## Farewell Promised Land Waking From:

*Farewell, Promised Land* Robert Dawson, Gray A. Brechin, 1999-01-01 Don't mistake the message of this sad and powerful book. After 150 years of pillage and pollution it is time to fight like hell for California. Mike Davis author of *City of Quartz*. A heart-rendingly splendid book for all who love California. It combines stunning photographic documentation of the trashing of the state with an eloquent melancholy text that still offers guarded hopes for a green future. Ernest Callenbach author of *Ecotopia*.

*Farewell, Promised Land* Robert Dawson, Gray Brechin, 2023-12-22 Historical accounts of California tell of flocks of birds so dense in the sky that they cast a shadow on the ground and of thunderous rivers of geese ducks and swans moving down the state to the lagoons of Mexico and beyond. Today citizens and travelers in California take for granted skies empty of almost everything but the contrails of airplanes. But far more than wildlife is missing from California today. In text and photographs *Farewell Promised Land* documents the stark contrast between the California landscape of this past and what it has become as it traces the evolution of the California environment and looks ahead to what the future holds. When writer Gray Brechin and photographer Robert Dawson received the 1992 Dorothea Lange Paul Taylor Prize from Duke University's Center for Documentary Studies they began a five-year project of driving and flying around California to record the present state of its environment. This book is the result of that collaboration. In six thematic chapters dealing with Loss Mining Farming Cities Energy and Health the authors provide a sobering look at California's environment. A concluding chapter introduces individuals and organizations now attempting to redeem the state from its present course. *Farewell Promised Land* is a superb vehicle for communicating the causes context and seriousness of environmental and social disruptions in California. It is unique in that it successfully documents topics such as energy health and cities and brings this information directly to bear on environmental issues. Appealing to the intellect as well as to our sense of aesthetics Brechin and Dawson provide a timely wake-up call in this brave honest and straightforward assessment of California's fate. Historical accounts of California tell of flocks of birds so dense in the sky that they cast a shadow on the ground and of thunderous rivers of geese ducks and swans moving down the state to the lagoons of Mexico and beyond. Today citizens and travel

*Field Guide to California Agriculture* Paul Starrs, Peter Goin, 2010-07-06 This book brings to life one of the most creative and necessary human endeavors and makes understandable the incredible complexity of California agriculture one of the world's most daring experiments in feeding itself. A valuable resource that should be read by everyone not just those of us who farm but all of us who depend on farms. Michael Ableman farmer photographer and author of *From the Good Earth On Good Land* and *Fields of Plenty*. No understanding of this state is possible without an understanding of its agriculture that's how important this subject is. Gerald Haslam author of *Workin' Man Blues Country Music in California*. A fascinating intriguing and sometimes even humorous exploration of California's agriculture from broccoli to marijuana and beyond. At long last a book everyday people can read to understand the state's biggest industry. Louis Warren University of California Davis *Infinite*

City Rebecca Solnit,2010-11-29 What makes a place Rebecca Solnit reinvents the traditional atlas searching for layers of meaning connections of experience across San Francisco *A Cultural History of the Radical Sixties in the San Francisco Bay Area* Anthony Ashbolt,2015-10-06 The San Francisco Bay Area was a meeting point for radical politics and counterculture in the 1960s Until now there has been little understanding of what made political culture here unique This work explores the development of a regional culture of radicalism in the Bay Area one that underpinned both political protest and the counterculture **Generation Deluxe** Iris Nowell,2004-06-28 They fork out 100 million for starter castles 500 000 for a customized Mercedes and 1 2 million for a watch While Generation Deluxe explores the spending patterns of the wealthy a dark underside emerges excessive consumerism is creating serious damage to the environment and human life Simultaneously the super rich and celebrities are raising awareness and spending multi millions cleaning up the damage and as never before funding solutions to global problems of poverty hunger and disease prevention *Pagan Every Day* Barbara Ardinger,2006-08-01 Humorous and witty entries for every day of the year provoke new ideas and new ways of exploring paganism as a spiritual practice revealing how contemporary spiritual experiences show up in the most unexpected places Original **Imperial** William T. Vollmann,2009-07-30 From the author of Europe Central winner of the National Book Award a journalistic tour de force along the Mexican American border a finalist for the National Book Critics Circle Award For generations of migrant workers Imperial Country has held the promise of paradise and the reality of hell It sprawls across a stirring accidental sea across the deserts date groves and labor camps of Southeastern California right across the border into Mexico In this eye opening book William T Vollmann takes us deep into the heart of this haunted region exploring polluted rivers and guarded factories and talking with everyone from Mexican migrant workers to border patrolmen Teeming with patterns facts stories people and hope this is an epic study of an emblematic region **Imperial San Francisco, With a New Preface** Gray Brechin,2006-10-03 First published in 1999 this celebrated history of San Francisco traces the exploitation of both local and distant regions by prominent families the Hearsts de Youngs Spreckelses and others who gained power through mining ranching water and energy transportation real estate weapons and the mass media The story uncovered by Gray Brechin is one of greed and ambition on an epic scale Brechin arrives at a new way of understanding urban history as he traces the connections between environment economy and technology and discovers links that led ultimately to the creation of the atomic bomb and the nuclear arms race In a new preface Brechin considers the vulnerability of cities in the post 9 11 twenty first century Valley of Heart's Delight Anne Marie Todd,2022-10-25 This agricultural history explores the transformation of the Santa Clara Valley over the past one hundred years from America s largest fruit producing region into the technology capital of the world In the latter half of the twentieth century the region s focus shifted from fruits such as apricots and prunes to computers Both personal and public rhetoric reveals how a sense of place emerges and changes in an evolving agricultural community like the Santa Clara Valley Through extensive archival research and

