Cargill Hall,Air Force History and Museums Program (U.S.),1998 Defense's Nuclear Agency 1947-1997 (DTRA History Series) Defense Threat Reduction Agency,2003-09 This official history was originally printed in very small numbers in 2002 Defense s Nuclear Agency 1947 1997 traces the development of the Armed Forces Special Weapons Project AFSWP and its descendant government organizations from its original founding in 1947 to 1997 After the disestablishment of the Manhattan Engineering District MED in 1947 AFSWP was formed to provide military training in nuclear weapons operations Over the years its sequential descendant organizations have been the Defense Atomic Support Agency DASA from 1959 to 1971 the Defense Nuclear Agency DNA from 1971 to 1996 and the Defense Special Weapons Agency DSWA from 1996 to 1998 In 1998 DSWA the On Site Inspection Agency the Defense Technology Security Administration and selected elements of the Office of Secretary of Defense were combined to form the Defense Threat Reduction Agency DTRA Defense's Nuclear Agency, 1947-1997 Christian Brahmstedt,2002 **Special Bibliography Series** United States Air Force Academy. Library,1990

Special Bibliography Series ,1957 *The Politics of Threat* David H. Dunn,2016-07-27 This work analyses the vulnerability of America s land based missile force to a pre emptive Soviet strike as an issue in US strategic and political debate It examines why the issue rose to prominence in the way it did in the 1970s and then fell away as a concern in the 1980s without being solved in the way it had been presented It details the way in which the issue was exploited for political and strategic purposes which were often at odds with a concern for this vulnerability **On Limited Nuclear War in the 21st Century** Jeffrey A Larsen,Kerry M Kartchner,2023-05-25 These essays by nuclear policy experts provide a speculative but serious and well informed journey through a variety of scenarios and contingencies Foreign Affairs Recent decades have seen a slow but steady increase in nuclear armed states and in the seemingly less constrained policy goals of some of the newer rogue states in the international system The authors of On Limited Nuclear War in the 21st Century argue that a time may come when one of these states makes the conscious decision that using a nuclear weapon against the United States its allies or forward deployed forces in the context of a crisis or a regional conventional conflict may be in its interests They assert that we are unprepared for these types of limited nuclear wars and that it is urgent we rethink the theory policy and implementation of force related to our approaches to this type of engagement Together they critique Cold War doctrine on limited nuclear war and consider a number of the key concepts that should govern our approach to limited nuclear conflict in the future These include identifying the factors likely to lead to limited nuclear war examining the geopolitics of future conflict scenarios that might lead to small scale nuclear use and assessing strategies for crisis management and escalation

control Finally they consider a range of strategies and operational concepts for countering controlling or containing limited nuclear war A series of trenchant essays that deconstruct a critical national security challenge that most of us wish did not exist Assembling a star studded cast of scholars analysts and policy practitioners Larsen and Kartchner have produced some of the most important new thinking on an old topic H Diplo *Distorting Defense* Stephen P. Aubin,1998-11-30 Using journalists own standards as the measure an exhaustive analysis of nearly 3000 network news reports from the Reagan Bush and Clinton administrations reveals that the networks may do more to misinform than inform on a whole range of complex issues related to national defense This study paints a disturbing picture of the inadequate coverage ABC World News Tonight CBS Evening News and NBC Nightly News provide to millions of viewers each night Aubin concludes that network coverage of defense issues was too often tainted by preconceived attitudes and lapses in journalistic standards While as much as twenty five cents of every dollar went to the defense budget during some of the periods reviewed the networks hardly covered the key issues surrounding the Reagan defense buildup or the dramatic cuts that followed the end of the Cold War In addition to their inadequate coverage the networks also deprived Americans of balanced coverage of the investments made in high tech weapons that ultimately prevailed in the Gulf War Though the networks receive good marks for foreign policy coverage they need to improve the quality of defense reports This book provides them with the lessons and prescriptions for doing so and it serves as a primer for all Americans who want to know just what it was that the networks failed to tell them

International Relations Since the End of the Cold War Geir Lundestad,2013 In International Relations Since the End of the Cold War many of the world s leading scholars examine the Cold War legacy The authors examine several key issues including the relationship between democracy and peace the Cold War and the Third World superpowers the role of post Cold War nuclear weapons **A Shield in Space?** Sanford Lakoff,Herbert F. York,2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989 **The Evolution of Nuclear Strategy** L. Freedman,2003-07-18 First published twenty years ago Lawrence Freedman s Evolution of Nuclear Strategy was immediately acclaimed as the standard work on the history of attempts to cope militarily and politically with the terrible destructive power of nuclear weapons It has now been rewritten drawing on a wide range of new research and updated to take account of the period following the end of the cold war taking the story to contemporary arguments about missile defence **The Soviet Union and the Politics of Nuclear Weapons in Europe, 1969-87** Jonathan Haslam,1989-06-30 A comprehensive study of the reasons for the Soviet deployment of the SS 20 missile in the 1970s and the reasons why they agreed to eliminate it in the 1987 INF Treaty In the process Haslam examines the evolution of Soviet foreign and defence policy towards Western Europe in the 1970s and 1980s **Arms Control by**

