Judith Sargent Murray A Brief Biography With Documents:

Judith Sargent Murray Sheila L. Skemp, 1998 In accomplished essayist playwright and poet Judith Sargent Murray 1751 1820 was America's first notable feminist This brief study of her life and work takes a novel topical approach to provide a window on the gender issues that were being debated in the United States and Europe during the late eighteenth and early nineteenth centuries In this first half of the book thematic chapters examine Murray's experience of and her pronouncements on marriage motherhood women's education writing and the construction of gender in American society The biography is followed by previously unavailable letters poems and essays along with examples of Murray's published work Judith Sargent Murray Sheila L. Skemp, 1998-02-15 An accomplished essayist playwright and poet Judith Sargent Murray 1751 1820 was America's first notable feminist This brief study of her life and work takes a novel topical approach to provide a window on the gender issues that were being debated in the United States and Europe during the late eighteenth and early nineteenth centuries In the first half of the book nine thematic chapters examine Murray's experience of and pronouncements on marriage motherhood religion women's education writing and the construction of gender in American society The biography is followed by fifteen primary documents letters poems and essays many of which have never been published before that give readers firsthand access to Murray's views A chronology a bibliography and an index are also included BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Ideas That Made America: A Brief History** Jennifer Ratner-Rosenhagen, 2019-01-03 Long before the United States was a nation it was a set of ideas projected onto the New World by European explorers with centuries of belief and thought in tow From this foundation of expectation and experience America and American thought grew in turn enriched by the bounties of the Enlightenment the philosophies of liberty and individuality the tenets of religion and the doctrines of republicanism and democracy Crucial to this development were the thinkers who nurtured it from Thomas Jefferson to Ralph Waldo Emerson W E B DuBois to Jane Addams and Betty Friedan to Richard Rorty The Ideas That Made America A Brief History traces how Americans have addressed the issues and events of their time and place whether the Civil War the Great Depression or the culture wars of today Spanning a variety of disciplines from religion philosophy and political thought to cultural criticism social theory and the arts Jennifer Ratner Rosenhagen shows how ideas have been major forces in American history driving movements such as transcendentalism Social Darwinism conservatism and postmodernism In engaging and accessible prose this introduction to American thought considers how notions about freedom and belonging the market and morality and even truth have commanded generations of Americans and been the cause of fierce debate Colonial America: An Encyclopedia of Social, Political, Cultural, and Economic History James Ciment, 2016-09-16 No era in American history has been more fascinating to Americans or more critical to the ultimate destiny of the United States than the colonial era Between the time that the first European settlers established a colony at Jamestown in 1607 through the signing of the Declaration of

Independence the outlines of America's distinctive political culture economic system social life and cultural patterns had begun to emerge Designed to complement the high school American history curriculum as well as undergraduate survey courses Colonial America An Encyclopedia of Social Political Cultural and Economic History captures it all the people institutions ideas and events of the first three hundred years of American history While it focuses on the thirteen British colonies stretching along the Atlantic Colonial America sets this history in its larger contexts Entries also cover Canada the American Southwest and Mexico and the Caribbean and Atlantic world directly impacting the history of the thirteen colonies This encyclopedia explores the complete early history of what would become the United States including portraits of Native American life in the immediate pre contact period early Spanish exploration and the first settlements by Spanish French Dutch Swedish and English colonists This monumental five volume set brings America's colonial heritage vibrantly to life for today's readers It includes thematic essays on major issues and topics detailed A-Z entries on hundreds of people institutions events and ideas thematic and regional chronologies hundreds of illustrations primary documents and a glossary and multiple indexes Encyclopedia of Women and American Politics, Third Edition Lynne Ford, 2021-07-01 Encyclopedia of Women and American Politics Third Edition contains all the material a reader needs to understand the role of women throughout America's political history This informative A to Z volume contains hundreds of entries covering the people events and terms involved in the history of women and politics Entries include Abortion Alexandria Ocasio Cortez The birth control movement Black Lives Matter Hillary Rodham Clinton Deb Haaland Domestic violence Equal Rights Amendment ERA Glass ceiling League of Women Voters MeToo movement Michelle Obama Sonia Sotomayor Elizabeth Warren and many more

