As increased access to employment and educational opportunities brought dramatic changes to women's lives sociologists began to look at the effect of women's changing roles on their children and families Based on empirical investigations and personal experience the studies included in the volumes of *The Sociology of Gender and the Family* set of *The International Library of Sociology* set out to establish patterns and regularities in social behaviour and to understand the social roles of kinship groups mothers wives children and the elderly      **Old and New London** Walter Thornbury, 1892      *The Annals of Hampstead* Thomas J. This book explores how Victorian cemeteries were the direct result of the socio cultural economic and political context of the city and were part of a unique transformation process that emerged in London at the time The book shows how the re ordering of the city's burial spaces along with the principles of health and hygiene were directly associated with liberal capital investments which had consequences in the spatial arrangement of London Victorian cemeteries in particular were not only a solution for overcrowded graveyards they also acted as urban generators in the formation London's suburbs in the nineteenth century Beginning with an analysis of the conditions that triggered the introduction of the early Victorian cemeteries in London this book investigates their spatial arrangement aesthetics and functions These developments are illustrated through the study of three private Victorian burial sites Kensal Green Cemetery Highgate Cemetery and Brookwood Cemetery The book is aimed at students and researchers of London history planning and environment and Victorian and death culture studies      **Transactions of the Unitarian Historical Society** Unitarian Historical Society (London, England), 1919 List of members in each volume      The personal history of David Copperfield, illustr. by W. Rainey Charles Dickens, 1904      **The Vermont Historical Gazetteer** Abby Maria Hemenway, 1871      **Short Guide to London** Findlay Muirhead, 1928      The Vampire's Bedside Companion Peter Underwood, 1975

The Vampire's Bedside Companion is a riveting compendium of new facts and fiction on the undying theme of vampirism Here is a new theory on the genesis of Dracula surely literature's most compelling and macabre figure thoughts on allusions to vampirism in *Wuthering Heights* first hand experience of Vampires in Hampstead London publication for the first time of the story of a fifteenth century Vampire Protection medallion that Montague Summers presented to the author an account by a professor of English at Dalhousie University of a visit to Castle Dracula in Transylvania The Vampire's Bedside Companion contains these and a wealth of other hitherto unpublished material on a subject that is of enduring interest The Vampire Legend To many people
