Sherburne**

## **Friedrich Nietzsche Blooms Modern Critical Views:**

Friedrich Nietzsche ,2020 A collection of critical essays on the works of German philosopher Friedrich Nietzsche arranged in chronological order of publication This is an electronic version of the original edition of this Bloom s Modern Critical Views      **The Philosophy of Nietzsche** Rex Welson,2014-12-18 This important new introduction to Nietzsche s philosophical work provides readers with an excellent framework for understanding the central concerns of his philosophical and cultural writings It shows how Nietzsche s ideas have had a profound influence on European philosophy and why in recent years Nietzsche scholarship has become the battleground for debates between the analytic and continental traditions over philosophical method The book is divided into three parts In the first part the author discusses morality religion and nihilism to show why Nietzsche rejects certain components of the Western philosophical and religious traditions as well as the implications of this rejection In the second part the author explores Nietzsche s ambivalent and sophisticated reflections on some of philosophy s biggest questions These include his criticisms of metaphysics his analysis of truth and knowledge and his reflections on the self and consciousness In the final section Welshon discusses some of the ways in which Nietzsche transcends or is thought to transcend the Western philosophical tradition with chapters on the will to power politics and the flourishing life      **Nietzsche** Robert Wicks,2012-12-01 Discover the truth about the much misunderstood thinker Often quoted yet highly divisive Nietzsche remains an enigma long after his death This clear primer moves deftly through the controversy to examine the philosopher s work in the context of his tumultuous childhood and Christian upbringing Discussing his infamous declaration that God is dead his posthumous association with Nazism and his criticisms of conventional morality this book is the ideal introduction to the much debated thinker and his extensive legacy      Thomas Mann and Friedrich Nietzsche Caroline Joan (Kay) S. Picart,2022-07-11 Traditional interpretations of Thomas Mann s relation to Nietzsche s writings plot out a simple relation of earlier adulation and later rejection The book argues that Mann s disavowal of Nietzsche s influence was in the words of T J Reed a necessary political act when the repudiation of Nietzsche s more hysterical doctrines required such a response Using a genealogical method the book traces how Mann labors ambivalently under the shadow of Nietzsche s writings on his own political artistry through a detailed analysis of Mann s Death in Venice Dr Faustus the Joseph tetralogy and Confessions of Felix Krull Confidence Man Using the recurring Nietzschean themes of eroticism death music and laughter as a guide it arrives at a rough picture of how Mann both takes up and discontinues Nietzsche s poetic heritage The book derives the vision of the interrelationships binding these four leitmotiv elements from D rer s magic square as depicted in Melancholia I The link with D rer is far from arbitrary because Mann directly aligned Nietzschean insight with D rer s world of passion sympathy with suffering the macabre stench of rotting flesh and Faustian melancholy      Nietzsche's Last Laugh Nicholas D. More,2014-03-27 Nietzsche s Ecce Homo was published posthumously in 1908 eight years after his death and has been variously described ever since as useless mad or

merely inscrutable Against this backdrop Nicholas D More provides the first complete and compelling analysis of the work and argues that this so called autobiography is instead a satire This form enables Nietzsche to belittle bad philosophy by comic means attempt reconciliation with his painful past review and unify his disparate works insulate himself with humor from the danger of looking into abysses and establish wisdom as a special kind of good taste After showing how to read this much maligned book More argues that *Ecce Homo* presents the best example of Nietzsche making sense of his own intellectual life and that its unique and complex parody of traditional philosophy makes a powerful case for reading Nietzsche as a philosophical satirist across his corpus

