From Enmity To Equality

Fidelma Ashe

From Enmity To Equality:

Democracy and Possessive Individualism Joseph H. Carens, 1993-09-14 C B Macpherson was one of the leading political theorists in North America and perhaps the most influential voice on the left for a view of liberal democracy that was simultaneously sympathetic to its aspirations and critical of its achievements His work provides the contributors to this volume with a common starting point from which to reflect upon the possibilities for critical perspectives on liberal democracy in light of the demise of its Marxist rival The volume as a whole addresses the following questions What if anything remains valid in previous left critiques of liberal democracy including Marxist critiques And what new critical and constructive alternatives can the left offer to challenge the status quo The contributors to this volume from both the Anglo American and Continental traditions include Joseph Carens William Connolly Virginia Held John Keane Ernesto Laclau William Leiss Jane Mansbridge Louise Marcolin Lacoste Mihailo Markovic Chantal Mouffe Nancy Rosenblum and James Tully

Liberty, Equality, Fraternity Besant, 1882 **Politics As Friendship** Horst Hutter, 1979-02-12 Hutter's study explores the origins of classical conceptions of politics in the theory and practice of friendship in ancient Greece It analyzes ancient Greek society as one in which political space was organized in terms of the metaphor of friendship Tracing the importance of male friendship groupings in Greek society and comparing them to similar formations in primitive societies known to us through anthropological data it shows how political processes were conceived as friendship processes and demonstrates how important friendship groupings were for these processes Greek political philosophies are seen as universalizations of the principles of friendship Hutter shows to what extent Platonism and Aristotelianism as well as Stoicism received their inspiration from the practice of friendship In particular the theory and practice of Greek democracy are seen to be derived from the principles of friendship Finally the book shows the application of Greek theories of friendship to Roman society by Cicero Noting the differences and similarities between Greece and Rome it explores the redefinition that the theory of friendship underwent when applied to the Roman context The concluding chapter briefly discusses the role of friendship in mass society and its politics

Equal Protection David L. Hudson Jr., 2018-06-08 This book uses primary sources to closely examine the Equal Protection Clause of the Fourteenth Amendment and to show how legal interpretations of it have had a profound impact on American life as we know it The Fourteenth Amendment addresses many aspects of American citizenship including the rights of citizens The most commonly used and frequently litigated phrase in the amendment is equal protection of the laws This phrase has figured prominently in a plethora of landmark cases in U S history dealing with a variety of issues including *Brown v Board of Education* racial discrimination *Roe v Wade* reproductive rights *Bush v Gore* election recounts *Reed v Reed* gender discrimination *University of California v Bakke* racial quotas in college admissions and *Obergefell v Hodges* gay marriage This book closely examines the history and development of the Equal Protection Clause and details the many ways in which it has shaped U S history Selections show how the equal protection clause came into

being in the post Civil War era feature seminal Supreme Court decisions on the nature and extent of applications of the equal protection clause in American life and law through the years and include documents that consider the impact that the equal protection clause has had and may have on American society in the 21st century

Aristotle and the Ethics of Difference, Friendship, and Equality Zoli Filotas, 2021-08-12 Connecting several strands of Aristotle's thought Zoli Filotas sheds light on one of the axioms of Aristotle's ethics and political philosophy that every community has a ruler and demonstrates its relevance to his ideas on personal relationships Aristotle and the Ethics of Difference Friendship and Equality reveals a pluralistic theory of rule in Aristotle's thought tracing it through his corpus and situating it in a discussion among such figures as Gorgias Xenophon and Plato Considering the similarities and differences among various forms of rule Filotas shows that for Aristotle even virtuous friends must exercise a version of rule akin to that of slaveholders He also explores why Aristotle distinguishes the hierarchical rule over women from both the mastery of slaves and the political rule exercised by free and equal citizens In doing so he argues that natural and social differences among human beings play a complex and troubling role in Aristotle's reasoning Illuminating and thought provoking this book reveals Aristotle's ambivalence about political relations and the equal treatment they involve and offers an engaging inquiry into how he understood the common structures of human relationships

A.W. Pink's Studies In The Scriptures - 1922-23, Volume 1 of 17 Arthur W Pink, 2001-09 **The Logic of Leviathan** David P. Gauthier, 1969 Oxford Scholarly Classics brings together a number of great academic works from the archives of Oxford University Press Reissued in a uniform series design they will enable libraries scholars and students to gain fresh access to some of the finest scholarship of the last century [A Plea for Religion and the Sacred Writings ... Tenth edition](#) David SIMPSON (Minister of Christ Church, Macclesfield.), 1823

