Johnson, David Parker, Thomas Schirrmacher, 2020-12-16 Our six authors from four continents representing several branches of Evangelicalism are united in affirming the classical Christian understanding of God as Trinity as crucial for knowing God understanding the world and serving God honestly Their essays lead up to a compilation of classical creeds regarding this foundational proclamation Thomas K Johnson The Trinity is a matter of knowing God in his complexity totally different from us in our singularity yet radically similar in having personality in his image then letting this knowledge of God become the pattern of a renewed Christian mind Brian Edgar This presentation of the consummate dimensions of the Trinity tells us that the life of God as Trinity is something in which we participate rather than something to be intellectually comprehended J Scott Horrell The suggestion humbly submitted is especially for a missional Trinitarian worldview not missional as from one culture to another but missional as each body of believers seeks to engage and express Trinitarian faith within their own culture William P Atkinson As the Father's kenotic leadership of the Trinity thereby exalts the Son and the Spirit so too we

can expect that the sort of servant leadership that answers Jesus high priestly prayer will lift those who are being led Pavel Ho ek The Enlightenment reductionist rationalism in theology is going through a serious crisis and the relativistic postmodern alternatives do not provide any firm epistemological basis for responsible theological thinking I suggest that the trinitarian intellectual framework which Comenius and Lewis tried to develop offers a promising and inspiring way forward for Christian theologians faithful to the orthodox teachings of the church who are struggling with the intellectual challenges of contemporary culture Tersur Aben The Trinity is the heart of God s self disclosure to and involvement with humans on earth The mission of the church is thus to proclaim the gospel of salvation and the restoration of humans back to God which the Son accomplished on Calvary and the Holy Spirit applies to believers on Pentecost **Fathers and Sons** Lewis Yablonsky,2000-01-20 Buy this book now only at iUniverse com bookstore Order from bookstores everywhere in 4 6 weeks Much as Nancy Friday s My Mother My Self explored the mother daughter bond this book illuminates the emotional themes that surround the important relationship between fathers and sons in terms both practical and theoretical both enlightening and moving Drawing upon extensive case history material based on interviews with over 100 fathers and sons from a cross section of society Yablonsky defines the various prototypes of each autocratic egocentric and distant fathers compliant and rebellious sons their interactions and interdependencies their individual rights and duties and their obligations to each other the normal and pathological conflicts between them and how mothers and daughters can intervene constructively in such conflicts the degree to which a father s status in the world can affect his son s aspirations and how a son s success or failure can affect his father and other important dimensions of this complex relationship Fathers and Sons is an important definitive highly useful guide for all men who want to improve their own such relationships and for the women who want to better understand the fathers and sons in their lives **The House of the Father As Fact and Symbol** J.
