

THE FRIENDLY DICTATORSHIP

JEFFREY SIMPSON

Friendly Dictatorship

United States. Congress

Friendly Dictatorship:

The Least Examined Branch Richard W. Bauman, Tsvi Kahana, 2006-07-31 Unlike most works in constitutional theory which focus on the role of the courts this book addresses the role of legislatures in a regime of constitutional democracy Bringing together some of the world's leading constitutional scholars and political scientists the book addresses legislatures in democratic theory legislating and deliberating in the constitutional state constitution making by legislatures legislative and popular constitutionalism and the dialogic role of legislatures both domestically with other institutions and internationally with other legislatures The book offers theoretical perspectives as well as case studies of several types of legislation from the United States and Canada It also addresses the role of legislatures both under the Westminster model and under a separation of powers system

Hearings United States. Congress. House. Committee on Foreign Affairs, 1961 **Mutual Security**

Act of 1961 United States. Congress. House. Committee on Foreign Affairs, 1961

The Friendly Dictatorship Jeffrey Simpson, 2011-01-14 Is Canada a dictatorship albeit a friendly dictatorship In this thoughtful book Jeffrey Simpson argues that the Liberal Party's re-election to a third majority government must raise the question Is Canada in danger of becoming a de facto one party state ruled by an all powerful leader An effective parliamentary system presumes that at least one party is ready and capable of replacing the existing government by winning an election Clearly no party was ready in the last election and none of the opposition parties absorbed the lessons of Canadian political history that the Liberals can only be defeated by coalitions that show a preference for moderation and compromise The recent election results have left the Liberals in power for the foreseeable future Jean Chrétien's longevity and reluctance to step down has highlighted the most alarming part of Canada's de facto one party government Canadian parliamentary democracy now places more power in the hands of the prime minister than does any other democracy Chrétien who has survived and thrived so long in this political system is the last person from whom anyone should expect an interest in reform At the same time Canadians increasing discouragement over their political system can be seen in a declining voter turnout a documented erosion in respect for all politicians and in an increasing interest in other forms of political engagement as opposed to organized partisan politics The Friendly Dictatorship demonstrates what has been happening in three areas that are vital to Canadian democracy the parliamentary system the political parties and the electorate What has occurred within each of these spheres has directly influenced developments in the others and the combined effect has been to leave Canadian democracy in a worrying state The Friendly Dictatorship delivers a message that is informed articulate and passionate and that should be heard by all Canadians

Executive Styles in Canada Luc Bernier, Keith Brownsey, Michael Howlett, 2015-05-07 Canada's political regime is centred on the existence of a federal system of government within the institutions of Westminster parliamentary democracy This system places a great deal of political power in the hands of cabinet ministers and while cabinet systems of government in Canada have evolved at different speeds in different federal and provincial governments they have over the

last two decades increased centralization of administrative and legislative control in ever fewer hands This shift has been well demonstrated by scholars such as Donald J Savoie regarding the federal system but little examined in the context of provincial governance Executive Styles in Canada places equal emphasis on both levels explaining how and in what way cabinet systems have conformed to or diverged from this general pattern This unique collection is the only systematic cross provincial study of its kind and is certain to be of great benefit to anyone interested in the structure of government in Canada

The International Development and Security Act United States. Congress. House. Foreign Affairs,1961

Breaking the Bargain Donald J. Savoie,2003-01-01 In Breaking the Bargain Donald J Savoie reveals how the traditional deal struck between politicians and career officials that underpins the workings of our national political and administrative process is today being challenged

U. S. Intervention and Regime Change in Nicaragua Mauricio Solaun,2021-08-05 As President Carter s ambassador to Nicaragua from 1977 1979 Mauricio Sola n witnessed a critical moment in Central American history In U S Intervention and Regime Change in Nicaragua Sola n outlines the role of U S foreign policy during the Carter administration and explains how this policy with respect to the Nicaraguan Revolution of 1979 not only failed but helped impede the institutionalization of democracy there Late in the 1970s the United States took issue with the Nicaraguan dictator Anastasio Somoza Moral suasion economic sanctions and other peaceful instruments from Washington led to violent revolution in Nicaragua and bolstered a new dictatorial government A U S supported counterrevolution formed and Sola n argues that the United States attempts to this day to determine who rules Nicaragua Sola n explores the mechanisms that kept Somoza s poorly legitimized regime in power for decades making it the most enduring Latin American authoritarian regime of the twentieth century Sola n argues that continual shifts in U S international policy have been made in response to previous policies that failed to produce U S friendly international environments His historical survey of these policy shifts provides a window on the working of U S diplomacy and lessons for future policy making

