Pub* United States. Hydrographic Office, 1920      **Euphrates Expedition** Guest, 2015-01-28 First published in 1992 This book invites the reader to cast the mind a hundred and fifty years back to a short span of time between 1829 and 1842 This was an exciting period when Britain's might demonstrated to the world at Trafalgar and Waterloo was fortified by leadership in steam technology and was given a new direction by the liberal philosophy that British statesmen thinkers and poets proclaimed at home and abroad The Euphrates expedition was an attempt by well intentioned British governments to achieve a geopolitical end by a technological means The objective was to halt Russian expansion in the Near East where some observers saw a threat to Britain's control of India      Official Guide for Shippers & Travellers to the Principal Ports of the World , 1919      **The British Empire and the First World War** Ashley Jackson, 2017-06-26 The British Empire played a crucial part in the First World War supplying hundreds of thousands of soldiers and labourers as well as a range of essential resources from foodstuffs to minerals mules and munitions In turn many imperial territories were deeply affected by wartime phenomena such as inflation food shortages combat and the presence of large numbers of foreign troops This collection offers a comprehensive selection of essays illuminating the extent of the Empire's war contribution and experience and the richness of scholarly research on the subject Whether supporting British military operations aiding the British imperial economy or experiencing significant wartime effects on the home fronts of the Empire the war had a profound impact on the colonies and their people The chapters in this volume were originally published in Australian Historical Studies The Journal of Imperial and Commonwealth History First World War Studies or The Round Table The Commonwealth Journal of International Affairs      *The Chamber of Commerce Journal* , 1928      **The Post Office of India**

**and Its Story** Geoffrey Clarke, 1920      Basra, the Failed Gulf State Reidar Visser, 2005 Is Iraq artificial on the verge of disintegrating All too often the answers to this question ignore Iraq's own history In fact the literature on indigenous attempts at dismembering Iraq is surprisingly patchy especially with regard to the oil rich south This book presents for the first time an actual case of southern Iraqi separatism a daring bid to turn Basra into a pro British mercantile mini state The study uncovers the dynamics and limits of southern separatism casts new light on the victory of Iraqi nationalism in the south and discusses the challenges of post 2003 regionalism in a federal Iraq      *The Blood-red Arab Flag* Charles E. Davies, 1997 During the years 1797-1820 the Qasimi Arabs or Qawasim inhabitants of the present day United Arab Emirates acquired an enduring reputation as ruthless pirates Some of their victims flew the British flag and thus their actions were to provide the initial stimulus and justification for 150 years of British involvement in the Gulf Recently however it has been doubted whether the Qawasim were in fact pirates In a scholarly but accessible account founded on contemporary sources illustrated with testimonies of eye witnesses and participants this book sets out to decide this controversial question By making use of valuable and hitherto untapped archival material Charles Davies strongly evokes a flavour of life in the Gulf in this turbulent and formative period in the Gulf's history This book represents the first in depth investigation into this controversial subject It is based on original research and helps to explain why the Gulf is as it is today      **Mohammedanism** Great Britain.
