Family friend [ed. by R.K. Philp]. Robert Kemp Philp, 1861 Journey to the Better Place Brian Barnes, 2022-09-01 Joshua and Jericho From the moment he read the two names in the newspaper he knew that the demons from his past had found him In the steaming jungle of Guatemala Raymond Coulter had killed a man and it had destroyed him But now those two names had returned dragging his darkest memories into his present life was it a coincidence or perhaps a message Whatever it was the first step in a long journey of death and survival of hatred and love had been taken and he was powerless to alter the

course of his own destiny A moral dilemma on a global scale had to be confronted the trail of murder had already begun Addicted and controlled Watching the man throw himself from the apartment window to a certain death on the concrete far below she accepted that it was a necessary part of all this His death was not important to her but the manner of it was crucial The wilful act of self destruction had been the key factor and it now meant their revenge could finally become a reality But the old man s visions had told him there was a problem one man stood in the way of their pursuit of vengeance and Lucia Cortez had to find him and then she would destroy him It didn t matter who the man was nothing and no one would be allowed to prevent their revenge Then and only then her dying grandfather could start out on his Journey to the Better Place Raymond and Lucia Each plagued by the horrors of the past each searching for the key to the future but they are being followed by people who will stop at nothing to get what they want These killers are professional and they will wait patiently for the right time the right place and then the death toll will be increased by two and there will be no witnesses they will leave nothing behind

as well as diverse historical and archival material including songbooks prison records and newspaper articles to understand the history of political violence in Ireland The book examines the potential of rebel songs to memorialize a pantheon of republican martyrs and demonstrates how musical performance and political song not only articulate experiences and memories of oppression and violence but also play a central role in the reproduction of conflict and exclusion in times of peace