Committee George Bunn, 1992-08-01 This book is essentially a series of case histories of U S Soviet nuclear arms control negotiations as seen from the American side It describes the processes of governmental decisionmaking for arms control in Washington D C and the techniques for joint U S Soviet decisionmaking at the negotiating table As general counsel of the U S Arms Control and Disarmament Agency and member of U S delegations to disarmament conferences for eight years the author was in a unique position to assess the difficulties of fashioning an arms control treaty that could pass muster within the executive branch of the U S government be approved by U S allies be successfully negotiated with the Soviets and then win the approval of the U S Senate This process will be even more complex now that the United States will face at least four nuclear powers from the former U S S R The book has three purposes The first is to add to the recorded history of the following negotiations the Limited Test Ban Treaty of 1963 the Non Proliferation Treaty of 1968 the ABM Treaty of 1972 and its companion SALT Interim Agreements and the 1987 INF Treaty The author asks in each case What did the president and his assistants do or fail to do to negotiate a successful agreement The second purpose is to use the case book approach common in law schools and business schools as a teaching device for those who wish to learn how the American government made decisions about arms control negotiations how U S Soviet negotiators reached decisions and what the results of the decisions have been The book s third purpose is to generalize about what works and what does not work in the complex world of arms control negotiations including information on the impact of negotiating committees and comparisons of the process for negotiating arms control treaties with that for achieving arms limits through action and reaction without written agreement The concluding chapter looks to the future What changes will occur in the arms control process given the end of the Cold War and the disintegration of the Soviet Union

The Official History of the UK Strategic Nuclear Deterrent
Matthew Jones, 2017-05-12 Volume I of The Official History of the UK Strategic Nuclear Deterrent provides an authoritative and in depth examination of the British government s strategic nuclear policy from 1945 to 1964 Written with full access to the UK documentary record this volume examines how British governments after 1945 tried to build and then maintain an independent nationally controlled strategic nuclear capability and the debates this provoked in official circles Against a background of evolving British ideas about deterrence during the Cold War it focuses on the strategic political and diplomatic considerations that compelled governments in the face of ever increasing pressures on the defence budget to persist in their efforts to develop nuclear weapons and to deploy a credible nuclear force as the age of the manned bomber gave way to the ballistic missile Particular attention is given to controversies over the portion of the defence budget devoted to the deterrent programme the effects of the restoration of Anglo American nuclear collaboration after 1958 increasing reliance on the United States for nuclear delivery systems the negotiations that led to the Nassau Agreement of 1962 and the supply of Polaris and discussions within the Western Alliance over the control of nuclear forces By the time of the October 1964 election when this volume concludes previous dismissal of the prospects for successful ballistic missile defence were

giving way to growing doubts over the long term effectiveness of the Polaris system in its role as an independent deterrent several years before it was due to enter service with the Royal Navy This book will be of much interest to students of British politics Cold War history nuclear proliferation and international relations **Council of War** Steven L. Rearden, 2012 Established during World War ii to advise the President on the strategic direction of the Armed Forces of the United States the Joint Chiefs of Staff JCS continued in existence after the war and as military advisers and planners have played a significant role in the development of national policy Knowledge of JCS relations with the President the Secretary of Defense and the National Security Council is essential to an understanding of the current work of the Chairman and the Joint Staff A history of their activities both in war and peacetime also provides important insights into the military history of the United States For these reasons the Joint Chiefs of Staff directed that an official history of their activities be kept for the record its value for instructional purposes for the orientation of officers newly assigned to the JCS organization and as a source of information for staff studies is self apparent Council of War A History of the Joint Chiefs of Staff 1942 1991 follows in the tradition of volumes previously prepared by the Joint History Office dealing with JCS involvement in national policy the Korean War and the Vietnam War Adopting a broader view than earlier volumes it surveys the JCS role and contributions from the early days of World War ii through the end of the Cold War Written from a combination of primary and secondary sources it is a fresh work of scholarship looking at the problems of this era and their military implications The main prism is that of the Joint Chiefs of Staff but in laying out the JCS perspective it deals also with the wider impact of key decisions and the ensuing policies *Domestic Society and International Cooperation* Jeffrey W. Knopf, 1998-05-13 In this book Jeffrey Knopf investigates domestic sources of state preferences about whether to seek cooperation with other countries on security issues He does so by examining whether public protest against nuclear weapons influenced US decisions to enter strategic arms talks The analysis builds on the domestic structure approach to explaining foreign policy using it as the starting point to develop a new framework with which to trace the influence of societal actors The book s finding that protest had a major impact suggests that prevailing conceptions of the relation between domestic politics and international cooperation need to be broadened Existing approaches typically assume that state preferences are set by political leaders or powerful interests thereby treating the rest of society only as a constraint on state action In contrast this book demonstrates that ordinary citizens can also serve as a direct stimulus to the development of a state interest in cooperation
