father a man he'd do anything to forget Forced deeper into a murderer's psyche than ever before will the Naturals be able to outsmart the enigmatic killer's brutal mind games before this copycat twists them into his web for good In All In Cassie and the Naturals are called in to investigate a string of brutal murders in Las Vegas But even with the team's unique profiling talents these murders seem baffling unlike many serial killers this one uses different methods every time All of the victims were killed in public yet the killer does not show up on any security feed And each victim has a string of numbers tattooed on their wrist Hidden in the numbers is a code and the closer the Naturals come to unraveling the mystery the more perilous the case becomes In Bad Blood Cassie is reeling with the truth about her mother's murder Everything Cassie thought she knew about what happened that night her mother was killed been called into question Her mother is alive and the people holding her captive are more powerful and dangerous than anything the Naturals have faced so far As Cassie and the team work to uncover the secrets of a group that has been killing in secret for generations they find themselves racing a ticking clock And when the bodies begin piling up it soon becomes apparent that this time the Naturals aren't just hunting serial killers They're being hunted In the novella Twelve Cassie is now twenty three years old and she and her fellow Naturals have taken over running the program that taught them everything they know As a unit they're responsible for identifying new Naturals and solving particularly impossible cases When their latest case brings back a ghost from their past Cassie and the other Naturals find themselves racing against the clock and reliving their own childhood traumas In a small coastal town in Maine there has been a rash of teen suicides or at least that's what the police believe Enter the Naturals *The Christian Observer*, 1858
