Hometown San Francisco

Rebecca Solnit, Joshua Jelly-Schapiro

Hometown San Francisco:

San Francisco's Queen of Vice Lisa Riggan, 2017-10-01 Lisa Riggan tells the story of the rise and fall of 1940s San Francisco abortionist Inez Brown Burns who made a fortune by providing her services to desperate women throughout California before the city's newly elected district attorney Edmund G. Pat Brown exposed the hidden yet not so secret life of backroom deals, political payoffs and corrupt city cops

Governor James Rolph and the Great Depression in California James Worthen, 2010-07-27 In 1911 when businessman James Rolph first ran for mayor of San Francisco he promised I will be mayor of the whole city and not the mayor for any particular section. This statement seemed to characterize Rolph's political career. After serving an unprecedented five terms as mayor he went on to win California's 1930 gubernatorial election. Rolph however had severely underestimated the challenges he would be up against as a Depression era governor. A genuine love of people and desire to help had gotten him as far as the governor's office but could do little to help him solve the new problems he found. Lack of a firm agenda coupled with an unrealistic or perhaps idealistic governing style left him at odds with the legislature and found his chief lieutenants forming into warring cliques. Ultimately Rolph in spite of good intentions and a love of civil service was unable to translate his mayoral triumph with all its charm and style into a gubernatorial success. This biography relies heavily on primary sources such as contemporary newspaper articles and firsthand recollections. Beginning with Rolph's mayoral career the book enumerates the qualities which led to his phenomenal success as San Francisco's top politician. The work then examines the criticisms levied against Rolph as governor and the ways in which these complaints were and were not justified. The unfortunate historical timing of Rolph's governorship is also discussed. In many ways Rolph's attempt to translate from prosperous 20s mayor to Depression era 30s governor was simply ill fated from the very beginning. A detailed bibliography and index is also provided

Performing Dream Homes Emily Klein, Jennifer-Scott Mobley, Jill Stevenson, 2019-01-22 This anthology explores how theatre and performance use home as the prism through which we reconcile shifts in national cultural and personal identity. Whether examining parlor dramas and kitchen sink realism site specific theatre travelling tent shows domestic labor border performances fences or front yards these essays demonstrate how dreams of home are enmeshed with notions of neighborhood community politics and memory. Recognizing the family home as a symbolic space that extends far beyond its walls the nine contributors to this collection study diverse English language performances from the US Ireland and Canada. These scholars of theatre history dramaturgy performance cultural studies feminist and gender studies and critical race studies also consider the value of home at a time increasingly defined by crises of homelessness a moment when major cities face affordable housing shortages when debates about homeland and citizenship have dominated international elections and when conflicts and natural disasters have displaced millions. Global

struggles over immigration sanctuary refugee status and migrant labor make the stakes of home and homelessness ever more urgent and visible as this timely collection reveals **University of California, San Francisco. School of Dentistry Yearbook** University of California, San Francisco. School of Dentistry, 2006 Know Your Power Nancy Pelosi, Amy Hill Hearth, 2009-04-07 The national bestseller that has inspired women everywhere to focus on what matters most and follow their dreams wherever they may lead Never losing faith we worked to redeem the promise of America that all men and women are created equal For our daughters and our granddaughters today we have broken the marble ceiling For our daughters and our granddaughters now the sky is the limit Nancy Pelosi after being sworn in as Speaker of the House When Nancy Pelosi became the first woman Speaker of the House she made history Now she continues to inspire women everywhere in this thought provoking collection of wise words her own and those of the important people who played pivotal roles in her journey **Airbnb, Short-Term Rentals and the Future of Housing** Lily M. Hoffman, Barbara Schmitter Heisler, 2020-11-03 How do Airbnb and short term rentals affect housing and communities Locating the origins and success of Airbnb in the conditions wrought by the 2008 financial crisis the authors bring together a diverse body of literature and construct case studies of cities in the US Australia and Germany to examine the struggles of local authorities to protect their housing and neighborhoods from the increasing professionalization and commercialization of Airbnb The book argues that the most disruptive impact of Airbnb and short term rentals has been on housing and neighborhoods in urban centers where housing markets are stressed Despite its claims Airbnb has revealed itself as platform capitalism incentivizing speculation in residential housing At the heart of this trajectory is its business model and control over access to data In a first narrative the authors discuss how Airbnb has institutionalized short term rentals consequently removing long term rentals contributing to rising rents and changing neighborhood milieus as visitors replace long term residents In a second narrative the authors trace the transformation of short term rentals into a multibillion dollar hybrid real estate sector promoting a variety of flexible tenure models While these models provide more options for owners and investors they have the potential to undermine housing security and exacerbate housing inequality While the overall effects have been similar across countries and cities depending on housing systems local response has varied from less restrictive in Australia to increasingly restrictive in the United States and most restrictive in Germany Although Airbnb has made some concessions it has not given any city the data needed to efficiently enforce regulations making for costly externalities Written in a clear and direct style this volume will appeal to students and scholars in Urban Studies Urban Planning Housing and Tourism Studies **The Third Cloud** Eva Fischer-Dixon, 2000-08-30 Captain Michael McCloskey had no idea what awaited when he arrived home to San Francisco California He is about to enter the world of espionage intrigue love mystery First there was a cloud over Hiroshima again a cloud over Nagasaki was their another plane another bomb **The Felon** John Irwin, 1987-11-11 Since its first publication The Felon has become a classic of criminal sociology Based on in depth interviews and two years of participant

observation this book traces the career path of the felon from early environment to crime to prison to parole from the point of view of the offender Engaging and readable Irwins description of the life of felons and his conclusions about the role of prisons in our society remain convincing and topical The New York Yankees Illustrated History ,2002-11-14 With more than 150 stunning photos some in color the top sports writers from The New York Times commemorate the Yankee s 100th anniversary **Fly Tying** Joe Healy,2010-12-16 Readers will discover the most effective most original and most historic flies published in the 30 year history of Fly Rod all make this a must have or perfect gift for a fly tier of any skill level

