Homiletic Moves And Structures:

Homiletic David G. Buttrick, 1987-01-01 Buttrick presents a complete homiletic that focuses on how sermons form in consciousness and how the language of preaching functions in the communal consciousness of a congregation His phenomenological approach marks a sharp departure from older homiletics

Homiletic David G. Buttrick, 1987-03 Buttrick presents a complete homiletic that focuses on how sermons form in consciousness and how the language of preaching functions in the communal consciousness of a congregation His phenomenological approach marks a sharp departure from older homiletics

Homiletics Wilfried Engemann, 2018-11-19 In a dialogue with all of the theological disciplines and also with closely related human and philosophical sciences this standard work sets out criteria for a contemporary approach to preaching The assumptions arguments models perspectives and methods for analyzing the homiletic process are presented in an understandable form Figures and practical guidelines offer helpful illustrations This comprehensive and engaging format makes this volume a supportive textbook a reliable reference work and a stimulating aid for preaching all in one

The Renewed Homiletic O. Wesley Allen, 2010-04-21 The major shift in the study and practice of preaching in the 1970s and 1980s labeled the New Homiletic turned toward the hearer The purpose of preaching focused less on persuasion and more on transformation less on asserting religious truths and more on offering an experience of the gospel Instead of viewing language as referential its creative evocative nature began to be emphasized Thus homiletical strategies utilizing induction celebration story narrative structures and moves replaced a deductive propositional approach to preaching Now three and a half decades after this shift began preachers recognize that the homiletical landscape has continued to evolve in ways that influence how preaching ought to be done for example the rise of postmodernity the decline of the mainline church cultural pluralism and biblical and theological illiteracy Those considered to be the pillars of the New Homiletic David Buttrick Fred Craddock Eugene Lowry Henry Mitchell and Charles Rice discuss how to change their homiletical approach for a new day Each of these distinguished scholars offers a lecture describing how his mind has changed preaches a sermon reflecting these changes and participates in a panel discussion with younger respondents

Publisher description

Homiletical Handbook Donald L. Hamilton, 1992-10-01 *Homiletical Handbook* is a primer for those who are called to preach It is intentionally simple in its explanation of the homiletical task and straightforward in getting to the point It is solid in its theology and biblical in its approach

Homiletical Theology in Action David Schnasa Jacobsen, 2015-11-17 Homiletics is taking a theological turn But what does the preaching task look like if we think of it not so much as a mastery of technique but an exercise in theological method *Homiletical Theology in Action* The Unfinished Theological Task of Preaching tries to envision the work of homiletics as theological in root and branch By placing theological questions at the center of the process the authors some of the leading lights of the field of homiletics try to show how their work as preachers and homileticians is a thoroughgoing theological activity By beginning with troublesome texts and

problematic doctrines they seek to show how preachers and homileticians engage in theology not as consumers but as producers and in the thick of the kinds of questions that preachers have to ask Practitioners and theological educators alike will catch a glimpse of how they too are residential theologians in their own preaching praxis **Homiletical Theology**

David Schnasa Jacobsen, 2015-02-13 Karl Barth famously argued that all theology is sermon preparation But what if all sermon preparation is actually theology This book pursues a thoroughgoing theological vision for the practice of preaching as a way of doing theology The idea is not just that homiletics is the realm of theological application That would leave preaching in the position of simply implementing a theology already arrived at Instead the vision in these pages is of a form of theology that begins with preaching itself its practice its theories and its contexts Homiletical theology is thus a unique way of doing theology even a constructive theological task in its own right Homiletician David Schnasa Jacobsen has assembled several of the leading lights of contemporary homiletics to help to see its task ever more deeply as theological yet in profoundly diverse ways Along the way readers will not only discover how homileticians do theology homiletically but will deepen the way in which they understand their own preaching as a theological task Contributors include Ronald J Allen Professor of Preaching and Gospels and Letters at Christian Theological Seminary John S McClure Charles G Finney Professor of Preaching and Worship at Vanderbilt Divinity School Alyce M McKenzie George W and Nell Ayers Le Van Professor of Preaching and Worship at Perkins School of Theology Southern Methodist University Michael Pasquarello III Granger E and Anna A Fisher Professor of Preaching at Asbury Theological Seminary Luke A Powery Dean of the Chapel and Associate Professor of the Practice of Homiletics at Duke University Teresa Stricklen Eisenlohr Ph D Associate for Worship Office of Theology and Worship at the Presbyterian Church U S A The Homiletical Question William F. Brosend II, 2017-11-09 The Homiletical Question offers preachers from beginning students to the most experienced a concise introduction to lectionary based preaching in liturgical contexts familiar to Anglicans Roman Catholics Lutherans Methodists and others The book demonstrates how by answering a single simple question each time a sermon is prepared preachers can respond fully and faithfully to the biblical text the needs and issues of the audience and the challenges of a changing world Chapters explore the practice of homiletical exegesis creation and illustration of the moves that shape the sermon crafting introductions and conclusions and preaching baptisms weddings funerals and other special occasions As Thomas G Long writes in the foreword That the homiletical question should yield answers that are beyond the reach of the preacher answers that manifest preaching as an event of surplus and abundance answers that point toward the mystery that is the Holy Spirit answers that take us to our knees in prayer before they take us into the pulpit would come as no surprise to Brosend That very mystery that very abundance is at the heart of Brosend s theology of preaching and therefore at the heart of this book *Effective Preaching* Rev. Michael E. Connors, CSC, 2021-01-25 Effective Preaching Bringing People into an Encounter with God is a practical collection of essays featuring leading preachers homilists and homily instructors Compiled by Michael E Connors

