Drawings by Vivian Springford Carr Albert H. Z.,1939 *The Remnants of the Rechtsstaat* Jens Meierhenrich,2018-02-22

This book is an intellectual history of Ernst Fraenkel s *The Dual State* 1941 reissued 2017 one of the most erudite books on the theory of dictatorship ever written Fraenkel s was the first comprehensive analysis of the rise and nature of Nazism and the only such analysis written from within Hitler s Germany His sophisticated not to mention courageous analysis amounted to an ethnography of Nazi law As a result of its clandestine origins *The Dual State* has been hailed as the ultimate piece of intellectual resistance to the Nazi regime In this book Jens Meierhenrich revives Fraenkel s innovative concept of the dual state restoring it to its rightful place in the annals of public law scholarship Blending insights from legal theory and legal history he tells in an accessible manner the remarkable gestation of Fraenkel s ethnography of law from inside the belly of the behemoth In addition to questioning the conventional wisdom about the law of the Third Reich Meierhenrich explores the legal origins of dictatorship elsewhere then and now The book sets the parameters for a theory of the authoritarian rule of law a cutting edge topic in law and society scholarship with immediate policy implications **Encyclopedias of Modern**

Dictators Frank J. Coppa,2006 Original Scholarly Monograph **Permanent Revolution** Sigmund Neumann,2023-10-16

Permanent Revolution stands out as a classic study of the social structure of totalitarian rule The problem of totalitarianism and democracy is still with us and Neumann s dictum that it is much more than a problem of constitutional structure of economic progress it is above all the difference in basic human concepts is as valid today as it was in 1942 Neuman s analysis of dictatorship opens a new approach to political dynamism for the democracies For it deals ultimately with a lasting problem the dignity and personal responsibility of the individual from the Preface by Hans Kohn *The Visitor* ,1929 A Strange

Kind of Paradise Sam Miller,2015-02-24 *A Strange Kind of Paradise* is an exploration of India s past and present from the perspective of a foreigner who has lived in India for many years Sam Miller investigates how the ancient Greeks the Romans the Chinese Arabs Africans Europeans and Americans came to imagine India Spanning the centuries from Alexander the Great to Slumdog Millionaire Miller s account features among others Thomas the Apostle the Chinese monk Xuanzang Marco Polo Babur Clive of India Allen Ginsberg the Beatles and Steve Jobs all of it interspersed with the story of his own 25 yearlong love affair with India At once scholarly and thoughtprovoking delightfully eccentric and laugh out loud funny this book is destined to become a much loved classic Discoverers, Conquerors, Colonial Settlers, Liberators, National Leaders

Corporatism in Europe and Latin America António Costa Pinto,Federico Finchelstein,2018-11-02 What drove the horizontal spread of authoritarianism and corporatism between Europe and Latin America in the 20th century What

processes of transnational diffusion were in motion and from where to where In what type of critical junctures were they adopted and why did corporatism largely transcend the cultural background of its origins What was the role of intellectual politicians in the process This book will tackle these issues by adopting a transnational and comparative research design encompassing a wide range of countries

Portraying Cicero in Literature, Culture, and

Politics Francesca Romana Berno, Giuseppe La Bua, 2022-02-21 Cicero has played a pivotal role in shaping Western culture His public persona his self portrait as model of Roman prose philosopher and statesman has exerted a durable and profound impact on the educational system and the formation of the ruling class over the centuries Joining up with recent studies on the reception of Cicero this volume approaches the figure of Cicero from a biographical more than philological perspective and considers the multiple ways by which different ages reacted to Cicero and created their Ciceros From Cicero s lifetime to our times it focuses on how the image of Cicero was revisited and reworked by intellectuals and men of culture who eulogized his outstanding oratorical and political virtues but not rarely questioned the role he had in Roman politics and society An international group of scholars elaborates on the figure of Cicero shedding fresh light on his reception in late antiquity Humanism and Renaissance Enlightenment and modern centuries Historians literary scholars and philosophers as well as graduate students will certainly profit from this volume which contributes enormously to our understanding of the influence of Cicero on Western culture over the times Twentieth Century Crime & Mystery Writers NA NA, 2015-12-25
