the past whilst posing interpretative challenges in the present This volume scrutinises this distinctive dedicatory phenomenon bringing together for the first time a range of methodologically diverse approaches which challenge traditional assumptions and simple categorisations The chapters presented here ask new questions about what constitutes an anatomical votive how they were used and manipulated in cultural cultic and curative contexts and the complex role of anatomical votives in negotiations between humans and gods the body and its disparate parts divine and medical healing ancient assemblages and modern collections and collectors In seeking to re contextualise and re conceptualise anatomical votives this volume uniquely juxtaposes the medical with the religious the social with the conceptual the idea of the body in
