One Mission Chris Fussell,C. W. Goodyear,2017-06-13 From the co author of the New York Times bestseller Team of Teams a practical guide for leaders looking to make their organizations more interconnected and unified in the midst of sudden change Too often companies end up with teams stuck in their own silos pursuing goals and metrics in isolation Their traditional autocratic structures create stability scalability and predictability but in a world that demands rapid adaptation to a new reality this traditional model simply doesn t work In Team of Teams retired four star General Stanley McChrystal and former Navy SEAL Chris Fussell made the case for a new organizational model combining the agility adaptability and cohesion of a small team with the power and resources of a giant organization Now in One Mission Fussell channels all his experiences both military and corporate into powerful strategies for unifying isolated and distrustful teams This practical guide will help leaders in any field implement the Team of Teams approach to tear down their silos improve collaboration and avoid turf wars By committing to one higher mission organizations develop an overall capability that far exceeds the sum of their parts From Silicon Valley software giant Intuit to a government agency on the plains of Oklahoma organizations have used Fussell s methods to unite their people around a single compelling vision resulting in superior performance One Mission will help you follow their example to a more agile and resilient future

Facilitating Technology Transfer through Partnership Tom McMaster,E. Mumford,E.B. Swanson,B. Warboys,David Wastell,2016-01-09 The primary aim for this book is to gather and collate articles which represent the best and latest thinking in the domain of technology transfer from research academia and practice around the world We envisage that the book will as a result of this represent an important source of knowledge in this domain to students undergraduate and postgraduate researchers practitioners and consultants chiefly in the software engineering and IT industries but also in management and other organisational and social disciplines An important aspect of the book is the role that reflective practitioners and not just academics play They will be involved in the production and

evaluation of contributions as well as in the design and delivery of conference events upon which of course the book will be based
