Art Wilkins, 1998 *Hesychasm and Art* Anita Strezova, 2014-09-01 Although many of the iconographic traditions in Byzantine art formed in the early centuries of Christianity they were not petrified within a time warp Subtle changes and refinements in Byzantine theology did find reflection in changes to the iconographic and stylistic conventions of Byzantine art This is a brilliant and innovative book in which Dr Anita Strezova argues that a religious movement called Hesychasm especially as espoused by the great Athonite monk St Gregory Palamas had a profound impact on the iconography and style of Byzantine art including that of the Slav diaspora of the late Byzantine period While many have been attracted to speculate on such a connection none until now has embarked on proving such a nexus The main stumbling blocks have included the need for a comprehensive knowledge of Byzantine theology a training in art history especially iconological semiotic and formalist methodologies extensive fieldwork in Macedonia Bulgaria Serbia Greece Turkey and Russia and a working knowledge of Greek Old Church Slavonic Macedonian Russian Serbian Latin as well as several modern European languages French German Russian and Italian These are some of the skills which Dr Strezova has brought to her topic Professor Sasha Grishin AM FAHA Adjunct Professor of Art History School of Literature Languages and Linguistics The Australian National University *Thinking and Writing about Art*

The Painted Word Phil Cousineau, 2012-09-11 To untangle the knot of interlocking meanings of these painted words logophile and mythologist Phil Cousineau begins each fascinating word

entry with his own brief definition He then fills it in with a tint of etymology and a smattering of quotes that show how the word is used ending with a list of companion words The words themselves range from commonplace like biscuit a twice baked cake for Roman soldiers to loanwords including chaparral from the Basque shepherds who came to the American West words from myths such as hector metamorphosis words like silly which evolved holy to goofy in a mere thousand years and words well worthy of revival such as carrytale a wandering storyteller Whether old fangled or brand new all the words included in *The Painted Word* possess an ineffable quality that makes them luminous **Art Work** April F.

Masten,2014-10-31 I was in high spirits all through my unwise teens considerably puffed up after my drawings began to sell with that pride of independence which was a new thing to daughters of that period *The Reminiscences of Mary Hallock Foote* Mary Hallock made what seems like an audacious move for a nineteenth century young woman She became an artist She was not alone Forced to become self supporting by financial panics and civil war thousands of young women moved to New York City between 1850 and 1880 to pursue careers as professional artists Many of them trained with masters at the Cooper Union School of Design for Women where they were imbued with the Unity of Art ideal an aesthetic ideology that made no distinction between fine and applied arts or male and female abilities These women became painters designers illustrators engravers colorists and art teachers They were encouraged by some of the era s best known figures among them Tribune editor Horace Greeley and mechanic philanthropist Peter Cooper who blamed the poverty and dependence of both women and workers on the separation of mental and manual labor in industrial society The most acclaimed artists among them owed their success to New York s conspicuously egalitarian art institutions and the rise of the illustrated press Yet within a generation their names accomplishments and the aesthetic ideal that guided them virtually disappeared from the history of American art *Art Work Women Artists and Democracy in Mid Nineteenth Century New York* recaptures the unfamiliar cultural landscape in which spirited young women daring social reformers and radical artisans succeeded in reuniting art and industry In this interdisciplinary study April F Masten situates the aspirations and experience of these forgotten women artists and the value of art work itself at the heart of the capitalist transformation of American society **Art History** Janet
