Home to Morning Star Margaret Way,1982 Home To Morningstar by Margaret Way released on May 25 1982 is available now for purchase *The Child at Home* ,1860 *Traveling Home* Mark R. Kowalewski,2019-08-17 Offers readers a way to find their place in God s story A creative invitation to those who are on the margins of the church Recent research in the sociology of religion indicates that around one in five Americans are religiously liminal that is they are on the fence about affiliating with a faith or a congregation Traveling Home is an invitation to those people who are standing on the edges or just coming into the Church It makes a case for why Christianity can make a difference by taking the reader on a spiritual journey through the story and ancient wisdom of the Bible It shows the reader how to find a place within this great cosmic adventure Why Christianity at all How do we understand where we fit into a bigger picture Anyone asking these questions including people exploring other liturgical traditions will find this book of interest It is also a tool for clergy teaching newcomer inquirer classes *Sabbath at Home* ,1867 *The Home Monthly* ,1860 *The Happy Home and Parlor Magazine* Madeline Leslie,William Makepeace Thayer,1857 *The Missionary Herald at Home and Abroad* ,1908 *We Are As Gods* Kate Daloz,2016-04-26 Between 1970 and 1974 ten million Americans abandoned the city and the commercialism and all the inauthentic bourgeois comforts of the Eisenhower era America of their parents Instead they went back to the land It was the only time in modern history that urbanization has gone into reverse Kate Daloz follows the dreams and ideals of a small group of back to the landers to tell the story of a nationwide movement and moment And she shows how the faltering hopeful but impractical impulses of that first generation sowed the seeds for the organic farming movement and the transformation of American agriculture and food tastes In the Myrtle Hill commune and neighboring Entropy Acres high minded ideas of communal living and shared decision making crash headlong into the realities of brutal Northern weather and the colossal inconvenience of having no plumbing or electricity Nature it turns out is not always a generous or provident host frosts are hard snowfalls smother roads and small wood fires do not heat imperfectly insulated geodesic domes Group living turns out to be harder than expected too Being free to do what you want and set your own rules leads to some unexpected limitations once the group starts growing a little marijuana they can no longer call on the protection of the law especially against a rogue member of a nearby community For some of the group the lifestyle is truly a saving grace they credit it with their survival For others it is a prison sentence *We Are As Gods* the first line of the Whole Earth Catalog the movement s bible is a poignant rediscovery of a seminal moment in American culture whose influence far outlasted the communities that took to the hills and woods in the late 60s and 70s and remains present in every farmer s market every store selling Stonyfield products or Keen shoes or Patagonia sportswear *Native American Tales and Legends* Allan A. Macfarlan,2012-03-05 More than 30 stories including creation myths hero tales trickster stories as well as tales of little people giants and monsters and of magic enchantment sorcery and the spirit world **Hours at Home** ,1869 **Garlands**

of Praise Asa Hull, 1876 American Trinity Larry Len Peterson, 2017-08-01 In the spirit of Guns Germs and Steel author and cultural historian Larry Len Peterson details the collision of European and Native American civilizations and the bloody aftermath that doomed a once thriving people Wide ranging and brimming with fresh insights American Trinity focuses on how the West was shaped by three implacable forces Christian imperialism Thomas Jefferson's Doctrine of Discovery and George Armstrong Custer's hubris As Peterson says History is important When there is no knowledge of the past there cannot be a vision of the future Includes chapter endnotes bibliography and index **The Home missionary magazine.**

July 1836-Dec. 1846 Home missionary society, 1842 *The Children's Church at Home ; Or, Family Services for the Lord's Day* John Edmond, 1863 Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986, 1987 American Myths, Legends, and Tall Tales Christopher R. Fee, Jeffrey B. Webb, 2016-08-29 A fascinating survey of the entire history of tall tales folklore and mythology in the United States from earliest times to the present including stories and myths from the modern era that have become an essential part of contemporary popular culture Folklore has been a part of American culture for as long as humans have inhabited North America and increasingly formed an intrinsic part of American culture as diverse peoples from Europe Africa Asia and Oceania arrived In modern times folklore and tall tales experienced a rejuvenation with the emergence of urban legends and the growing popularity of science fiction and conspiracy theories with mass media such as comic books television and films contributing to the retelling of old myths This multi volume encyclopedia will teach readers the central myths and legends that have formed American culture since its earliest years of settlement Its entries provide a fascinating glimpse into the collective American imagination over the past 400 years through the stories that have shaped it Organized alphabetically the coverage includes Native American creation myths tall tales like George Washington chopping down his father's cherry tree and the adventures of King of the Wild Frontier Davy Crockett through to today's urban myths Each entry explains the myth or legend and its importance and provides detailed information about the people and events involved Each entry also includes a short bibliography that will direct students or interested general readers toward other sources for further investigation Special attention is paid to African American folklore Asian American folklore and the folklore of other traditions that are often overlooked or marginalized in other studies of the topic *The Prehistory of Home* Jerry D. Moore, 2012-04-18 Many animals build shelters but only humans build homes No other species creates such a variety of dwellings Drawing examples from across the archaeological record and around the world archaeologist Jerry D Moore recounts the cultural development of the uniquely human imperative to maintain domestic dwellings He shows how our houses allow us to physically adapt to the environment and conceptually order the cosmos and explains how we fabricate dwellings and in the process construct our lives The Prehistory of Home points out how houses function as symbols of equality or proclaim the social divides between people and how they shield us not only from the elements but increasingly from inchoate fear **The Way home or face The Fire**

JAH,1986-01-01 Most people wonder at the purpose of life Is there a mission or destiny for each of us Reconciling the claims of science with those of religion often leaves the rational mind confused Whether you are alive to these problems or not The Way home is for you Even if you go through life without considering such matters this Book is still for you If you are puzzled here you will find the answers If you are asleep to the meaning of life this Book will rouse you with a jerk for it is dynamic it is highly revealing it is vital It is both unique and exhilarating It offers an abundance of food for thought and is a tremendous challenge It has a message too A golden message for each one of us young or old *Myths and Tales of the Jicarilla Apache Indians*

Edward Morris Opler,2012-04-30 Classic study of myths relating to creation agriculture and rain hunting rituals coyote cycle monstrous enemy stories many more **Origin Tales Of The Native American Indians** G.W.

Mullins,2018-02-08 Native American Mythology began long before the European settlers arrived on North American soil The most popular of these myths usually are the ones dealing with Origins of people places and things These myths deal with both how the physical world as we know it came to be and how the many features of specific cultures originated They cover areas of gods and man and why we were separated where did the different races come from and when did evil surface Being there were so many different tribes with countless beliefs and customs the only way to understand these beliefs is through understanding the Native American stories In this book there is a wide landscape of different tribes that present a true look at these beliefs Among the stories included in this anthology are Creation of the First Indians Creation of the Red and White Races In the Beginning How the Great Chiefs Made the Moon and the Sun Origin of Fire The First Moccasins The Origin of Game and of Corn The Origin of Medicine The Origin of Summer and Winter Origin of the Animals Origin of the Buffalo Origin of the Clans Origin of the Sweat Lodge The Origin of the Winds The Origin of Yosemite The Origin of Earth Origin of the Lakota Peace Pipe How the World Was Made The First Fire Origin of the Pleiades And the Pine and many more
