*The New Children and Near-Death Experiences* P. M. H. Atwater, 2003-11-06 Presents an in depth look at children who have experienced the near death phenomenon and the heightened abilities that these children exhibit

Provides compelling evidence for the existence of a generation of children who represent the spiritual evolution of the human race Includes firsthand testimonies of children who have returned from near death The New Children and Near Death Experiences is the first book to provide from the view of the child an in depth study of children who have experienced the near death phenomenon and its aftereffects Atwater notes that the child who returns from a near death experience is not the same child as before but is a remodeled rewired reconfigured refined version of the original Presenting data to support her contention that these children have experienced structural chemical and functional changes in the brain she also shows how their greater empathic abilities as well as dramatically higher intelligence are qualities that are also present in children born since 1982 enhanced abilities that cannot be tied to simple genetics Atwater shows that understanding the near death experiences of children can help us prepare for a quantum leap in the evolution of humanity Chimera Jody

White,2021-10-21 Being forced to confront death is a profound opportunity to explore what it means to be alive In 1999 on the cusp of adulthood and newly in love Jody White s whole world caved in taking his breath away He was diagnosed with a rare and aggressive form of acute leukaemia and given two weeks to live After a whirlwind of intensive treatment and close to death he drifted between worlds dreaming himself into the care of a wizened old cowboy his own personal SWAT team and an old crone who wanders the desert collecting wolf bones That year broke him apart before he slowly put himself back together again Anyone touched by cancer or life threatening events will know how this feels We are forced to confront our own mortality and nothing can prepare us Chimera is his attempt to describe how that felt how a dance with death changes us exposing the bones the very core of who we really are Jody spent the two decades since facing facts recovering and integrating the fractured parts of himself collecting understandings he once thought impossible Eventually he caught his breath His arduous journey revealed itself as what he understood to be an alchemical initiation a near death experience framed by the innate mythic stories that touch all our lives **The Biology of Transcendence** Joseph Chilton

Pearce,2004-08-16 Uses new research about the brain to explore how we can transcend our current physical and cultural limitations Reveals that transcendence of current modes of existence requires the dynamic interaction of our fourth and fifth brains intellect and intelligence Explores the idea that Jesus Lao tzu and other great beings in history are models of nature s possibility and our ability to achieve transcendence 17 000 sold in hardcover since April 2002 Why do we seem stuck in a culture of violence and injustice How is it that we can recognize the transcendent ideal represented by figures such as Jesus Lao tzu and many others who have walked among us and yet not seem to reach the same state In The Biology of Transcendence Joseph Chilton Pearce examines the current biological understanding of our neural organization to address how we can go beyond the limitations and constraints of our current capacities of body and mind how we can transcend Recent research in the neurosciences and neurocardiology identifies the four neural centers of our brain and indicates that a fifth such center is located in the heart This research reveals that the evolutionary structure of our brain and its dynamic

interactions with our heart are designed by nature to reach beyond our current evolutionary capacities We are quite literally made to transcend Pearce explores how this biological imperative drives our life into ever greater realms of being even as the cultural imperative of social conformity and behavior counters this genetic heritage blocks our transcendent capacities and breeds violence in all its forms The conflict between religion and spirit is an important part of this struggle But each of us may overthrow these cultural imperatives to reach unconflicted behavior wherein heart and mind brain resonate in synchronicity opening us to levels of possibility beyond the ordinary *The Sailfish and the Sacred Mountain* Will

Johnson,2004-04-09 An account of spiritual awakening told through the rites of passage of a father and son Reveals the essential role spirituality can play in our mundane lives Celebrates not only traditional rites of passage but also the more subtle moments of change that continually take place within each of us Reflects on the power of prayer and intention in guiding our life journey Part spiritual travelogue part personal memoir *The Sailfish and the Sacred Mountain* is the story of the profound moments that forever change our lives told in the context of a father and son s journey to the sacred Mount Kailas in Tibet Every moment in life is a moment of passage While many culturally prescribed rites of passage baptisms bar mitzvahs and confirmations may not necessarily transform the participant into a higher level of maturity and understanding there are many other moments that stand out as true passages into a new phase of life These are the moments of triumph or of pain and defeat the first taste of love the birth of a child the death of a loved one moments after which we know in the quiet of our hearts and minds we will never be the same *The Sailfish and the Sacred Mountain* presents a unique view into how we can create the circumstances that invite profound spiritual awakenings to occur in our lives and how we can recognize and embrace the powerful lessons these events have to offer As Will Johnson reflects on his own life passages he tells the story of the remarkable journey with his son to Mount Kailas a journey that proves to be a moment of passage for both father and son

