Friends Enemies Sovereigns:

Friends, Enemies and Sovereigns Sir John Wheeler Wheeler-Bennett, 1976-06-18 **Friendly Sovereignty** Ted H. Miller, 2023-03-22 Over the last one hundred years the term sovereignty has often been associated with the capacity of leaders to declare emergencies and to unleash harmful extralegal force against those deemed enemies Friendly Sovereignty explores the blind spots of this influential perspective Ted H Miller challenges the view of sovereignty propounded by Carl Schmitt the Weimar and Nazi period jurist and political theorist whose theory undergirds this understanding of sovereignty Claiming a return to concepts of sovereignty forgotten by his liberal contemporaries Schmitt was preoccupied with the legal exceptions required he said to rescue polities in crisis Much is missing from what Schmitt harvests from the past His framework systematically overlooks another extralegal power one that often caused consternation even among absolutists like Thomas Hobbes Sovereigns also made exceptions for friends allies and dependents Friendly Sovereignty plumbs the history of political thought about sovereignty to illustrate this other side of the sovereign s exception making power At the core of this extensive study are three thinkers each of whom stakes out a distinct position on the merits and demerits of a friendly sovereign the nineteenth century historian Jules Michelet the seventeenth century political philosopher Thomas Hobbes and Seneca the ancient Stoic and teacher of Nero Analytically rigorous and thorough in its intellectual history Friendly Sovereignty presents a more comprehensive understanding of sovereignty than the one typically taught today It will be particularly useful to scholars and students of political theory and philosophy **Friends, Enemies and Sovereigns** John Wheeler Wheeler-Bennett (Sir.), 1976 **Witness to History** Victoria Schofield, 2012-01-01 Historian Sir John Wheeler Bennett 1902 1975 was one of the twentieth century s most extraordinary political observers Through an ability to make important connections he became an authority on Germany in the interwar years and was acquainted with all the German hierarchy including Hitler and Hindenburg He was one of the last people to interview Trotsky writing an important analysis of the Brest Litovsk Treaty between Germany and the Soviet Union in 1917 As King George VI s official biographer he met and interviewed the major leaders of the postwar period including Churchill Coolidge Truman and members of the British Royal Family A teacher at the universities of New York Virginia and Arizona he also briefly supervised young Jack Kennedy s master s thesis at Harvard This first biography of Wheeler Bennett will fascinate anyone interested in the great political figures of world history during the twentieth century **Friendship Reconsidered** P. E. Digeser, 2016-09-06 In the history of Western thought friendship s relationship to politics is checkered Friendship was seen as key to understanding political life in the ancient world but it was then ignored for centuries Today friendship has again become a desirable framework for political interaction In Friendship Reconsidered P E Digeser contends that our rich and varied practices of friendship multiply and moderate connections to politics Along the way she sets forth a series of ideals that appreciates friendship s many forms and its dynamic relationship to individuality citizenship political and legal institutions and international relations

Digester argues that as a set of practices bearing a family resemblance to one another friendship calls our attention to the importance of norms of friendly action and the mutual recognition of motive Focusing on these attributes clarifies the place of self interest and duty in friendship and points to its compatibility with the pursuit of individuality She shows how friendship can provide islands of stability in a sea of citizen strangers and in a delegitimized political environment a bridge between differences She also explores how political and legal institutions can both undermine and promote friendship Digester then looks to the positive potential of international friendships in which states mutually strive to protect the just character of one another s institutions and policies Friendship s repertoire of motives and manifestations complicates its relationship to politics Digester concludes but it can help us realize the limits and possibilities for generating new opportunities for cooperation

Sovereign Nations, Carnal States Kam Shapiro, 2018-08-06 *Sovereign Nations Carnal States* is an extraordinarily synthetic intellectual tour de force Kam Shapiro uses the body as a lens to focus on often overlooked dimensions of modern sovereignty He provides a novel perspective on one of the most important problems in contemporary political theory the conflict between the demands of political sovereignty exemplified in the nation state and the economic and cultural dislocations of modern society It is often assumed that classical political theory conceives of the body as an instrument subordinated to a rational subject In contrast Shapiro argues that thinkers from Augustine to Hegel and Carl Schmitt have conceptualized the body as a resource to supplement standard modes of political affiliation and moral agency Drawing on critical readings of Augustine Derrida Hegel Schmitt and Benjamin Shapiro develops what he refers to as a political somatics The author is preoccupied by the way desire and habit are the conditions of possibility for meaningful political affiliation but he also shows how they constantly risk being held hostage to contingency Both he concludes are important resources for democratic politics Shapiro marshals both historical and contemporary philosophical accounts of embodiment in order to explain an important contemporary political question How is the nation state able to cohere as a functioning political unit despite internal differences and the vagaries of the market