*The Continental Aesthetics Reader* Clive Cazeaux, 2017-10-03 The Continental Aesthetics Reader brings together classic and contemporary writings on art and aesthetics from the major figures in continental thought The second edition is clearly divided into seven sections Nineteenth Century German Aesthetics Phenomenology and Hermeneutics Marxism and Critical Theory Excess and Affect Embodiment and Technology Poststructuralism and Postmodernism Aesthetic Ontologies Each section is clearly placed in its historical and philosophical context and each philosopher has an introduction by Clive Cazeaux An updated list of readings for this edition includes selections from Agamben Butler Guattari Nancy Virilio and Iek Suggestions for further reading are given and there is a glossary of over fifty key terms Ideal for introductory courses in aesthetics continental philosophy art and visual studies The Continental Aesthetics Reader provides a thorough introduction to some of the most influential writings on art and aesthetics from Kant and Hegel to Badiou and Ranci

*Whitehead's Philosophy* Janusz A. Polanowski, Donald W. Sherburne, 2012-02-01 This volume explores the range of Alfred North Whitehead's philosophy and his relevance to contemporary philosophical traditions While philosophers and theologians with only a passing acquaintance with Whitehead might think that his philosophy is unconnected to our Western philosophical tradition the contributors prove that nothing could be further from the truth The most respected scholars in the field George Allan Lisa Bellantoni John B Cobb Jr Frederick Ferr David L Hall William S Hamrick Robert Cummings Neville Janusz A Polanowski Patrick Shade and Donald W Sherburne illustrate points of connection between Whitehead's ideas to the following Descartes the so called Father of Modern Philosophy classical American thought several contemporary American thinkers including Richard Rorty and Alasdair MacIntyre aspects of European philosophy and current reflections upon the environment and technology

**Resilience and the Wandering Subject** Supriya Daniel, Anu Kuriakose, 2024-09-24 What are the different contours of defining a subject How does a subject form in the act of resilience This multi author book explores the concept of a wandering subject especially in the context of resilience The wandering subject can be understood as an ever forming subject through different mobilities This movement is not just the physical movement compelled by a certain agency but also the various mobilities of the selves of the subject mobilities through spaces the interconnections formed with other subjects and the fluidity between the subject object spaces at most times compelled by the spirit of resilience Each chapter of the book delves into the myriad modalities of movement in

spaces that are imagined or real The space is always one of contestation be it emerging from gender conflict or that of a nation or a trauma inflicted by war In this mode of displacement either physical emotional or spiritual and at times a seepage of all the subject evolves and defines itself beyond the boundaries of binaries It questions available definitions of self subjecthood and identity and prompts one to imagine ways of comprehending and elucidating the concept of subject In this sense the book not only illuminates multiple perspectives on the subject but also compels the reader to formulate their own mode of grappling with this complex idea of the subject It renders itself as an aid to current and future scholars to re imagine and re configure the subject

**Walter Pater and Persons** Stephen Cheeke,2024-06-20 Walter Pater and Persons investigates the vital concept of the Person in the work of Walter Pater a major influence on late nineteenth and early twentieth century literature Stephen Cheeke explores the intersections of the person persona and personality in Pater s work re examines arguments about his famously personal prose style traces Pater s ambivalent fascination with impersonality and asceticism considers the poetics of personification in his writings about Greek myth and religion in the divine logos of early Christianity and in the theory of Platonic Universals and explores his fascination with metempsychosis the many persons through whom the individual soul transmigrates Cheeke also explores the networks in which Pater was interpreted and misinterpreted by different persons and personalities such as Oscar Wilde Arthur Symons and W B Yeats Their mis readings of Pater and rebellions against his work from Decadent antinomian and mystical perspectives reveal the ways in which Pater s writing had always been in a critical dialogue with its own thinking as well as a prescient one in relation to his reception The philosophical question of what is a person a crucial one for the nineteenth century and with an increasing urgency in our own times is illuminated throughout this work