**From Boys to Men** Bret Stephenson,2006-10-25 A guide to restoring the successful models used by ancient cultures the world over to raise adolescent boys Explains the negative effects of Western youth culture and how it can be transformed Offers instructions for integrating basic rites of passage into modern family life and youth programs For tens of thousands of years all across the globe societies have been coping with raising adolescents Why is it then that native cultures never had the need for juvenile halls residential treatment centers mood altering drugs or boot camps How did they avoid the high incidence of teen violence America is experiencing and how did they prevent their youth from relying on drugs and alcohol the use of which has become so prevalent in Western society In *From Boys to Men* Bret Stephenson shows readers that older cultures didn t magically avoid adolescence instead they developed successful rituals and rites of passage for sculpting teen boys into healthy young men From Aleutian Eskimos to Polynesian Islanders from tribal Africans to Australian Aborigines each culture found archetypal ways to initiate their boys into the adult community Stephenson explains the basics of rites of passage and offers insight into how to reintroduce these successful practices and traditional

understandings into modern family life and programs for youth He discusses the damaging effects of our youth culture and the negative teen products that are fueled by corporate America and reveals how we can counteract these negative forces by using meaningful rites of passage to create a society with happy and healthy adolescent boys      **The Prophet's Way** Thom Hartmann,2004-06-17 Thom Hartmann's own dramatic spiritual journey that illuminates specific techniques for achieving spiritual transformation Recounts travels to the farthest corners of the earth in pursuit of universal spiritual truths Reveals the teachings of Hartmann's spiritual guides providing an intimate glimpse into his relationship with German mystic Herr Mller Offers practices and techniques for readers seeking to grow spiritually In the course of his work for the charitable organization Salem Thom Hartmann personally witnessed famine in Uganda chaos in Russia and genocide in Colombia all signs that modern cultures have lost the connection to the sacred both within and without that was emblematic of older cultures To truly flourish the human spirit needs to be present in its surroundings and attuned to the Now It needs to act on what it knows is possible and to experience how the smallest actions can have massive consequences This is the reality of the Prophet's Way a path both literal and figurative that the author walked with his spiritual mentor Herr Mller that skirts the edge of the precipice where one can experience a truly spontaneous life under seemingly overwhelming and impossible circumstances In *The Prophet's Way* Thom Hartmann shares his intense spiritual journey a story that melds recent discoveries in science with ancient truths Through insightful and engaging vignettes Hartmann teaches that accepting the challenge to have faith means living on the edge remaining in the moment because it is here where the material and spiritual worlds meet He offers readers a unique view into his experiences of expanded consciousness providing a powerful example of how we can re create our future by reconnecting to the sacred heartbeat of the world      **The Crack in the Cosmic Egg** Joseph Chilton Pearce,2002-08-01 The classic work that shaped the thought of a generation with its powerful insights into the true nature of mind and reality Defines culture as a cosmic egg structured by the mind's drive for logical ordering of its universe Provides techniques allowing individuals to break through the vicious circle of logic based systems to attain expanded ways of creative living and learning The sum total of our notions of what the world is and what we perceive its full potential to be form a shell of rational thought in which we reside This logical universe creates a vicious circle of reasoning that robs our minds of power and prevents us from reaching our true potential To step beyond that circle requires a centering and focus that today's society assaults on every level Through the insights of Teilhard Tillich Jung Jesus Carlos Castaneda and others Joseph Chilton Pearce provides a mode of thinking through which imagination can escape the mundane shell of current construct reality and leap into a new phase of human evolution This enormously popular New Age classic is finally available again to challenge the assumptions of a new generation of readers and help them develop their potential through new creative modes of thinking With a masterful synthesis of recent discoveries in physics biology and psychology Pearce reveals the extraordinary relationship of mind and reality and nature's blueprint for a self transcending humanity