interviews Anne Marie Todd explores the concepts of place and placelessness arguing that place is more than a physical location and that exploring a community's sense of place can help us to map how individuals experience their natural surroundings and their sense of responsibility towards the local environment Todd extends the concept of sense of place to describe Silicon Valley as a non place where weakened or disrupted attachment to place threatens the environment and community The story of the Santa Clara Valley is an American story of the development of agricultural lands and the transformation of rural regions

*Storming the Gates of Paradise* Rebecca Solnit, 2007-06-18 Rebecca Solnit has made a vocation of journeying into difficult territory and reporting back as an environmentalist antiglobalization activist and public intellectual *Storming the Gates of Paradise* an anthology of her essential essays from the past ten years takes the reader from the Pyrenees to the U S Mexican border from San Francisco to London from open sky to the deepest mines and from the antislavery struggles of two hundred years ago to today's street protests The nearly forty essays collected here comprise a unique guidebook to the American landscape after the millennium not just the deserts skies gardens and wilderness areas that have long made up Solnit's subject matter but the social landscape of democracy and repression of borders ruins and protests She ventures into territories as dark as prison and as sublime as a broad vista revealing beauty in the harshest landscape and political struggle in the most apparently serene view Her introduction sets the tone and the book's overarching themes as she describes Thoreau leaving the jail cell where he had been confined for refusing to pay war taxes and proceeding directly to his favorite huckleberry patch In this way she links pleasure to politics brilliantly demonstrating that the path to paradise has often run through prison These startling insights on current affairs politics culture and history always expressed in Solnit's pellucid and graceful prose constantly revise our views of the otherwise ordinary and familiar Illustrated throughout *Storming the Gates of Paradise* represents recent developments in Solnit's thinking and offers the reader a panoramic world view enriched by her characteristically provocative inspiring and hopeful observations

*Seizing the Light* Robert Hirsch, 2017-04-07 The definitive history of photography book *Seizing the Light A Social Aesthetic History of Photography* delivers the fascinating story of how photography as an art form came into being and its continued development maturity and transformation Covering the major events practitioners works and social effects of photographic practice Robert Hirsch provides a concise and discerning chronological account of Western photography This fundamental starting place shows the diversity of makers inventors issues and applications exploring the artistic critical and social aspects of the creative process The third edition includes up to date information about contemporary photographers like Cindy Sherman and Yang Yongliang and comprehensive coverage of the digital revolution including the rise of mobile photography the citizen as journalist and the role of social media Highly illustrated with full color images and contributions from hundreds of artists around the world *Seizing the Light* serves as a gateway to the history of photography Written in an accessible style it is perfect for students newly engaging with the practice of photography and for experienced photographers wanting to