CSC the Director of the John Marten Program in Homiletics and Liturgics at the University of Notre Dame this imaginative book focuses entirely on the practical side of Catholic preaching It will provide imaginative hands on tested advice to help homilists develop preaching effectiveness using techniques that will turn satisfactory preaching into exceptional preaching This practical resource will be essential for priests permanent deacons seminarians in homiletics classes retreat leaders RCIA catechists all who preach **Preaching Words** John S. McClure,2007-01-02 John McClure s *Preaching Words* highlights the most important ideas in homiletics and preaching offering short explanations of these ideas what scholars of preaching are saying about them and how they can help in today s preaching Topics range from elements of the sermon introduction body and conclusion to aspects of delivery types of preaching in different Christian traditions and theories of preaching

Toward a Homiletical Theology of Promise David Schnasa Jacobsen,2018-04-17 Promise has a long pedigree in the history of Christian understandings of the gospel This volume gathers together leading homileticians to consider the breadth of its understanding today in light of the struggle to reconcile God s grace with God s justice Assuming that promise is a core sense of the gospel how does this relate to the variety of contexts in which homiletical theology is done In this final volume in the series six homileticians from a variety of contexts and perspectives try to move specifically toward a homiletical theology of promise as a way to articulate the central theological gift and task that is preaching the gospel today **When God Speaks through Change** Craig A. Satterlee,2005-03-01 At times a congregational transition looms so large in a sermon that it becomes the lens through which scripture is interpreted the congregation is addressed the preacher is heard and God is experienced Homiletics professor and parish pastor Craig Satterlee reflects in this accessible provocative volume about on how to integrate such significant events in a congregation s life into the preaching ministry of the church Rather than offering a blueprint for preaching however he walks along pastors seminarians and other congregational leaders who want to make sure the Gospel not an agenda is preached **Illustrating Well** Jim L. Wilson,2022-05-18 Communicate well by illustrating well Preachers face all kinds of obstacles on Sunday mornings A sermon that employs interesting and appropriate illustrations can help break through barriers and convey truth in a fresh way In *Illustrating Well* Jim L Wilson provides pastors with the tools to effectively use sermon illustrations to help them communicate the Bible s teachings To reach the hearts and minds of their congregations preachers must do more than explain the truth they must demonstrate how the truth relates to real life Every sermon should be theologically rich and thoroughly biblical but a good illustration can take what might be an abstract concept and turn it into a concrete reality for the listener In *Illustrating Well* preachers will discover what makes for a compelling illustration as well as the benefits and potential pitfalls of particular types of illustrations

The Four Pages of the Sermon Paul Scott Wilson,2010-09-01 Doing justice to the complexity of the preaching task and the questions that underlie it Wilson organizes both the preparation and the content of the sermon around its four pages Each page addresses a different theological and creative component of what happens in any sermon Page One presents the

trouble or conflict that takes place in or that underscores the biblical text itself Page Two looks at similar conflict sin or brokenness in our own time Page Three returns to the Bible to identify where God is at work in or behind the text in other words to discover the good news Page Four points to God at work in our world particularly in relation to the situations described in Page Two

Martin Luther King in the African American Preaching Tradition Valentino Lassiter, 2010-06-01 Valentino Lassiter has cast spiritual breads upon the waters with this compelling comparison of the historic tradition of African American preaching and the overwhelming spiritual preaching of Martin Luther King Jr Martin Luther King in the African American Preaching Tradition details preaching by slave preachers to present day preachers More importantly it shows how King s sermon content was cut from the same loaf as those preachers who preached justice and God s assurance in the 1600s Lassiter has written a book that will be an important resource for pastors seminarians and those who are interested in the never ending fascination with dynamic African American preaching

Southern Baptist and Expository Preaching Brenton Cross, 2021-12-15 This project addresses the influence and role of the Southern Baptist SB expository preaching methodology by examining the role of expository preaching its innate characteristics and its espousal by SB pastors and theologians in the twentieth century for influencing personal and social values and politics in the twenty first century

The Four Codes of Preaching John S. McClure, 2003-01-01 The Four Codes of Preaching John McClure s first book length treatment of homiletical theory is a sophisticated and at times controversial contribution to the field of homiletics

Fulfilled in Our Hearing Guerric DeBona, 2005 What can today s preacher learn from past practices What needs to be adapted so that the preacher can be an authentic prophetic voice for today Father Guerric DeBona mines the treasures of the Christian homiletic tradition and confronts the challenges of modern technology multiculturalism and feminism to open a discussion about how the preacher can effectively reach the assembly in today s postmodern media saturated culture Fulfilled in Our Hearing is certain to become the standard text in homiletics courses for ordained and lay preachers alike
