Baudelaire's Le Spleen de Paris Maria C. Scott, 2017-09-29 Maria Scott's study of the operation of irony in Baudelaire's *Le Spleen de Paris* contends that the principal target of the collection's spleen is its own readership. Baudelaire as one of the most perceptive cultural commentators of the nineteenth century was naturally very keenly aware of the growing dominance of the bourgeoisie in France not least as a market for art and literature. Despite being dependent on this market for his own writing the poet was highly critical of bourgeois values and attitudes. Scott builds on existing criticism of the collection to argue that these are indirectly mocked in *Le Spleen de Paris* often in the person of the poet's supposed textual alter ego. The contention is that the prose poems betray the trust of readers by way of an apparent transparency of meaning that functions to blind us to their embedded irony. Though focused on *Le Spleen de Paris* Scott's study engages with the full range of Baudelaire's writings including his art and literary criticism. Her book will be of interest not only to Baudelaire scholars but also to those engaged more generally with nineteenth century French culture Models of Collaboration in Nineteenth-Century French Literature Seth Whidden, 2016-04-15 Contributing to the current lively discussion of collaboration in French letters this collection raises fundamental questions about the limits and definition of authorship in the context of the nineteenth century's explosion of collaborative ventures. While the model of the stable single author that prevailed during the Romantic period dominates the beginning of the century the authority of the speaking subject is increasingly in crisis through the century's political and social upheavals. Chapters consider the breakdown of authorial presence across different constructions of authorship including the numerous cénacles of the Romantic period collaborative ventures in poetry through the practice of the *Tombeaux* and as seen in the *Album Zutique* the interplay of text and image through illustrations for literary works the collective ventures of literary journals and multi-author prose works by authors such as the Goncourt brothers and Erckmann Chatrian. Interdisciplinary in scope these essays form a cohesive investigation of collaboration that extends beyond literature to include journalism and the relationships and tensions between literature and the arts. The volume will interest scholars of nineteenth century French literature and more generally any scholar

interested in what is at stake in redefining the role of the French author Reading Baudelaire's Le Spleen de Paris and the Nineteenth-Century Prose Poem Seth Whidden, 2022 A study of Charles Baudelaire's Le Spleen de Paris 1859 that explores how the practice of reading prose poems might be different from reading poetry in verse It illustrates how Baudelaire wrote texts that he considered poems and how this form shows aspects of his poetic modernity **Lucidity** Ian James, Emma Wilson, 2016-05-20 This collection of essays addresses the question of lucidity as a thematic in literature and film but also as a quality of both expression and insight in literary criticism and critical thought more generally The essays offer treatments of lucidity in itself and in relation to its opposites forms of obscurity and darkness They offer attention to problems of philosophical thought and reason to questions of literary and poetic form and of photographic and filmic contemplation Ranging from engagements with early modern writing through to more recent material the contributions focus in particular on nineteenth and twentieth century French prose and poetry the field which has been the predominant focus of Alison Finch's critical writing They are written as tributes to the distinctively lucid insights of her work and to the breadth and clarity of its intellectual engagement **Beckett's afterlives** Jonathan Bignell, Pim Verhulst, Anna McMullan, 2023-02-21 Despite the steady rise in adaptations of Samuel Beckett's work across the world following the author's death in 1989 Beckett's afterlives is the first book length study dedicated to this creative phenomenon The collection employs interrelated concepts of adaptation remediation and appropriation to reflect on Beckett's own evolving approach to crossing genre boundaries and to analyse the ways in which contemporary artists across different media and diverse cultural contexts including the UK Europe the USA and Latin America continue to engage with Beckett The book offers fresh insights into how his work has kept inspiring both practitioners and audiences in the twenty first century operating through methodologies and approaches that aim to facilitate and establish the study of modern day adaptations not just of Beckett but other multimedia authors as well
