Life Valentin Matcas, 2014-04-20 You are an intelligent living human being and in order to assure your meaning and success throughout life you have to know everything about life everywhere in all forms and realities You have to learn everything about nature society and organic life about the true origins of life about creating life and about the divine and about your own meaning in life and in the world as an intelligent living human being While these are not random ideas but these specific needs for higher knowledge are embedded continuously within your own higher level intelligent needs and meanings just because this is the case with all intelligent life But is this important knowledge about life actually available to you and everyone else Yes or no since there are many instances to consider Yet when you are capable to find the necessary knowledge about life meaning society and the world you are truly capable to live your life at the intelligent human level While if you cannot find it you keep on searching since your own higher level needs and meanings never leave you alone until you learn everything necessary in life and in the world And so you do otherwise you end up living your life on lower developmental levels addicted in servitude or only intuitively through animal instincts And it certainly matters just because you are an intelligent living human being by nature now forced to live life below your level unfulfilled and even punished intrinsically for your continuous failure But where exactly can you find this

important knowledge Who can shine a living light on the accurate truth Do you still wait for science to do so when science had already offered you everything that it knows since high school Throughout this book we model life in all significant details as we study everything alive and intelligent from the smallest cellular components to the entire human body mind and spirit and to all forms of life because everything is alive and meaningful in the world If you want to learn more about life in all forms and realities this book is for you , **Liam** Leigh Jarrett,2025-04-18 After a lifetime of feeling abandoned and deficient am I ready for love Liam I ve always been obsessed with my phone constantly chasing likes and validation through pictures of my body But after attending Noah and Brody s wedding I realize I want more than just superficial attention I want a real connection a loving partner family children Near the end of the wedding reception I meet Jamal a good friend of Noah s and Brody s best man and I know there is something special about him Jamal and I hit it off and plan to hang out as friends But as the day of our outing progresses it feels more like a predestined date I can t resist the way he makes me feel and I find myself falling for him He s kind funny and has a habit of spouting random facts that I find endearing But there is one thing that gives me pause Jamal is a paraplegic in a wheelchair Am I shallow for letting that fact matter Or will I be able to rejoice in his uniqueness and embrace the amazing person that Jamal appears to be inside and out Liam is a found family hurt comfort romance about a member of the Salish Sea Society a group of four best friends This novel takes place on the rugged coast of Pacific Canada and is a story about a journey of self discovery and acceptance And how a disability doesn t inhibit one s capacity to make meaningful contributions to a loving relationship *A Universe Upon Us* Marc B.
