T. Rorer, 1920 Home Candy Making (Classic Reprint) Mrs. S. T. Rorer, 2015-08-05 Excerpt from Home Candy Making This little book is the result of careful practice in teaching beginners how to make attractive wholesome and palatable varieties of home made candies As a rule these are made from uncooked sugar and white of egg and while they may be palatable to some persons to the connoisseur they are coarse and heavy The aim has been to meet the wants of the masses who from various causes cannot obtain the best confections and must eat the sugary French Mixtures or deny themselves the pleasure of an occasional sugar plum The excellency of the recipes consists in their simplicity and faithfulness to minutiae Homely repetition makes them more valuable to those who are totally ignorant of the vagaries of sugar Practice is everything If you fail at first try again A few of these failures will teach you more than all the directions I can possibly put on paper About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Art of Home Candy Making** Home Candy Makers, 2015-06-29 Excerpt from The Art of Home Candy Making With Illustrations Being a woman myself I can appreciate the conditions with which the average woman must contend in making candy at home and consequently this book has been written with this in mind As a result anyone from the youngest member in the family who can read to the oldest experienced or inexperienced can make the most delicious candy with the art of a professional There are thousands of men and women today using our recipes in earning their living as candy makers receiving sixty and eighty cents a pound for it in face of the keenest professional competition This will give you an idea of the extraordinary quality of these recipes This book

is the life secret of one of the best candy makers in this country and as we have the exclusive right to his recipes they cannot be found or secured from any other source We strive not only to give you a larger variety of the finest candies that can be made but to make each recipe so thorough and simple that anyone with a little study before making them can make every piece in this book with little or no trouble at all Every batch you make will be just the same as we give you the exact degree at which to cook every recipe This book is intended for those who make candy at home and does not contain a single recipe but that may be made right at home in your own kitchen with a very small outlay for tools other than for cooking material We have endeavored to make all things clear to you but we must insist that you read each recipe over and study it carefully before starting to cook if you wish success With this explanation we think you will agree with us that this is the most complete book on home candy making ever written If you should encounter any trouble do not hesitate to advise us as our interest does not cease with the sale of the book About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