The Mirror of Antiquity Caroline Winterer, 2018-07-05 In The Mirror of Antiquity Caroline Winterer uncovers the lost world of American women's classicism during its glory days from the eighteenth through the nineteenth centuries Overturning the widely held belief that classical learning and political ideals were relevant only to men she follows the lives of four generations of American women through their diaries letters books needlework and drawings demonstrating how classicism was at the center of their experience as mothers daughters and wives Importantly she pays equal attention to women from the North and from the South and to the ways that classicism shaped the lives of black women in slavery and freedom In a strikingly innovative use of both texts and material culture Winterer exposes the neoclassical world of furnishings art and fashion created in part through networks dominated by elite women Many of these women were at the center of the national experience Here readers will find Abigail Adams teaching her children Latin and signing her letters as Portia the wife of the Roman senator Brutus the Massachusetts slave Phillis Wheatley writing poems in imitation of her favorite books Alexander Pope's Iliad and Odyssey Dolley Madison giving advice on Greek taste and style to the U.S. Capitol's architect Benjamin Latrobe and the abolitionist and feminist Lydia Maria Child who showed Americans that modern slavery had its roots in the slave societies of Greece and Rome Thoroughly embedded in the major ideas and events of the time the

American Revolution slavery and abolitionism the rise of a consumer society this original book is a major contribution to American cultural and intellectual history A Herstory of Economics Edith Kuiper,2022-05-12 There were only a few women economists who made it to the surface and whose voices were heard in the history of economic thought of Adam Smith David Ricardo John Maynard Keynes and Milton Friedman right Wrong In this book distinguished economist Edith Kuiper shows us that the history of economic thought is just that a his story by telling the herstory of economic thought from the perspective of women economic writers and economists Although some of these women were well known in their time they were excluded from most of academic economics and over the past centuries their work has been neglected forgotten and thus become invisible Edith Kuiper introduces the reader to an amazing crowd of female pioneers and reveals how their insights are invaluable to understanding areas of economics ranging from production work and the economics of the household to income and wealth distribution consumption public policy and much more This pathbreaking book presents a whole new perspective on the development of economic thought It will be essential reading for all students and scholars of the history of economic thought and feminist economics *Women Who Belong* Marsha R. Robinson,2013-02-22 Why bother to invert the history of Western women We must do so to fight an insidious fallacious assumption that patriarchy is universal and eternal and we must do so to nullify the amnesic effects of Domesticity s potent semantics We must resist this two pronged attack that reduces women to powerless incubators When we invert the patriarchal hegemony and center the ordinary woman as empowered owner and hostess to her life story we find women rich and poor who chose when where how and if they would cooperate with the rules of patriarchy rules often supported by other women Our heroines demanded the rights due them for properly occupying their societal place in the home in church or on the street corner We find this to be consistent across time and space We start in the seventeenth century with European women on three continents Europe North Africa and North America We present Isabel de J sus Alida Schuyler Van Rensselaer Livingston and soldiers wives widows and femes sole of the Tangier and Gibraltar garrisons Here we have women of different religions language groups and social classes and they all used patriarchal laws to protect their rights We move across time to the turn of the twentieth century in Ireland Puerto Rico and the United States where we find women as wives of rich men in Toledo s Woman Suffrage Association as middle class professionals in the civilizing missions of the Christian Church in Puerto Rico the magdalen homes of Ireland and the eugenics movement in the US and as sex workers serving tradesmen in Ireland Again these women manipulated the legal systems and demanded the powers due them from legislators mission boards and judges The microhistories of women in this volume adulterate the assumption of universal and eternal patriarchy As these women claimed the rights due them for properly occupying their prescribed social roles they also created alliances with men who partnered with them in their feminist projects Why should we invert Women s history with microhistory We must do so to liberate men and women from fallacious patriarchal oppression Revolutionary Backlash Rosemarie Zaggarri,2011-06-03

The Seneca Falls Convention is typically seen as the beginning of the first women's rights movement in the United States. Revolutionary Backlash argues otherwise. According to Rosemarie Zagarri, the debate over women's rights began not in the decades prior to 1848 but during the American Revolution itself. Integrating the approaches of women's historians and political historians, this book explores changes in women's status that occurred from the time of the American Revolution until the election of Andrew Jackson. Although the period after the Revolution produced no collective movement for women's rights, women built on precedents established during the Revolution and gained an informal foothold in party politics and male electoral activities. Federalists and Jeffersonians vied for women's allegiance and sought their support in times of national crisis. Women in turn attended rallies, organized political activities, and voiced their opinions on the issues of the day. After the publication of Mary Wollstonecraft's *A Vindication of the Rights of Woman*, a widespread debate about the nature of women's rights ensued. The state of New Jersey attempted a bold experiment for a brief time: women there voted on the same terms as men. Yet as Rosemarie Zagarri argues in *Revolutionary Backlash*, this opening for women soon closed. By 1828, women's politicization was seen more as a liability than as a strength contributing to a divisive political climate that repeatedly brought the country to the brink of civil war. The increasing sophistication of party organizations and triumph of universal suffrage for white males marginalized those who could not vote, especially women. Yet all was not lost. Women had already begun to participate in charitable movements, benevolent societies, and social reform organizations. Through these organizations, women found another way to practice politics.

