*Awakening Higher Consciousness* Lloyd M. Dickie,Paul R. Boudreau,2015-04-23 Explains the relevance of ancient myths to the awakening to higher states of consciousness and enlivened experience of the world Shows how higher consciousness can arise within each of us by following the guidance found in ancient myths Reveals how myths influence our personal development without our awareness through their influence on our core values and culture Examines ancient

Sumerian Egyptian Babylonian and Hebrew myths such as the Epic of Gilgamesh and the story of Osiris and Isis In this study of ancient Sumerian Egyptian Babylonian and Hebrew myths authors Lloyd M Dickie and Paul R Boudreau show that many classic myths contain instructions for awakening higher consciousness allowing access to enlivened experience of the world and awareness of the divine within and around us Inspired by the work of R A Schwaller de Lubicz the authors deeply examine creation myths and well known ancient myths from Mesopotamia and Egypt such as the Epic of Gilgamesh and the story of Osiris and Isis They reveal that these myths are not behavioral morality tales but actual delineations of how a higher order can arise within each of us The authors explain how these stories teach us to distinguish the heaven within from the earth within us to find the essential part of our being that provides a link with our higher powers Spending more than a year onsite in Egypt to personally connect with the myths the authors explain how ancient storytellers intentionally chose myths as a vehicle for teachings because story has a seed like capacity to implant itself in the unconscious and influence development without the individual being aware of it By crafting these sacred narratives the ancient Sumerians and Egyptians provide tools to awaken to the presence of higher consciousness as well as a road map for the individual to come into conscious alignment with the perpetual unfolding of the universe