The Restorative Justice Ritual Lindsey Pointer, 2020-12-23 Restorative justice is an innovative approach to responding to crime and conflict that shifts the focus away from laws and punishment to instead consider the harm caused and what is needed to repair that harm and make things right Interest in restorative justice is rapidly expanding with new applications continuously emerging around the world The restorative philosophy and conference process have shown great promise in providing a justice response that heals individuals and strengthens the community Still a few key questions remain unanswered First how is the personal and relational transformation apparent in the restorative justice process achieved What can be done to safeguard and enhance that effectiveness Second can restorative justice satisfy the wider public's need for a reaffirmation of communal norms following a crime particularly in comparison to the criminal trial And finally given its primary focus on making amends at an interpersonal level does restorative justice routinely fail to address larger structural injustices This book engages with these three critical questions through an understanding of restorative justice as a ritual It proffers three dominant ritual functions related to the performance of justice the normative the transformative and the proleptic Two justice rituals namely the criminal trial and the restorative justice conference are examined through this

framework in order to understand how each process fulfills or fails to fulfill the multifaceted human need for justice The book will be of interest to students academics and practitioners working in the areas of Restorative Justice Criminal Law and Criminology

Encyclopedia of Women and American Politics Lynne E. Ford, 2010-05-12 Presents a comprehensive reference to the role of women in American politics and government including biographies related topics organizations primary documents and significant court cases

The Voluntary Citizen Constance Braithwaite, 2025-04-01 Originally published in 1938 The Voluntary Citizen discusses the distinctive features of charity and voluntary social service and gives the author's views as to their scope and limitations especially in relation to the public social services at the time It also assembles and coordinates the available information about the income of various groups of charities and gives an estimate of the total income of all charities in England and Wales The last section of the book describes in detail the organization and problems of district nursing as an example of a voluntarily organized social service Today it can be read in its historical context

It Changed My Life Betty Friedan, 1998 First published in 1976 this modern feminist classic brings back years of struggle for those who were there and recreates the past for readers who were not yet born during these struggles for opportunity and respect to which women can now feel entitled In changing women's lives the women's movement has changed everything

The Women's Revolution Muriel Fox, 2024-06-18 A rare first person account of the women's movement A comprehensive indexed memoir about the Second Wave women's movement by the cofounder of the National Organization for Women NOW Muriel Fox offers rare firsthand stories of 29 women and one man including Betty Friedan but also many who have not previously been recognized for their contributions As NOW's public relations director Fox orchestrated nationwide outreach She was NOW's vice president then chair of the board then chaired the National Advisory Committee As Betty Friedan's main lieutenant and director of operations Fox drafted numerous letters sent by NOW under Friedan's signature to government officials demanding faster action to reduce sex discrimination including a letter that helped persuade President Lyndon Johnson to add gender to Affirmative Action and open opportunities for millions of women Unlike books relying on secondary sources Fox's memoir is built mainly from her own Feminism Files containing hundreds of letters clippings notes and photographs that she archived

American Protest Literature Zoe Trodd, 2008-04-30 I like a little rebellion now and then so wrote Thomas Jefferson to Abigail Adams enlisting in a tradition that throughout American history has led writers to rage and reason prophesy and provoke This is the first anthology to collect and examine an American literature that holds the nation to its highest ideals castigating it when it falls short and pointing the way to a better collective future American Protest Literature presents sources from eleven protest movements political social and cultural from the Revolution to abolition to gay rights to antiwar protest Each section reprints documents from the original phase of the movement as well as evidence of its legacy in later times Informative headnotes place the selections in historical context and draw connections with other writings within the anthology and beyond Sources include a wide variety of genres