Biopolitics of Security Michael Dillon, 2015-02-11 Taking its inspiration from Michel Foucault this volume of essays integrates the analysis of security into the study of modern political and cultural theory Explaining how both politics and security are differently problematised by changing accounts of time the work shows how during the course of the 17th century the problematisation of government and rule became newly enframed by a novel account of time and human finitude which it calls factual finitude The correlate of factual finitude is the infinite and the book explains how the problematisation of politics and security became that of securing the infinite government of finite things It then explains how concrete political form was given to factual finitude by a combination of geopolitics and biopolitics Modern sovereignty required the services of biopolitics from the very beginning The essays explain how these politics of security arose at the same time changed together and have remained closely allied ever since In particular the book explains how biopolitics of security changed in response to the molecularisation and

digitalisation of Life and demonstrates how this has given rise to the dangers and contradictions of 21st century security politics This book will be of much interest to students of political and cultural theory critical security studies and International Relations

Sovereign Power and the Law in China Flora Sapio, 2010-07-12 In China the coexistence of arbitrary detention and a transition towards a rule of law is either seen as an oxymoron or as an aberration This book analyses under researched institutions and practices in China's criminal justice system arguing that derogations from the rule of law constitute an organic component of the legal order Hidden behind the law there lies sovereign power a power premised on the choice to handle certain issues through procedures that derogate from rights This theoretically sophisticated study overcomes the current impasses in analyses of China's criminal justice The result is an highly innovative reading of law and legality in the PRC useful to scholars of contemporary China mainstream political theorists philosophers of law and policy makers This important book heralds a new chapter in the comparative study of Chinese law and society it presents and analyses a tremendous wealth of information above all from contemporary Chinese sources the book provides a new basis for deeper comparisons of the emerging Chinese reforming Leninist model with the rule of law and its suspension in Western countries Magnus Fiskesj Cornell University

Post Sovereign Constitution Making Andrew Arato, 2016-03-10 Constitutional politics has become a major terrain of contemporary struggles Contestation around designing replacing revising and dramatically re interpreting constitutions is proliferating worldwide Starting with Southern Europe in post Franco Spain then in the ex Communist countries in Central Europe post apartheid South Africa and now in the Arab world constitution making has become a project not only of radical political movements but of liberals and conservatives as well Wherever new states or new regimes will emerge in the future whether through negotiations revolutionary process federation secession or partition the making of new constitutions will be a key item on the political agenda Combining historical comparison constitutional theory and political analysis this volume links together theory and comparative analysis in order to orient actors engaged in constitution making processes all over the world The book examines two core phenomena the development of a new democratic paradigm of constitution making and the resulting change in the normative discussions of constitutions their creation and the source of their legitimacy After setting out a theoretical framework for understanding these developments Andrew Arato examines recent constitutional politics in South Africa Hungary Turkey and Latin America and discusses the political stakes in constitution making The book concludes by offering a systematic critique of the alternative to the new paradigm populism and populist constituent politics

Sovereignty in Post-Sovereign Society Jiří Příbáň, 2016-03-09 Sovereignty marks the boundary between politics and law Highlighting the legal context of politics and the political context of law it thus contributes to the internal dynamics of both political and legal systems This book comprehends the persistence of sovereignty as a political and juridical concept in the post sovereign social condition The tension and paradoxical relationship between the semantics and structures of sovereignty and post sovereignty are

addressed by using the conceptual framework of the autopoietic social systems theory Using a number of contemporary European examples developments and paradoxes the author examines topics of immense interest and importance relating to the concept of sovereignty in a globalising world The study argues that the modern question of sovereignty permanently oscillating between de iure authority and de facto power cannot be discarded by theories of supranational and transnational globalized law and politics Criticising quasi theological conceptualizations of political sovereignty and its juridical form the study reformulates the concept of sovereignty and its persistence as part of the self referential communication of the systems of positive law and politics The book will be of considerable interest to academics and researchers in political legal and social theory and philosophy

