Encyclopedia of Television Shows, 1925 through 2010, 2d ed. Vincent Terrace, 2014-01-10 This fully updated and expanded edition covers over 10 200 programs making it the most comprehensive documentation of television programs ever published In addition to covering the standard network and cable entertainment genres the book also covers programs generally not covered elsewhere in print or even online including Internet series aired and unaired pilot films erotic series gay and lesbian series risqué cartoons and experimental programs from 1925 through 1945

Brother of Jesus, Friend of God Luke Timothy Johnson, 2004 This is a print on demand book and is therefore non returnable The letter of James has enjoyed a colorful history with its background and significance widely debated over the centuries In this book an outstanding scholar of the New Testament offers new and selected studies of James that show its roots in antiquity and its importance for Christian history and theology Luke Timothy Johnson explores the letter of James from a variety of perspectives After a general introduction to James he looks at its history of interpretation Johnson then

examines James's social and historical situation its place within Scripture and its use of the sayings of Jesus. Several exegetical studies take care to place James in the context of Hellenistic moral discourse. Two concluding essays look at the themes of friendship and gender in James. While seemingly of interest only to professionals, Johnson's *Brother of Jesus: Friend of God* will also be accessible to general readers serious about Bible study and church groups will find this volume to be a fruitful entry into an important portion of the New Testament.

The British Friend, 1847 The Friend, 1852 *The Evangelical Magazine and Missionary Chronicle*, 1846 *Friends' Intelligencer*, 1925 The Life of Henry James

Peter Collister, 2023-04-03

Discover anew the life and influence of Henry James, part of the acclaimed Wiley Blackwell Critical Biographies series. In *The Life of Henry James: A Critical Biography*, Peter Collister, an established critic and authority on Henry James, offers an original and fully documented account of one of America's finest writers, who was both a creative practitioner and theorist of the novel. In this volume, James's life in all its personal and cultural richness is examined alongside a detailed scrutiny of his fiction, essays, biographies, autobiographies, travel writing, plays, and reviews. James was a dedicated and brilliant letter writer, and his biographer makes judicious use of this material, some of it previously unpublished, evoking in the novelist's own words the society within which he moved and worked. His gift for friendship, often resulting in close relationships with both men and women, are sensitively explored. Near the beginning of his long and highly productive life, James left America to immerse himself in European culture and history, a necessity he felt for the developing artist. In an ironic symmetry, he witnessed in his youth the effects of the American Civil War and in his last days, finally becoming a British citizen, despaired at the unfolding tragedy of the Great War in Europe. Sustained nevertheless by his own creative energy, he never ceased to believe in the capacity of the arts to enhance and give significance to life. Provides well-informed accounts of Henry James's youth in New York City, his unconventional education, his extensive travel in Europe, his eventual assimilation into British society, his development as a writer, and his personal relationships as a single man. Features discussions of James's major works in a variety of genres from an assured theoretical and historical perspective. Assesses James's developing quest for dramatic form in his fiction, the scenic art, as well as his critical writing, which was to have a lasting influence on the literature and aesthetic values of the twentieth century. Discusses his achieved aspiration to be just literary, to become what he called that queer monster, an artist. Charts James's lifelong interest in art and theatre. An incisive discussion of the life of an author of major stature. *The Life of Henry James: A Critical Biography* offers a refreshingly lucid and human account of a novelist and his often challenging but rewarding writing.

Peter Collister, a former college Assistant Principal, has published many essays in Europe and America on a range of nineteenth-century British and French authors. He is the author of *Writing the Self: Henry James and America* and later edited for the university presses of Cambridge and Virginia the award-winning volumes *The Complete Writings of Henry James on Art and Drama*, James's autobiographical writings *A Small Boy and Others*, *Notes of a Son and Brother*, and *The Middle Years*, as well as *The American Scene*.