Perilous Partners Ted Galen Carpenter,Malou Innocent,2015-09-22 American leaders have cooperated with regimes around the world that are to varying degrees repressive or corrupt Such cooperation is said to serve the national interest But these partnerships also contravene the nation s commitments to democratic governance civil liberties and free markets During the Cold War policymakers were casual about sacrificing important values for less than compelling strategic rationales Since the 9 11 attacks similar ethical compromises have taken place although policymakers now seem more selective than their Cold War era counterparts Americans want a foreign policy that pursues national interests while observing American values How might that reconciliation of interest and morality be accomplished In Perilous Partners authors Ted Galen Carpenter and Malou Innocent provide a strategy for resolving the ethical dilemmas between interests and values faced by Washington They propose maintaining an arm s length relationship with authoritarian regimes emphasizing that the United States must not operate internationally in ways that routinely pollute American values It is a strategy based on ethical pragmatism which is

the best way to reconcile America's strategic interests and its fundamental values Perilous Partners creates a strategy for conducting an effective U S foreign policy without betraying fundamental American values **The International Development and Security Act** United States. Congress. House. Committee on Foreign Affairs,1961 *Congressional Record* United States. Congress,1977 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Harper's Team** Tom Flanagan,2009-05-01 Harper's team fought four campaigns in five years two leadership races and two national elections Through trial and error and determination they learned to combine the Reform Party's strength in grassroots politics with the Progressive Conservative expertise in advertising and media relations while simultaneously adopting the latest advances in information and communications technology **Success Stories on the Threshold of the New Millennium in Glorious Uzbekistan** , Douglas Gibson Unedited Douglas Gibson,Christine Evain,2007 This volume highlights the work of Canadian editor Douglas Gibson currently working at McClelland Stewart It covers a broad spectrum of topics including the difference between publishing fiction and non fiction and an analysis of the book industry today *Legislatures* David C. Docherty,2011-11-01 Legislatures provides a democratic audit of Canada's provincial and national representative assemblies It argues that the problem existing in these bodies is not a lack of talent so much as a lack of institutional freedom Specifically the problem is largely one of resources and rules The move to a more multi party system nationally and the increasing tendency to downsize provincial assemblies has placed additional hurdles in the path to good governance Docherty uses the series criteria of responsiveness inclusiveness and participation to evaluate critically the performance of legislatures in Canada and makes recommendations for legislative reform in Canada The Primacy of Persons in Politics John von Heyking,Thomas W. Heilke,2013 Taking as their departure point the political philosophical analyses of German scholar Tilo Schabert the philosophical and empirical essays in this volume invite the reader to move beyond the sterile dichotomy of political activity as either pure will or as folded into a more manageable activity The Politicization of the Civil Service in Comparative Perspective B. Guy Peters,Jon Pierre,2004-08-02 This book addresses an important issue and debate in public administration the politicization of civil service systems and personnel Using a comparative framework the authors address issues such as compensation appointments made from outside the civil service system anonymity partisanship and systems used to handle appointees of prior administrations in the US Canada Germany France Britain New Zealand Belgium the Netherlands Spain and Greece **Imperfect Democracies** Patti Tamara Lenard,Richard Simeon,2012-10-01 Canada and the United States are consistently ranked among the most democratic countries in the world yet voices expressing concern about the quality of these democracies are becoming louder and more insistent Critics

maintain that the two countries suffer from a democratic deficit a deficit that raises profound questions about the legitimacy and effectiveness of their democratic institutions Imperfect Democracies brings together Canadian and American scholars to compare how the democratic deficit plays out in the two nations An important contribution to the field of democratic theory and the study of democratic institutions this timely book will spark debate on both sides of the border [The Bride's Pass](#) Sarah Tytler,1882 **Canadian Federalism** Herman Bakvis,Grace Skogstad,2020-07-09 Canadian Federalism is Canada's leading text on federal institutions and processes The fourth edition provides extensive updates and covers all the significant developments of the past decade including Prime Minister Stephen Harper's battles with the Supreme Court and Prime Minister Justin Trudeau's efforts at a more co-operative approach to intergovernmental relations It also features two entirely new chapters one on criminal justice and criminal law the other on comparative federalism Specific topics include the Supreme Court's renewed emphasis on co-operative federalism and a federal-provincial balance tilted more in favour of the provinces the Trudeau government's efforts to broker a deal between provinces over pipelines and carbon taxes as part of its commitment under the Paris Agreement the strains imposed on federal-provincial relations with the influx of refugees and the changing role of Ottawa and the provinces towards cities and in accommodating Indigenous rights Examination of these key issues includes discussion of the implications of the 2019 federal election and recent provincial elections

Immerse yourself in the artistry of words with is expressive creation, Immerse Yourself in **Friendly Dictatorship** . This ebook, presented in a PDF format (*), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge. Download now to let the beauty of literature and artistry envelop your mind in a unique and expressive way.
