Kitchen Remodeling For Dummies Donald R. Prestly,2011-05-09 Real estate building and remodeling surveys reveal that the one project likely to give you a 100 percent return on the dollars invested is a kitchen remodel And whether the project is as involved as gutting the room back to the wall studs or as simple as applying a fresh coat of paint each project is an

investment in your home's value and ultimately in your enjoyment of using the space. Remodeling a kitchen is a big job but it's not so big that anyone with the right guidance and understanding couldn't feel comfortable tackling at least some parts of the job. Kitchen Remodeling For Dummies is the reference tool to use if you want to use the kitchen more efficiently, want to replace outdated energy-gobbling appliances and gadgets, have attempted at least one or two home repair projects, are comfortable using both power and hand tools and probably own a few of each, want to know how a project should be done and then hire someone to do it. The kitchen in today's home has become a focal point for the family as well as for entertaining. For those reasons you want the room to be as functional as possible without breaking your bankbook. With Kitchen Remodeling For Dummies in hand you'll get the lowdown on the following topics and more: The kitchen remodeling process, knowing this makes you a smarter consumer; Critical design issues; Working with the pros: architect, designer, contractor; Establishing a budget and sticking with it; Evaluating your plumbing, electrical, and ventilation systems; Selecting and installing cabinets and countertops; Choosing sinks, faucets, and appliances; Working on walls, windows, and floors; Hot trends and easy upgrades. This handy guide shows you how to take your kitchen no matter what shape it's in now and remodel it so that it not only fits your wants and needs but also becomes a room you can be proud to use and show off. **Quicken**