**Memory and Identity in Modern and Postmodern American Literature** Lovorka Gruic Grmusa,Biljana Oklopcic,2022-09-16 This book discusses how American literary modernism and postmodernism interconnect memory and identity and if and how the intertwining of memory and identity has been related to the dominant socio cultural trends in the United States or the specific historical contexts in the world The book s opening chapter is the interrogation of the narrator s memories of Jay Gatsby and his life in F Scott Fitzgerald s The Great Gatsby The second chapter shows how in William Faulkner s Light in August memory impacts the search for identities in the storylines of the characters The third chapter discusses the correlation between memory self and culture in Tennessee Williams s A Streetcar Named Desire Discussing Robert Coover s Gerald s Party the fourth chapter reveals that memory and identity are contextualized and that cognitive processes including memory are grounded in the body s interaction with the environment featuring dehumanized characters whose identities appear as role plays The subsequent chapter is the analysis of how Jonathan Safran Foer s Everything Is Illuminated deals with the heritage of Holocaust memories and postmemories The last chapter focuses on Thomas Pynchon s Against the Day the reconstructive nature of memory and the politics and production of identity in Southeastern Europe

*Borges, Language and Reality* Alfonso J. García-Osuna,2018-11-23 This book brings

together the work of several scholars to shed light on the Argentine author Jorge Luis Borges complex relationship with language and reality A critical assumption driving the work is that there is as Jaime Alazraki has put it a genuine effort to overcome the narrowness that Western tradition has imposed as a master and measure of reality in Borges writing That narrowness is in large measure a consequence of the chronic influence of positivist approaches to reality that rely on empirical evidence for any authentication of what is real This study shows that in opposition to such restrictions Borges saw in fiction in literature the most viable means of discussing reality in a pragmatic manner Moreover by scrutinising several of the author s works it establishes signposts for considering the truly complicated relationship that Borges had with reality one that intimately associates the real with human perception insight and language Metaphysics to Metafictions Paul S. Miklowitz,1998-08-06 Examines the key role played by Nietzsche in the undoing of the Hegelian system of totality

*Left-Wing Nietzscheans* Seth Taylor,2013-02-06 Friedrich Nietzsche has emerged as one of the most important and influential modern philosophers For several decades the book series Monographien und Texte zur Nietzsche Forschung MTNF has set the agenda in a rapidly growing and changing field of Nietzsche scholarship The scope of the series is interdisciplinary and international in orientation reflects the entire spectrum of research on Nietzsche from philosophy to literary studies and political theory The series publishes monographs and edited volumes that undergo a strict peer review process The book series is led by an international team of editors whose work represents the full range of current Nietzsche scholarship *The English Paradigm in India* Shweta Rao Garg,Deepti Gupta,2017-09-18 This collection pulls together a wide range of perspectives to explore the possibilities and the boundaries of the paradigm of English studies in India It examines national identity and the legacy of colonialism through a study of comparative and multi ethnic literature education English language studies and the role ICT now plays in all of these fields Contributors look at how the issue of identity can be addressed and understood through food studies linking food culture and identity The volume also considers the timely and very relevant question of gender in Indian society of the role of the woman the family and the community in patriarchal contemporary Indian society Through the lens of literature culture gender politics this exciting volume pulls together the threads which constitute modern Indian identity *Volume 12, Tome IV: Kierkegaard's Influence on Literature, Criticism and Art* Jon Stewart,2016-12-05 While Kierkegaard is primarily known as a philosopher or religious thinker his writings have also been used extensively by literary writers critics and artists This use can be traced in the work of major cultural figures not just in Denmark and Scandinavia but also in the wider world They have been attracted to his creative mixing of genres his complex use of pseudonyms his rhetoric and literary style and his rich images parables and allegories The present volume documents this influence in the different language groups and traditions Tome IV examines Kierkegaard s surprisingly extensive influence in the Anglophone world of literature and art particularly in the United States His thought appears in the work of the novelists Walker Percy James Baldwin Flannery O Connor William Styron Don Delillo and Louise Erdrich He has

also been used by the famous American literary critics George Steiner and Harold Bloom The American composer Samuel Barber made use of Kierkegaard in his musical works Kierkegaard has also exercised an influence on British and Irish letters W H Auden sought in Kierkegaard ideas for his poetic works and the contemporary English novelist David Lodge has written a novel Therapy in which Kierkegaard plays an important role Cryptic traces of Kierkegaard can also be found in the work of the famous Irish writer James Joyce