BioShock and Philosophy Luke Cuddy, 2015-06-22 Considered a sign of the coming of age of video games as an artistic medium the award winning BioShock franchise covers vast philosophical ground BioShock and Philosophy Irrational Game Rational Book presents expert reflections by philosophers and Bioshock connoisseurs on this critically acclaimed and immersive fan favorite Reveals the philosophical questions raised through the artistic complexity compelling characters and absorbing plots of this ground breaking first person shooter FPS Explores what BioShock teaches the gamer about gaming and the aesthetics of video game storytelling Addresses a wide array of topics including Marxism propaganda human enhancement technologies political decision making free will morality feminism transworld individuality and vending machines in the dystopian society of Rapture Considers visionary game developer Ken Levine's depiction of Ayn Rand's philosophy as well as the theories of Aristotle de Beauvoir Dewey Leibniz Marx Plato and others from the Hall of Philosophical Heroes

The Sovereign Stephen Eric Bronner, 2020-06-15 Sovereignty is among the most important phenomena for making sense of political life But there are many mistaken assumptions associated with the concept This book provides a new and somewhat unorthodox interpretation of it from the standpoint of a theory of practice The Sovereign responds to pressing political issues of our time like immigration and refugees transnationalism and populism the prospects for democracy and the relationship between civil society and the state The chapters trace the concept of sovereignty from its origins in political theory providing perspective and insights that leave the reader with a phenomenological sketch of the sovereign Bronner transforms our ideas about political power what it is how it has been used and how it can be used His new theory of sovereignty concludes with twenty five provocative theses on the sovereign's role in modern capitalist society The Sovereign is a novel and unparalleled overview of a crucial concept by an influential thinker It is especially and particularly recommended to scholars and student of comparative politics international relations contemporary political theory and the wider general public

Critiquing Sovereign Violence Gavin Rae, 2019-04-10 Gavin Rae offers an original approach to sovereign violence by looking at a wide range of thinkers which he organises into three models Benjamin Schmitt Arendt Deleuze and Guattari form the radical juridical perspective Foucault and Agamben the biopolitical Derrida the bio juridical which Rae argues produces the most nuanced account Rae engages with new translations of *The Beast* and *The Sovereign*

and The Death Penalty to show that Derrida offers a radical and alternative angle in which violence is placed between law and life simultaneously creating and regulating each through the other

Shakespeare's Foreign Queens Sandra Logan, 2018-05-11 This book examines Shakespeare's depiction of foreign queens as he uses them to reveal and embody tensions within early modern English politics Linking early modern and contemporary political theory and concerns through the concepts of fragmented identity hospitality citizenship and banishment Sandra Logan takes up a set of questions not widely addressed by scholars of early modern queenship How does Shakespeare's representation of these queens challenge the opposition between friend and enemy that ostensibly defines the context of the political And how do these queens expose the abusive potential of the sovereign Focusing on Katherine of Aragon in Henry VIII Hermione in The Winter's Tale Tamora in Titus Andronicus and Margaret in the first history tetralogy Logan considers them as means for exploring conditions of vulnerability alienation and exclusion common to subjects of every social position exposing the sovereign himself as the true enemy of the state

Sovereign States Or Political Communities? Darrow Schechter, 2000 Explores the ideas meaning and history of civil society its role in the 1989 revolutions its role in new social movements and its relationship with the state and the economy Distinguishes between security and freedom and illustrates how the latter is a political issue Draws on the writings of a wide range of political thinkers including Kant Hegel Feuerbach Marx Weber Schmitt Adorno Arendt Offers sophisticated and illuminating analysis and seeks to redefine politics in new ways

The Personality of Power Brian Massumi, 2025-02-28 I am the Chosen One With this exclamation Donald Trump crowns the national exceptionalism his base upholds with a claim of personal exceptionalism He leaves no doubt as to the emotional note I am your vengeance He personifies reaction for the masses Except in today's microsegmented social media environment the masses no longer exist Fascism's cultural conditions have shifted In The Personality of Power Brian Massumi retheorizes the conditions of contemporary fascism through the prism of Trump's persona Older theories based on identification of the masses with a charismatic leader no longer hold Rather an affective regime of reaction agitates bodies and orients lives at the molecular level Massumi examines this agitation in relation to race gender personhood and conspiracy thinking The Personality of Power is a political treatise on fascism and its precursor movements coupled with a philosophical inquiry into becoming reactionary as a collective process Massumi calls the very concept of the person into question asking what collective personhood means concretely Nothing less than an alternative political logic is needed turned to the task of thinking collective individuation

Kierkegaard's Indirect Politics Bartholomew Ryan, 2014-03-15 This book argues that a radical political gesture can be found in Søren Kierkegaard's writings The chapters navigate an interdisciplinary landscape by placing Kierkegaard's passionate thought in conversation with the writings of Georg Lukács Carl Schmitt Walter Benjamin and Theodor Adorno At the heart of the book's argument is the concept of indirect politics which names a negative space between methods concepts and intellectual acts in the work of Kierkegaard as well as marking the dynamic relations

between Kierkegaard and the aforementioned thinkers Kierkegaard's indirect politics is a set of masks that displaces identities from one field to the next: theology masks politics, law masks theology, political theory masks philosophy, and psychology masks literary approaches to truth. As reflected in Lukács, Schmitt, Benjamin, and Adorno, this book examines how Kierkegaard's indirect politics sets into relief three significant motifs: intellectual non-conformism, indirect communication, and through ambiguous identities and negative dialectics.

