From Czar To Bolshevik:

From Czar to Bolshevik Edward Percy Stebbing, 1918 Eye witness account of the revolution and fall of the Provisional Government based on the experiences of British forester and entomologist Edward Percy Stebbing 1870 1960 who was travelling through Russia and Petrograd during the crucial months of April to October 1917 [From Czar to Bolshevik](#) Edward Percy Stebbing, 2015-06-24 Excerpt from *From Czar to Bolshevik* The inquiry which took me to Russia last year had an economic rather than a political character Within a very short space of time however it became evident that very little progress could be made with the former aspect until I had become conversant with the political conditions of the New Russia so entirely at variance with the old and thus be in a position to gauge their effects economically upon this country The study so made as day by day the extraordinary kaleidoscopic events passed before the eyes proved of absorbing interest and left me deeply impressed with their extreme importance alike to this country and to Russia herself The occurrences which led directly to the present position are set down in diary form in these pages I have refrained from criticism For the sequence of events appears to furnish its own answers to the thoughtful man But in the national interests the diary has a further object It is of the highest importance that the true causes for the present appalling condition of Russia should be understood and the question be regarded with that breadth of view and the clarity and coolness in passing judgment with which our race has become credited by the foreigner At present there is a strong feeling amongst the peoples of the Entente that Russia has let us in That the loss of the Eastern front has proved a disaster of the first magnitude is obvious to all As a direct consequence we are now engaged upon the greatest battle in history and fighting for our lives or which we value more our national honour About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **From Czar to Bolshevik** Edward Percy Stebbing, 1943 [From Tsar To Soviets](#) Christopher Reed, 2005-11-10 Written from the perspective of the factory worker and peasant at the ground level this study of Russia during the Revolution 1917 21 aims to shed light on the realities of living through and participating in these tumultuous events The book is intended for undergraduate courses in history Soviet studies and politics **FROM CZAR TO BOLSHEVIK** Edward Percy 1870-1960 Stebbing, 2016-08-26 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work

FROM CZAR TO BOLSHEVIK Edward Percy 1870 Stebbing,2016-08-26 The Last of the Tsars Robert Service,2017-09-05 A riveting account of the last eighteen months of Tsar Nicholas II s life and reign from one of the finest Russian historians writing today In March 1917 Nicholas II the last Tsar of All the Russias abdicated and the dynasty that had ruled an empire for three hundred years was forced from power by revolution Now Robert Service the eminent historian of Russia examines Nicholas s life and thought from the months before his momentous abdication to his death with his family in Ekaterinburg in July 1918 The story has been told many times but Service s deep understanding of the period and his forensic examination of previously untapped sources including the Tsar s diaries and recorded conversations as well as the testimonies of the official inquiry shed remarkable new light on his troubled reign also revealing the kind of Russia that Nicholas wanted to emerge from the Great War The Last of the Tsars is a masterful study of a man who was almost entirely out of his depth perhaps even willfully so It is also a compelling account of the social economic and political ferment in Russia that followed the February Revolution the Bolshevik seizure of power in October 1917 and the beginnings of Lenin s Soviet socialist republic