**American Nietzsche** Jennifer Ratner-Rosenhagen,2024-05-31 If you were looking for a philosopher likely to appeal to Americans Friedrich Nietzsche would be far from your first choice After all in his blazing career Nietzsche took aim at nearly all the foundations of modern American life Christian morality the Enlightenment faith in reason and the idea of human equality Despite that for more than a century Nietzsche has been a hugely popular and surprisingly influential figure in American thought and culture In American Nietzsche Jennifer Ratner Rosenhagen delves deeply into Nietzsche s philosophy and America s reception of it to tell the story of his curious appeal Beginning her account with Ralph Waldo Emerson whom the seventeen year old Nietzsche read fervently she shows how Nietzsche s ideas first burst on American shores at the turn of the twentieth century and how they continued alternately to invigorate and to shock Americans for the century to come She also delineates the broader intellectual and cultural contexts within which a wide array of commentators academic and armchair philosophers theologians and atheists romantic poets and hard nosed empiricists and political ideologues and apostates from the Left and the Right drew insight and inspiration from Nietzsche s claims for the death of God his challenge to universal truth and his insistence on the interpretive nature of all human thought and beliefs At the same time she explores how his image as an iconoclastic immoralist was put to work in American popular culture making Nietzsche an unlikely posthumous celebrity capable of inspiring both teenagers and scholars alike A penetrating examination of a powerful but little explored undercurrent of twentieth century American thought and culture American Nietzsche dramatically recasts our understanding of American intellectual life and puts Nietzsche squarely at its heart

The Ground of Our Beseeching Peter Sharpe,2004 The Ground of Our Beseeching Metaphor and the Poetics of Meditation describes the signature styles of meditation in three American poets and shows how each generated language out of spiritual yearning The author s inquiry in this area grew out of an interest in the interplay of creativity language and religion and a need to know as both critic and practicing poet how metaphor arises particularly in the context of poetry which hearkens after the sacred How far in other words has metaphor taken some of our central poets T S Eliot Wallace Stevens and Theodore Roethke in matters of belief No other critique of American poetry prior to this study has systematically linked the idea of the sacred with the practice of metaphor Nor has a compelling case been made until now for viewing meditation a style of thinking close to prayer as the source or ground of these poets

**Exchanges between Literature and Science from the 1800s to the 2000s** Márcia Lemos,2017-03-07 This collection of essays

responds to the intense interest that the relations between the discourses of literature and other cultural practices and those of science have obtained throughout various fields of study. Spanning a period between the mid nineteenth century and the twenty first century the work collected here is firmly focused on the cultural significance of scientific discoveries and practices and especially on the manifold representations of science and scientists in literature and the arts. Its four sections develop from an initial moment of dwindling indefiniteness of borders between literature and the sciences to the historical perception of an increasing divide between the two cultures to use C. P. Snow's influential expression as well as calls for a form of convergence or consilience in Edward Wilson's words. The final section turns to the medical sciences a porous scientific discipline in relation to the humanities which suggests that consilience can already be found partially in specific areas. As such this collection contributes towards critically extending that integration through the discussion of key literary representations of science its promises and its problems. Ethical Issues in Twentieth Century French Fiction C.

Davis, 1999-12-08 This book examines ethical problems raised by a number of key twentieth century theoretical and fictional texts by authors such as Levinas, Sartre, Beauvoir, Yourcenar, Duras and Genet. It argues that even texts which apparently espouse ethical positions based on respect for and responsibility towards others frequently depict conflict as an insurmountable aspect of human relations. This is reflected at an aesthetic level as these texts both describe the struggle for supremacy and replicate it in their relation to their readers.

This Enthralling World of E-book Books: A Detailed Guide Unveiling the Pros of Kindle Books: A Realm of Ease and Versatility

E-book books, with their inherent mobility and simplicity of availability, have liberated readers from the constraints of hardcopy books. Gone are the days of lugging bulky novels or meticulously searching for particular titles in shops.