Sentimental Democracy Andrew Burstein, 2000-05-24 For more than two centuries, Americans have used words of sentiment and sympathy, passion and power, to explain their country's unique democratic mission. Here, Andrew Burstein examines the emotional dynamic and the metaphorically rich language which Americans developed to express their guiding principle that the New World would improve upon the Old. Feeling, he argues, was a political and cultural phenomenon, and in the impassioned rhetoric of feeling, we can locate the sources of American patriotism. Using newspapers and magazines, private letters and public speeches, diaries and books, Burstein shows how the eighteenth-century culture of sensibility encouraged early Americans to make a heartfelt commitment to the Enlightenment's optimism about a global society; it would succeed, they believed, as much by sublime feeling as by intellectual achievement and political liberty. *Sentimental Democracy* gives us a lively dual portrait of the American psyche and the American dream, telling us as much about ourselves as about our morally passionate ancestors. From publisher's description.

To Be Useful to the World Joan R. Gundersen, 2006-12-08 Offering an interpretation of the Revolutionary period that places women at the center, Joan R. Gundersen provides a synthesis of the scholarship on women's experiences during the era, as well as a nuanced understanding that moves beyond a view of the war as either a golden age or a disaster for women. Gundersen argues that women's lives varied greatly depending on race and class, but all women had to work within shifting parameters that enabled opportunities for some while constraining opportunities for others. Three generations of women in

three households personalize these changes Elizabeth Dutoy Porter member of the small planter class whose Virginia household included an African American enslaved woman named Peg Deborah Franklin common law wife of the prosperous revolutionary Benjamin and Margaret Brant matriarch of a prominent Mohawk family who sided with the British during the war This edition incorporates substantial revisions in the text and the notes to take into account the scholarship that has appeared since the book's original publication in 1996 *Historical Dictionary of the Early American Republic* Richard Buel Jr., Jeffers Lennox, 2016-12-20 The drafting and ratification of the federal constitution between 1787 and 1788 capped almost 30 years of revolutionary turmoil and warfare The supporters of the new constitution known at the time as Federalists looked to the new national government to secure the achievements of the Revolution But they shared the same doubts that the Anti federalists had voiced about whether the republican form of government could be made to work on a continental scale Nor was it a foregone conclusion that the new government would succeed in overcoming parochial interests to weld the separate states into a single nation During the next four decades the institutions and precedents governing the behavior of the national government took shape many of which are still operative today This second edition of *Historical Dictionary of the Early American Republic* contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about American history

The Life and Times of Martha Laurens Ramsay, 1759-1811 Joanna Bowen Gillespie, 2001 Using Martha Laurens Ramsay's spiritual diary and correspondence the author presents a look at the world of the daughter of Henry Laurens president of the Continental Congress and brother of John Laurens who achieved legendary status for his military gallantry Jacket **"In the Hands of a Good Providence"** Mary V. Thompson, 2008 Mount Vernon researcher Mary Thompson endeavors to get beyond the current preoccupation with whether Washington and other founders were or were not evangelical Christians to ask what place religion had in their lives Thompson follows Washington and his family over several generations situating her inquiry in the context of new work on the place of religion in colonial and postrevolutionary Virginia and the Chesapeake from publisher description *American Women Theatre Critics* Alma J. Bennett, 2014-01-10 While the history of American theatre has been widely documented the history of its female reviewers has been routinely overlooked This book seeks to correct that oversight by exploring the role of the great female American critics thereby expanding their canonical status The anthology provides a brief description of the women's lives their working conditions samples of their writing and supporting analyses For some readers this will be a first encounter with women who deserve to be represented in the American theatre of their times and recognized for their contributions to the development of dramatic theory and criticism *The Human Tradition in the American Revolution* Nancy Lee Rhoden, Ian Kenneth Steele, 2000 This collection of 17 biographies provides a unique opportunity for the reader to go beyond the popular heroes of the American Revolution and discover the diverse populace

that inhabited the colonies during this pivotal point in history **Old World, New World** Leonard J. Sadosky, 2010-01-08