pamphlets letters speeches sermons legal documents poems short stories photographs posters and a range of voices from prophetic to outraged to sorrowful from U S Presidents to the disenfranchised Together they provide an enlightening and inspiring survey of this most American form of literature *What Women Want* Gayle Graham Yates,1975 The women s movement is perhaps the most baffling of the recent social reforms to sweep the United States It is composed of numerous distinct groups each with specific interests and goals each with individual leaders and literature What are the philosophies behind these groups Who are their leaders and how have their ideas evolved Do they have a vital connection with the women s movement of the past And where are feminist groups headed In this study that brilliantly illuminates the literature and purposes of feminists *What Women Want The Ideas of the Movement* Gayle Graham Yates has produced the first comprehensive history of feminist women s groups Concentrating chiefly on the movement from 1959 to 1973 when it erupted in such activist groups as the National Organization for Women NOW the Women s Equity Action League WEAL and the National Women s Political Caucus NWPC the author analyzes in detail their literature factions and issues Her survey encompasses virtually every major expression of the movement s multiple facets from *The Feminine Mystique* *Born Female* and *Sexual Politics* to *Sex and the Single Girl* and *Memoirs of an Ex Prom Queen* In a significant breakthrough the author discerns the pattern underlying this diversity which should contribute to a fuller understanding of future developments in the women s struggle She accomplishes this by identifying three key attitudes informing the movement the feminist the women s liberationist and the androgynous or cooperative male female relationship The author provides a sensitive yet critical analysis of the chief spokeswomen in contemporary America activists like Gloria Steinem Shulamith Firestone and Ti Grace Atkinson She treats each of the feminist ideologies with balance and respect yet is refreshingly unafraid to criticize new developments She bolsters her own conclusions in support of an androgynous or equal sexual society with a judicious spirit Scholars and the general public alike will find Yates s book not only an indispensable contribution to women s studies but also a strong and timely addition to contemporary American life and thought **Rights of God, Written for the Benefit of Man** Thomas

Branagan,1812 **Gender, Nationalism and Conflict Transformation** Fidelma Ashe,2019-03-07 Utilising Northern Ireland as a case study this book presents an analysis of the gender and sexual politics of conflict transformation The book synthesises a vast array of international sources with the author s empirical and theoretical research to produce a powerful gendered critique of conflict transformation in Northern Ireland It maps the negative effects of the region s violent conflict on gender and sexual equality and explores the potential of the conflict transformational processes set in motion by the 1998 Peace Agreement to transform relationships between different genders and sexualities Starting from the feminist proposition that building peace requires the inclusion of issues of gender and sexual equality the author analyses how the new institutional and semantic structures of conflict transformation in Northern Ireland preserved older conservative narratives about gender and sexuality As older narratives clashed with progressive forms of sexual and gender politics the core sites of

conflict transformation became arenas of gender and sexual struggles The book outlines these struggles and charts the positive and inclusive visions of peace developed by activists throughout the period of conflict transformation This book will be of much interest to students of gender studies conflict transformation ethnic conflict peace studies and Irish politics

Euripides IV Euripides, 2013-04-19 Euripides IV contains the plays Helen translated by Richmond Lattimore The Phoenician Women translated by Elizabeth Wyckoff and Orestes translated by William Arrowsmith Sixty years ago the University of Chicago Press undertook a momentous project a new translation of the Greek tragedies that would be the ultimate resource for teachers students and readers They succeeded Under the expert management of eminent classicists David Grene and Richmond Lattimore those translations combined accuracy poetic immediacy and clarity of presentation to render the surviving masterpieces of Aeschylus Sophocles and Euripides in an English so lively and compelling that they remain the standard translations Today Chicago is taking pains to ensure that our Greek tragedies remain the leading English language versions throughout the twenty first century In this highly anticipated third edition Mark Griffith and Glenn W Most have carefully updated the translations to bring them even closer to the ancient Greek while retaining the vibrancy for which our English versions are famous This edition also includes brand new translations of Euripides Medea The Children of Heracles Andromache and Iphigenia among the Taurians fragments of lost plays by Aeschylus and the surviving portion of Sophocles s satyr drama The Trackers New introductions for each play offer essential information about its first production plot and reception in antiquity and beyond In addition each volume includes an introduction to the life and work of its tragedian as well as notes addressing textual uncertainties and a glossary of names and places mentioned in the plays In addition to the new content the volumes have been reorganized both within and between volumes to reflect the most up to date scholarship on the order in which the plays were originally written The result is a set of handsome paperbacks destined to introduce new generations of readers to these foundational works of Western drama art and life Ancient and Modern Democracy Wilfried Nippel, 2015 A comprehensive account of Athenian democracy as a subject of criticism admiration and scholarly debate since 2 500 years covering the features of Athenian democracy its importance for the English American and French revolutions and for the debates on democracy and political liberty from the nineteenth century to the present *The Unequal Yoked, and the Equal Yoked, Etc. [An Attack on the Church of England.]* Peter PRICE (of the Society of Friends.), 1683

Eventually, you will extremely discover a other experience and capability by spending more cash. yet when? reach you bow to that you require to get those all needs in imitation of having significantly cash?