California Rising Ethan Rarick,2005-01-24 Edmund G Pat Brown has long been considered one of the two or three most effective governors of California Thanks to this exhaustively researched and vividly written study by Ethan Rarick we can now grasp the true strength and charisma of this extraordinary governor and the highpoint of public value and performance he orchestrated in the creation of contemporary California A seasoned reporter Rarick left everything behind to research and write this book He made the right decision Kevin Starr University Professor of History University of Southern California This is an impressive and important work exhaustively researched elegantly written It s not only the biography of the central figure in modern California history Governor Pat Brown but the story of a crucial era in California and its place in the nation s imagination California Rising is a major document in our understanding of the man and the place he helped make Peter Schrag former editorial page editor of the Sacramento Bee and author of Paradise Lost California s Experience America s Future Ethan Rarick has written a shrewd and lively account of the life of Pat Brown California s most constructive governor in the last half century What a pleasant way to learn about the history of the golden state during the key period in which state government was confronted with the economic and social challenges of rapid modernization A very impressive book Nelson W Polsby Heller Professor of Political Science University of California Berkeley An important and enjoyable book Bruce Cain coeditor of Voting at the Political Fault Line Ethan Rarick s narrative of the life of Pat Brown is a fascinating look at the maturation of a political animal We follow closely as Brown gladhands his way up California s political ladder and becomes his state s most progressive governor In this meticulous study Rarick fleshes out Brown s battles with Richard Nixon and Ronald Reagan throughout the 1960s California Rising profits from Rarick s broad understanding of California and his constructive use of Brown s personal notes and correspondence Douglas Brinkley author of Tour of Duty John Kerry and the Vietnam War **Dangerous Strangers** K. Mullen,2005-08-19 Have newcomers to American cities been responsible for a disproportionate amount of violent crime Dangerous Strangers takes up this question by examining the incidence of criminal violence among several waves of immigrant ethnic groups in San Francisco over 150 years By looking at a variety of groups Irish German Italian and Chinese immigrants primarily and their different experiences at varying times in the city s history this study addresses the issue of how much violence can be attributed to new groups treatment by the host society and how much can be traced to traits found in their community of origin Dangerous Strangers fills an acknowledged gap in

the literature of homicide studies and broadens our understanding of newcomer violence

Land of the Dead Terry Hamburg,2024-09-15 The fabled nineteenth century migration to the American West was filled with peril and despair From sailing ship to covered wagon ambitious young pioneers endured six months of unprecedented largely unanticipated personal hardship that is if they survived the trip Death was a constant companion and the promised land proved as lethal as it was fickle Land of the Dead explores how the demands of survival and adaptation during Westward Expansion changed the way we have buried and grieved for our dead in America That custom was one of many transformations an outlier adolescent culture wrought upon the nation that spawned it Nowhere did these changes play out more dynamically than in California particularly in the quintessential American boom city gold rush San Francisco which banned burials at the turn of the twentieth century and then decreed the removal of 150 000 privately owned graves the only major metropolis to execute a complete eviction of its dead The epic cemetery battle began early when San Francisco was still a remote wannabe great city and raged on for over half a century replete with fiery polemics political intrigue nasty legal wrangling and divisive elections Public cemeteries were dispatched quickly but as time will reveal hardly well Private sanctuaries took longer to expunge and many of its residents were overlooked in what has been called the greatest mass removal of the dead in human history How could the unthinkable happen And how did other American cities reckon with the now precious land once dedicated to their dead In this well researched and well told history Terry Hamburg explores how an instant city heritage bred that momentous decision and led to the formation of nearby Colma the largest necropolis in America Providing a fresh overlay on traditional

narratives and revealing a burgeoning nation's trends and conflicts *Land of the Dead* examines how we relate to our living dead then and now

In Our Own Words Various Authors, 2017-08-24 When Georgia Southern College in the small town of Statesboro opened its doors to its first six colored students in 1965 it did so without much of the very public outcry faced at other schools and colleges as part of desegregation These six pioneers share their personal memories of integrating the college which opened doors for those who would follow In 2014 more than 5 400 African American students enrolled at the school now known as Georgia Southern University GSU The essays of those initial pioneers as well as those by fifteen other alums through the Class of 1985 demonstrate the perseverance of the human spirit and illustrate how social change can be achieved by boldly confronting difficult and frightening situations to bring about lasting reform Their stories of integration at the southern school tell of emotional ordeals some of which led to lasting scars and times of defeat Life wasn't easy if you were black on a predominantly white college campus But in the midst of despair comes triumph *In Our Own Words* also shares the determination and dedication of those early students most of whom went on to successful careers and personal accomplishments This powerful collection of essays that needed to be written showcases a group of students who never dreamed they would one day help shape the college's history and leave a legacy that would allow others to follow in their footsteps