Building Love That Lasts Clinton Callahan, 2019-09-15 Clinton Callahan is an original thinker Marilyn Ferguson author The Aquarian Conspiracy and Aquarius Now and former editor Brain Mind Bulletin For modern seekers responding to the call for initiation into relationship here is an open invitation MALIDOMA SOME AUTHOR OF WATER AND THE SPIRIT It is one of those rare books that will definitely wake you up I consider it must reading for anyone seriously interested in the path of conscious relationship John Welwood author of Journey of the Heart and Perfect Love Imperfect Relationships This hard hitting and innovative book about partnered relationship immediately challenges the deceptions about love and intimacy rampant in today's patriarchal culture At the same time Building Love That Lasts reveals a step by step process for discovering and living out alternative possibilities The author claims that even the best of our relationships are still generally basic level what he calls Ordinary Human Relationship He asserts that two more domains remain to be explored namely Extraordinary Human Relationship and Archetypal Love The book describes exactly how to enter these new domains and how to stay there long enough to cultivate genuine intimacy nurturance excitement and satisfaction together The material for this book is startlingly original and fresh directly distilled from over thirty years of trial error and reevaluation within seminars and trainings conducted by the author in the U S and Europe The essential teaching tools are Thought Maps that illustrate and guide the dynamics of evolving relationship coupled with a series of experiments explorations to be undertaken alone or with one's partner Topics include Making the leap from Defensive Learning to Expansive Learning Breaking out of the relationship Box The lie of being unlovable Navigating in the realm of feelings Communication skills for explorers

**Spiritual Initiation and the Breakthrough of Consciousness** Joseph Chilton Pearce, 2003-07-23 Explains the phenomenon of shaktipat the spiritual transmission of power from a teacher to a devotee Shows how technology has eroded personal power and how insight and awareness can play a higher role in our lives Reveals how insight is the vehicle for profound self transformation Shakti is the creative force the bonding power that holds the universe together Shaktipat is the moment when enlightenment is conferred upon a student instantaneously by his master's touch The guru conferring shaktipat creates a bond of power in those who have accepted him or her as their teacher In Spiritual Initiation and the Breakthrough of Consciousness Joseph Chilton Pearce describes his experience of shaktipat from his teacher Swami Muktananda From this awakening Pearce experiences a dramatic shift of mind and comes to the realization that perception is reality and that insight is our only vehicle for profound self transformation Oneness with God is the birthright of every individual though we are culturally vaccinated to resist experiencing this higher consciousness Our search for objective truth has led us not to wholeness but instead to the belief that we have no bond to each other to God or to an inanimate physical world Our technology reduces our ability to experience revelation and leads us instead toward the chatter of confused thinking The challenge faced by modern humanity which is the challenge Muktananda gave to his students is to passionately gather up the scattered fragments of our lives and channel them into the creative realm where with insight or revelation we

will be able to become more than ourselves

### **The Kundalini Process: A Christian Perspective** Philip St.

Romain, 2017-10-14 In this book author and spiritual director Philip St Romain presents an understanding of the kundalini process that can help Christians recognize its signs and its place in the spiritual life Following up on his earlier work Kundalini Energy and Christian Spirituality A Pathway to Growth and Healing Philip uses the philosophy of St Thomas Aquinas and more modern approaches to human nature to explain how kundalini is a natural process that is designed to integrate all of the levels of our human nature in deep union with God He notes that this process is at work in all of us at a very low and gentle level but that it can become intensified in certain conditions presenting major challenges and blessings for those who experience such activations This book is sure to help pastors spiritual directors and anyone interested in spiritual growth come to a better understanding of the mysterious transformative power that lies deep within all of us
