The Cake House Latifah Salom, 2015-03-03 Rosaura Douglas's father shot himself after her mother left him or at least that's the story everyone is telling. Now her mother has remarried and Rosie is trapped in The Cake House a garish pink edifice in the hills of Los Angeles that's a far cry from the cramped apartment where she grew up. It's also the house where her father died a fact that everyone else who lives there including her mother Dahlia and her mysteriously wealthy stepfather Claude want to forget. Soon however her father's ghost appears sometimes in a dark window sometimes in the house's lush garden but always with warnings that Claude is not to be trusted. And as the ghost becomes increasingly violent and the secrets of her family's past come to light Rosie must finally face the truth behind the losses and lies that have torn her life apart. *Report* Indiana. Whereas most writing about the public private focusses on urban space this book focusses on the domestic exploring those overlooked everyday places where private and intimate activities take place in public. With four chapters set in four small liminal spaces the launderette the greasy spoon the fire escape and the sleeper train the book is part architectural history part cultural history. It follows a series of allusions and impressions to explore how films adverts books and anecdotes shape experiences of everyday architecture. Making a case for the poetic interpretation of space the book can be used as a sourcebook for architects designers and theorists alike prompting the reader to rethink the emotional state of leaving home intimacy in public and lonely dreaming. **Google** Sarah Milstein, Rael Dornfest, 2004 Google is the planet's most popular program for finding stuff on the Web but it has no manual.