contextualize their own work      Coastal Sage Thomas J. Osborne, 2018 There are moments when we forget how fortunate we are to have the California coast The state is home to 1 100 miles of uninterrupted coastline defined by long stretches of beach and jagged rocky cliffs Coastal Sage chronicles the career and accomplishments of Peter Douglas the longest serving executive director of the California Coastal Commission For nearly three decades Douglas fought to keep the California coast public prevent overdevelopment and safeguard habitat In doing so Douglas emerged as a leading figure in the contemporary American environmental movement and influenced public conservation efforts across the country He coauthored California s foundational laws pertaining to shoreline management and conservation Proposition 20 and the California Coastal Act Many of the political battles to save the coast from overdevelopment and secure public access are revealed for the first time in this study of the leader who was at once a visionary warrior and coastal sage      Dominion from Sea to Sea Bruce Cumings, 2009-11-17 America is the first world power to inhabit an immense land mass open at both ends to the world s two largest oceans the Atlantic and the Pacific This gives America a great competitive advantage often overlooked by Atlanticists whose focus remains overwhelmingly fixed on America s relationship with Europe Bruce Cumings challenges the Atlanticist perspective in this innovative new history arguing that relations with Asia influenced our history greatly Cumings chronicles how the movement westward from the Middle West to the Pacific has shaped America s industrial technological military and global rise to power He unites domestic and international history international relations and political economy to demonstrate how technological change and sharp economic growth have created a truly bicoastal national economy that has led the world for more than a century Cumings emphasizes the importance of American encounters with Mexico the Philippines and the nations of East Asia The result is a wonderfully integrative history that advances a strong argument for a dual approach to American history incorporating both Atlanticist and Pacificist perspectives      **The Public Library**, 2014-05-27 A gorgeous visual celebration of America s public libraries including 150 photos plus essays by Bill Moyers Ann Patchett Anne Lamott Amy Tan Barbara Kingsolver and many more Many of us have vivid recollections of childhood visits to a public library the unmistakable musty scent the excitement of checking out a stack of newly discovered books Today the more than 17 000 libraries in America also function as de facto community centers offering free access to the internet job hunting assistance or a warm place to take shelter And yet across the country cities large and small are closing public libraries or curtailing their hours of operation Over the last eighteen years photographer Robert Dawson has crisscrossed the country documenting hundreds of these endangered institutions The Public Library presents a wide selection of Dawson s photographs from the majestic reading room at the New York Public Library to Allensworth California s one room Tulare County Free Library built by former slaves Accompanying Dawson s revealing photographs are essays letters and poetry by some of America s most celebrated writers A foreword by Bill Moyers and an afterword by Ann Patchett bookend this important survey of a treasured American institution      **After the Ruins, 1906 and 2006** Mark Klett, Michael

Lundgren, Philip L. Fradkin, Rebecca Solnit, Karin Breuer, Legion of Honor (San Francisco, Calif.), 2006 How has San Francisco's urban landscape changed in the hundred years since the earthquake and cataclysmic firestorms that destroyed three quarters of the city in 1906 For this provocative rephotography project photographer Klett has gone to the same locations pictured in 45 photographs taken in the days following the 1906 earthquake and fires and precisely duplicated each photograph's vantage point The result is a powerful comparison that challenges our preconceptions about time history and culture Features an essay by noted environmental historian Philip Fradkin on the events surrounding and following the 1906 earthquake which he describes as the equivalent of an intensive three day bombing raid Publisher description *Baseball and the American Dream* Robert Elias, 2016-04-15 A fascinating look at how America's favorite sport has both reflected and shaped social economic and **Beasts of the Field** Richard Steven Street, 2004 Written by one of America's preeminent labor historians this book is the definitive account of one of the most spectacular captivating complex and strangely neglected stories in Western history the emergence of migratory farmworkers and the development of California agriculture Street has systematically worked his way through a mountain of archival materials more than 500 manuscript collections scattered in 22 states including Spain and Mexico to follow the farmworker story from its beginnings on Spanish missions into the second decade of the twentieth century The result is a comprehensive tour de force Scene by scene the epic narrative clarifies and breathes new life into a controversial and instructive saga long surrounded by myth conjecture and scholarly neglect With its panoramic view spanning 144 years and moving from the US Mexico border to Oregon *Beasts of the Field* reveals diverse patterns of life and labor in the fields that varied among different crops regions time periods and racial and ethnic groups Enormous in scope packed with surprising twists and turns and devastating in impact this compelling revelatory work of American social history will inform generations to come of the history of California and the nation