Bartholomew Ryan is currently a postdoctoral fellow 2011 at the Instituto de Filosofia da Nova, New University of Lisbon, Portugal. He holds degrees from Aarhus University, Denmark; PhD, University College Dublin, MA, and Trinity College Dublin, 1999. He was visiting lecturer at the European College of Liberal Arts in Berlin, 2007-2011, and Lady Margaret Hall, University of Oxford, 2010, and was a guest scholar at the Søren Kierkegaard Research Centre in Copenhagen, 2007 and 2005, and the Hong Kierkegaard Library at St Olaf College, Minnesota, 2005. He has written extensively on Kierkegaard and also published articles on Nietzsche, Pessoa, Joyce, Shakespeare, and Schmitt.

The Exclusionary Politics of Asylum V. Squire, 2016-01-12. This critique of the securitization and criminalization of asylum seeking challenges the claim that asylum seekers threaten receiving states. It analyzes recent policy developments in relation to their wider historical, political, and European contexts and argues that the UK response effectively renders asylum seekers as scapegoats.

Demopolis Josiah Ober, 2017-07-14. What did democracy mean before liberalism? What are the consequences for our lives today? Combining history with political theory, this book restores the core meaning of democracy as collective and limited self-government by citizens. That rather than majority tyranny is what democracy meant in ancient Athens before liberalism. Participatory self-government is the basis of political practice in Demopolis, a hypothetical modern state powerfully imagined by award-winning historian and political scientist Josiah Ober. Demopolis residents aim to establish a secure, prosperous, and non-tyrannical community where citizens govern as a collective, both directly and through representatives, and willingly assume the costs of self-government because doing so benefits them both as a group and individually. Basic democracy as exemplified in real Athens and imagined Demopolis can provide a stable foundation for a liberal state. It also offers a possible way forward for religious societies seeking a realistic alternative to autocracy.

The Ontology of Death Aaron Aquilina, 2023-05-18. Through examination of the death penalty in literature, Aaron Aquilina contests Heidegger's concept of being-towards-death and proposes a new understanding of the political and philosophical subject. Dickens, Nabokov, Hugo, Sophocles, and many others explore capital punishment in their works, from *Antigone* to *Invitation to a Beheading*. Using these varied case studies, Aquilina demonstrates how they all highlight two aspects of the experience: first, they uncover a particular state of being, or more precisely, non-being, that comes with a death sentence; and second, they reveal how this state exists beyond death, for as sovereignty and alterity are by no means confined to a prison cell. In contrast to Heidegger's being-towards-death, which individualizes the subject, only "I can die my own death," supposedly, this book argues that when condemned to death, the self and death collide, putting under erasure the category of subjectivity itself.

Be it death row or not when the supposed futurity of death is brought into the here and now we encounter what Aquilina calls relational death. Living on with death severs the subject's relation to itself, the other, and political sociality as a whole, rendering the human less a named and recognizable being than an anonymous living corpse, a human thing. In a sustained engagement with Blanchot, Levinas, Hegel, Agamben, and Derrida, *The Ontology of Death* articulates a new theory of the subject beyond political subjectivity defined by sovereignty and beyond the Heideggerian notion of ontological selfhood.

Friends Enemies Sovereigns Introduction

In today's digital age, the availability of Friends Enemies Sovereigns books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Friends Enemies Sovereigns books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Friends Enemies Sovereigns books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Friends Enemies Sovereigns versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Friends Enemies Sovereigns books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Friends Enemies Sovereigns books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Friends Enemies Sovereigns books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a nonprofit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers.

Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Friends Enemies Sovereigns books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Friends Enemies Sovereigns books and manuals for download and embark on your journey of knowledge?

FAQs About Friends Enemies Sovereigns Books

What is a Friends Enemies Sovereigns PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Friends Enemies Sovereigns PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Friends Enemies Sovereigns PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Friends Enemies Sovereigns PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Friends Enemies Sovereigns PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size,

making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
