The Paper: The Life and Death of the New York Herald Tribune Richard Kluger,2021-04-12 Few American newspapers perhaps none have matched the New York Herald Tribune in the crispness of its writing and editing the bite of its commentators the range of its coverage and the clarity of its typography The Trib as it was affectionately called raised newspapering to an art form It had an influence and importance out of all proportion to its circulation During the Civil War

Abraham Lincoln went to great lengths to retain the support of its co founder Horace Greeley President Eisenhower felt it was such an important institution and Republican organ that he helped broker its sale to its last owner multimillionaire John Hay Whitney The Trib s spectacularly distinguished staffers and contributors included Karl Marx Tom Wolfe Walter Lippmann Dorothy Thompson Virgil Thomson Eugenia Sheppard Red Smith Heywood Broun Walter Kerr Homer Bigart and brothers Joseph and Stewart Alsop At the close of World War II the Herald Tribune the marriage of two newspapers that had done more than any others to create modern daily journalism was at its apex of power and prestige Yet just twenty one years later its influence still palpable in every newsroom across the nation the Trib was gone This is the story The Paper a 1986 finalist of the National Book Award for Nonfiction and winner of the George Polk Prize tells Probably the best book ever written about an American newspaper But it is more than that a brilliant piece of social history that recounts in vivid and telling detail the changing conception of news in America The book is chockablock with marvelous yarns And what a cast of characters Kluger has to work with Some of the most vivid pages in The Paper are Kluger s portraits of these arresting personalities J Anthony Lukas The Boston Globe Monumental with a narrative sweep that is always absorbing and sometimes breathtaking What invigorates this history is Mr Kluger s enthusiasm for his subject which is apparent everywhere in the loving detail with which he tells the story and in the liveliness of the prose with which he profiles some of the Tribune s more unusual personalities Christopher Lehmann Haupt The New York Times Engrossing if there is a better book about an American newspaper I am unaware of it It is loaded to the gunnels with newspaper anecdotes but at its core The Paper is a book about the relationship between the press and the powerful the press and the wealthy Jonathan Yardley Washington Post Book World The romance of The Front Page genteel anti Semitism the disaster of newspaper labor relations and the rise and fall of newspaper fortunes All are there in The Paper It is irresistible Anthony Lewis Compelling most delightfully so when Mr Kluger is limning the words and deeds of the people who made The Paper crackle with vitality for more than a century He does a remarkable job of bringing these people to life on the printed page David Shaw The New York Times Book Review Remarkable a fascinating account of a greatness that once was This book will hold you in its narrative grip as you revel in a story of a grand venture and epic characters Here the history of a newspaper is a graphic presentation of a nation s life Kirkus Reviews Richard Kluger is uniquely qualified to tell this tale He brings a novelist s imagination to some vivid material Paul Gray Time Magazine Fascinating from start to finish the best book about American journalism since Swanberg s Citizen Hearst Huge and engrossing Larry Lee San Francisco Chronicle A magnificently romantic history not only of the ill fated New York Herald Tribune but of New York newspapering generally peopled with unforgettable heroes and knaves Robert Sherrill Chicago Sun Times

The Life and Death of an Ideal Albert Léon Guérard,1928 **Homer's Iliad and the Problem of Force** Charles H. Stocking,2023 This volume explores the different types of Iliadic force in dialogue with the reception of the Iliad in the French intellectual tradition revealing how the Iliad as a whole undermines the relations of force which

characters within the poem seek to establish *Life Between Death and Rebirth* Rudolf Steiner,1975-04 He listened extremely attentively apparently not looking at me at all but totally devoted to my words Franz Kafka The only love that you can show me is to call me anytime day or night when you need me Rudolf Steiner to Friedrich Rittelmeyer For Peter Selg if Anthroposophy to be a living reality we must learn to know and love Rudolf Steiner as he appeared to those who knew and loved him namely as a spiritual teacher To help us do so he gathered recollections of those of who knew Steiner personally historical witnesses to the living phenomenon of the figure of the teacher It is his hope that these firsthand accounts will help readers see and experience the amazing ever mysterious person that Rudolf Steiner was a dynamic energetic dual citizen of both the spiritual and the physical worlds He moved constantly between these two realities while his whole life was dedicated in service to the spiritual evolution of humanity Nonetheless he was also deeply sociable and a true friend convivial cheerful humorous and always able to enjoy and tell a good joke He was also austere and painfully serious In other words Rudolf Steiner was a paradox Steiner was imposing but it would be difficult to say why He was slim there was no heaviness in him Indeed what seemed to strike most people first was his lightness He moved rhythmically youthfully artistically with quick light steps his posture erect but fluid his head seeming to float between Heaven and Earth Yet he was fully grounded When he stood it was as if nothing could move him When he spoke his gestures and tone expressed perfectly what he had to say He was completely one with what he said so that he changed as the content changed Those who listened to his lectures found themselves transported to the source of what they were hearing Sometimes ten Steiners would pass before them To hear a lecture was a meditation experience Quite another figure appeared in conversations which filled his every public moment One experienced luminous kindness selfless interest and intense listening attention It was as though one were singled out in the world and having a sense of being allowed complete inner freedom All who came to him for advice felt Steiner's love They felt that he saw the best in them and spoke from that point of view whether it was a matter of life's journey or esoteric training By his example then he sought to exemplify the kind of spiritual community toward which he hoped anthroposophists would strive For anyone who has wondered what Rudolf Steiner was like this book will open many windows **The**

Quintus of Smyrna's Posthomerica Tine Scheijnen, 2018-09-11 Quintus of Smyrna's Posthomerica 3rd century C E is of great literary value to the field of Greek epic It is a stylistic imitation of Homer and recounts what Iliad and Odyssey have left untold of the Trojan War Tine Scheijnen offers the first linear study of this still little known poem Progressing from book 1 to 14 she focusses on key issues such as Homeric similes and characterization of heroes especially Achilles and his son Neoptolemus Ideologically Quintus engages in a critical way with Homer but possibly also Vergil Triphiodorus and tragedy Scheijnen's work can be read as a thorough introduction to Quintus Posthomerica while also offering new insights into Homer reception the conception of heroes and heroism in Greek epic

The Death of God and the Meaning of Life Julian Young, 2014-05-16 What is the meaning of life In today's secular post religious scientific world this question has become a serious preoccupation But it also has a long history many major philosophers have thought deeply about it as Julian Young so vividly illustrates in this thought provoking second edition of The Death of God and the Meaning of Life Three new chapters explore Søren Kierkegaard's attempts to preserve a Christian answer to the question of the meaning of life Karl Marx's attempt to translate this answer into naturalistic and atheistic terms and Sigmund Freud's deep pessimism about the possibility of any version of such an answer Part 1 presents an historical overview of philosophers from Plato to Marx who have believed in a meaning of life either in some supposed other world or in the future of this world Part 2 assesses what happened when the traditional structures that give life meaning began to erode With nothing to take their place these structures gave way to the threat of nihilism to the appearance that life is meaningless Young looks at the responses to this threat in chapters on Nietzsche Heidegger Sartre Camus Foucault and Derrida Fully revised and updated throughout this highly engaging exploration of fundamental issues will captivate anyone who's ever asked themselves where life's meaning if there is one really lies It also makes a perfect historical introduction to philosophy particularly to the continental tradition
