From Fate To Choice Private Bobbies Public Beats:

From Fate to Choice Michael McManus, 2024-08-01 In the 1990s private security patrols in public places were occurring in many areas of the UK and moving closer to that traditional domain of the public police streets and neighbourhoods Such a phenomenon was ripe for sociological enquiry and accordingly this book originally published in 1995 provides a focused interpretation of six key concepts each central to the equity debate on private policing Data from three research sites in the UK are presented throughout the book in the form of case studies Equity of justice is crucial and intrinsic to the association policing should have with a democratic equal and free society Private security however is not conducive to these requirements for it has an inherently competitive style excluding freedom from those who are non competitive through either choice of economic disadvantage Accordingly an embarrassing characteristic of private security policing is that it promises too much freedom of choice in a less than equal world **Private Policing** Mark

Button, 2019-04-24 The second edition of *Private Policing* details the substantial involvement of private agents and organisations involved in policing beyond the public police It develops a taxonomy of policing and explores in depth each of the main categories examining the degree of privateness amongst several other issues The main categories include the public police hybrid policing such as state policing bodies specialised police forces and non governmental organisations voluntary policing and the private security industry This book explores how the public police and many other state bodies have significant degrees of privateness from outright privatisation through to the serving of private interests The book provides a theoretical framework for private policing building upon the growing base of scholarship in this area Fully revised this new edition not only brings the old edition up to date with the substantial scholarship since 2002 but also provides more international context and several new chapters on corporate security management security officers and private investigation There is also a consideration of what the book calls the new private security industry working largely in cyber space Bringing together research from a wide range of projects the author has been involved with along with the growing body of private policing scholarship the book shows the substantial involvement of non public police bodies in policing and highlights a wide range of issues for debate and further research *Private Policing* is ideal reading for students of policing and security courses academics with an interest in private policing and security and practitioners from security and policing *Police in Africa*

Jan Beek, Mirco Göpfert, Olly Owen, Johnny Steinberg, 2017-08-15 Often overlooked by journalists and scholars the police forces of the African continents are a significant and little studied phenomenon This book seeks to redress that lacuna The studies span the continent from South Africa to Sierra Leone keeping a strong ethnographic focus on police officers and their work **The Oxford Handbook of Police and Policing** Michael Dean Reisig, Robert J. Kane, 2014 The police are perhaps the most visible representation of government They are charged with what has been characterized as an impossible mandate control and prevent crime keep the peace provide public services and do so within the constraints of democratic principles

The police are trusted to use deadly force when it is called for and are allowed access to our homes in cases of emergency In fact police departments are one of the few government agencies that can be mobilized by a simple phone call 24 hours a day 7 days a week They are ubiquitous within our society but their actions are often not well understood

Criminal Justice

Research: Inspiration Influence and Ideation Ian McKenzie,Ray Bull,2017-11-01 This title was first published in 2002 A collection of criminal justice researchers select a number of books documents papers and such like that they believe to be important and influential in the field of criminal justice research Each author has written a description and critique of the selected item and have discussed the impact of each of them with regards to formulating or developing their own research The authors also speculate on the direction they believe the area in question might be expected to develop in the first 10 15 years of the 21st century The definition of criminal justice in this book is a broad one and that is reflected in the combination of criminologists psychologists sociologists and experts on social and public administration In all the book attempts to examine the inspirations influences and thought processes which underpin criminal justice research efforts

Introduction

to Policing Research Mark Brunger,Denise Martin,Stephen Tong,2015-11-19 The expansion of degrees and postgraduate qualifications on policing has come hand in hand with the need for a more scholarly and research based approach to the subject Students are increasingly encouraged to apply research to practice and this book is specifically designed to bring clarity to the concept of empirical research in policing As an introduction to the theoretical explanations and assumptions that underpin the rationale of research design in policing this book clearly illustrates the practical and ethical issues facing empirical research in a policing context as well as the limitations of such research Introduction to Policing Research brings together a range of leading scholars who have a wide range of experience conducting police research Topics covered include professional development police culture policing protests private policing policing and diversity policing in transition policing and mental health policing and sensitive issues This book is perfect for undergraduate and graduate students on policing degrees as well as graduate students and researchers engaged with criminal justice It is also essential reading for police officers taking professional and academic qualifications

The Handbook of Security Martin Gill,2016-02-26 The substantially revised second edition of the Handbook of Security provides the most comprehensive analysis of scholarly security debates and issues to date Including contributions from some of the world's leading scholars it critiques the way security is provided and managed

Crime Unlimited? Pat Carlen,Rod Morgan,2016-07-27 *Crime Unlimited* Questions for the Twenty First Century comprises nine chapters contextualising crime and social control within debates about modernism globalism risk and technological innovation It includes discussion of contemporary issues such as steroid use gun control privatised policing and youth scares involving alcopops and drugs It also re-examines recurring issues about policing and punishment The authors include Rebecca and Russell Dobash Chris Hale Dick Hobbs Ian Loader Tim Newburn Howard Parker Richard Sparks and Ian Taylor

Community Safety Peter Squires,2006-07-05 Social Policy Review provides

students academics and all those interested in welfare issues with detailed analyses of progress and change in areas of major interest during the past year

Crime and Security Benjamin Goold, 2017-07-05 The pursuit of security is now central to the development of public policy and a driving force behind the spread of private policing Just as new theoretical frameworks are needed to deal with the increasing tendency of crime control policies to focus on risk reduction new forms of governance are also required to deal with the rapid growth of the private security industry This volume brings together a wide range of contributions from leading scholars in the field and includes international and comparative perspectives on the challenges posed by the rise of the security society

Twilight Policing Dr. Tessa G. Diphorn, 2015-10-20 South Africa boasts the largest private security sector in the entire world reflecting deep anxieties about violence security and governance *Twilight Policing* is an ethnographic study of the daily policing practices of armed response officers a specific type of private security officer and their interactions with citizens and the state police in Durban South Africa This book shows how their policing practices simultaneously undermine and support the state resulting in actions that are neither public nor private but something in between something twilight Their performances of security are also punitive disciplinary and exclusionary and they work to reinforce post apartheid racial and economic inequalities Ultimately *Twilight Policing* helps to illuminate how citizens survive volatile conditions and to whom they assign the authority to guide them in the process

Security Officers and Policing Mark Button, 2016-04-01 This volume examines how and to what extent security officers make use of legal tools The work identifies these tools and draws on two case study sites to illustrate how security officers make use of them as well as how they fit in broader security systems to secure compliance The study also examines the occupational culture of security officers and links them into the broader systems of security that operate to police nodes of governance The book provides insights for researchers and policy makers seeking to develop policy for the expanding private security industry

Selling Security Alison Wakefield, 2012-12-06 In recent years there has been massively increased demand for the services of the private security industry which has now assumed a far greater role in policing areas that were once the sphere of the police for example shopping malls leisure parks and transportation terminals This book provides a detailed account of the developments in urban planning public policy and the commercial world which have promoted the development of private security and provides a unique examination of security teams in operation in three very different environments a shopping mall a retail and leisure complex and an arts centre The study is set within a broader context that considers changes in retail and leisure patterns that have promoted the development of large multi purpose developments shifts in town centre planning to create more secure high street retail and leisure facilities and the promotion of CCTV and security patrols Finally the book considers the ethical issues that arise with the massively increased use of private security and the broader policy issues which arise

The Crime Numbers Game John A. Eterno, Eli B. Silverman, 2017-07-27 In the mid 1990s the NYPD created a performance management strategy known as Compstat It consisted of computerized data crime analysis and advanced crime

mapping coupled with middle management accountability and crime strategy meetings with high ranking decision makers While initially credited with a dramatic reduction in crime questions quic **Corporate Warriors** P. W. Singer,2011-06-16 Some have claimed that War is too important to be left to the generals but P W Singer asks What about the business executives Breaking out of the guns for hire mold of traditional mercenaries corporations now sell skills and services that until recently only state militaries possessed Their products range from trained commando teams to strategic advice from generals This new Privatized Military Industry encompasses hundreds of companies thousands of employees and billions of dollars in revenue Whether as proxies or suppliers such firms have participated in wars in Africa Asia the Balkans and Latin America More recently they have become a key element in U S military operations Private corporations working for profit now sway the course of national and international conflict but the consequences have been little explored In this book Singer provides the first account of the military services industry and its broader implications Corporate Warriors includes a description of how the business works as well as portraits of each of the basic types of companies military providers that offer troops for tactical operations military consultants that supply expert advice and training and military support companies that sell logistics intelligence and engineering In an updated edition of P W Singer s classic account of the military services industry and its broader implications the author describes the continuing importance of that industry in the Iraq War This conflict has amply borne out Singer s argument that the privatization of warfare allows startling new capabilities and efficiencies in the ways that war is carried out At the same time however Singer finds that the introduction of the profit motive onto the battlefield raises troubling questions for democracy for ethics for management for human rights and for national security *Policing Futures* Pamela Davies,Peter Francis,Victor Jupp,1997-12-13 This innovative book offers a comprehensive assessment of policing in late modern Britain The overall theme is that as we approach the end of the twentieth century it is an appropriate time to review recent developments in policing and law enforcement and to consider future prospects The areas covered include equal opportunities and public policework perspectives on and politics of police policy making the emergence and consequences of managerialism and privatisation legitimacy policing and human rights crime control and surveillance in Northern Ireland crime rates victimisation and the provision of service risk late modernity and community policing regulating virtual communities and policing cybercrime and the insights to be gained from comparative analysis Thought provoking and incisive Policing Futures is an invaluable source of information and will be essential reading for students lecturers researchers and practitioners in the fields of police studies criminology socio legal studies law sociology social policy social work and related disciplines **English Legal System in Context** Fiona Cownie,Anthony Bradney,Mandy Burton,2007 This title has been written with a very simple aim in mind to provide a text which will enable the English legal system to be taught as an interesting intellectually stimulating course **The Securitization and Policing of Art Theft** John Kerr,2016-03-09 The subject of many films and books art theft is a

fascinating topic that continues to capture the popular imagination However it is one of many types of art crime that remain under researched and which require much more academic empirical investigation This book examines who is performing managing governing and controlling the securitization and policing of art theft in London Through giving the first map of the policing and securitization of one of the world s largest centres of art it helps our understanding of art security at city national and international levels and offers practical recommendations for those who operate within art security Providing the first clear single account of the London art security terrain this book also advances current knowledge of policing environmental criminology and insurance Moreover it adds to the previous research into the traditionally restricted worlds of private policing public policing and the art world Governing the Dangerous John Pratt,1997 Explains how dangerousness first became an object of penological discourse and why it has since remained so Draws on material from Australia New Zealand England the United States and Canada **Earth First:Anti-Road Movement** Derek Wall,2013-10-28 First published in 1999 Detailed accounts of major ant road campaigns both in the UK and internationally are included describing confrontations at Twyford Newbury Glasgow and the Autobahn in Germany as well as information on the globalisation of Earth First with details of protests in Australia Ireland Germany France Holland Eastern Europe and North America Earth Fist and the Anti Roads Movement traces the origins of the movement and the history of anti roads activism in Britain since the 1880s Showing how green social and political theory can be linked to practical struggles for environmental and social change Derek Wall investigates key topics of political and sociological interest
