Evans, 2020 The Hitler Conspiracies focuses on five of the most enduring conspiracy theories involving the Nazi period including those that accompanied and even buttressed Hitler's rise A distinguished work of history this book offers equally a hard look at our own troubled times a post truth era in which alternative facts have gained new standing **BRIXMIS and the Secret Cold War** Andrew Long, 2024-09-30 A detailed account of British intelligence operations in Cold War East Germany revealing Soviet and East German military secrets from 1946 to 1990 The German Democratic Republic or East Germany was the frontline in the Cold War packed with hundreds of thousands of Soviet and East German troops armed with the latest Warsaw Pact equipment lined up along the 1 400 km Inner German Border However because of the repressive East German police state little human intelligence about these forces reached the West Who were they Where were they located What were they doing How were they equipped What were their intentions NATO was lined up in West Germany to face these forces and relied on getting up to date intelligence to warn of any threat Indicators of Hostility that could be a precursor to an invasion BRIXMIS the British Commanders in Chief Mission to the Soviet Forces in Germany was on hand to provide that intelligence Thanks to an obscure 1946 agreement between the British and Soviets that established liaison missions in their respective zones of occupation the British were able to send highly qualified military observers into East Germany to roam relatively freely and keep an eye on what was going on What started as liaison a point of contact between the British and Soviet occupation forces developed into a very sophisticated intelligence collection operation sending tours out every day of the year between 1946 and when the Mission closed in 1990 These tours were undertaken in high performance highly modified marked vehicles with personnel in uniform

and unarmed apart from professional photographic equipment and occasionally some top secret gadgets from the boffins back in the UK They joined their French and American colleagues in snooping around the opposition photographing military bases equipment and maneuvers and trying to evade capture by the secret police and counterintelligence units They faced danger and violence daily but thanks to their bravery and professionalism the West had accurate and up to date information on what was happening in East Germany which helped keep the peace all that time This is the story of this little known unit and their exploits behind enemy lines

*The Battle of Berlin 1945* Tony Le Tissier, 2008-12-08 Tony Le Tissier is arguably the finest English language historian of the Battle of Berlin defenceWeb The Battle of Berlin was a battle on an unprecedented scale The Soviets massed 1.6 million troops for Operation Berlin and Marshal Zhukov in the centre had half of them but his initial attack floundered lasting four days instead of one It was so costly that he had to revise his plans for taking the city and to revise them yet again when Stalin allowed his rival Marshal Koniev to intervene The battle thus became a contest for the prize of the Reichstag Meanwhile Hitler and his courtiers sought to continue the struggle in the totally unrealistic atmosphere that prevailed in his bunker while soldiers and civilians alike suffered and perished unheeded all around them In *The Battle of Berlin 1945* Tony Le Tissier brings us the definitive history of the last great battle of the Second World War a fight to the death in the smouldering ruins of the capital of Hitler's Third Reich

**Berlin Battlefield Guide** Tony Le Tissier,2014-05-07 A comprehensive look at World War II battle sites in the German capital On April 16 1945 the Red Army unleashed a colossal offensive against Berlin with the aim of destroying Hitler s armies in the East and capturing the German capital before the Western Allies Over two million soldiers confronted each other in the last act in the war against Nazi Germany In the course of the next three weeks relentless Soviet assaults crashed against a desperate sometimes suicidal defense and the historic city was turned into a vast battleground This was the climax of an awful conflict It represented the death struggle of Hitler s Third Reich and the supreme achievement of Stalin s forces and the story of the battle has fascinated students of warfare ever since Yet this epic contest can only be understood by visiting the sites of the battle on the ground on the outskirts of the city in the suburbs in the city center where the final dramatic combat took place And this is the aim of Tony Le Tissier s definitive guide to the Battle of Berlin

**Conspirações sobre Hitler** Richard J. Evans, 2022-04-25 Em lugar nenhum a propagação de teorias da conspiração tornou-se mais óbvia do que nas hipóteses revisionistas acerca do Terceiro Reich o império nazista além do Teorias havia muito desacreditadas ganharam novo sopro de vida respaldadas por alegações de evidências recém descobertas e novos ângulos de investigação No centro destas fake news está Adolf Hitler Renomado historiador especialista em Terceiro Reich Richard J Evans analisa neste livro algumas das mais difundidas teorias da conspiração a respeito de Adolf Hitler e seus seguidores nazistas A ideia de que tudo o que acontece na história resultado de maquinarias secretas de grupos malignos tão antiga quanto a história em si As teorias da conspiração não entanto se tornaram mais populares no século XXI e encontraram em relatos revisionistas do nazismo um dos lugares de maior destaque Evans submete cinco alegações ao escrutínio forense amplamente disseminadas a respeito da Alemanha de Hitler que os judeus estavam conspirando para minar a civilização que o exército alemão foi apunhalado pelas costas por socialistas e judeus em 1918 que os nazistas queimaram o Reichstag para tomar o poder que a fuga de Rudolf Hess para o Reino Unido em 1941 foi sancionada por Hitler e transmitiu termos de paz suprimidos por Churchill e que Hitler escapou do bunker em 1945 e fugiu para a América do Sul Além de trazer luz aos enganos envolvidos nessas narrativas a exploração de Evans também revela características tão pontuais quanto surpreendentes que as teorias da conspiração de maneira geral têm em comum Um livro de história para a era da pós-verdade dos fatos alternativos e das fake news Em outras palavras uma leitura para a atualidade

**Rudolf Hess** John Harris, Richard Wilbourn, 2014-01-06 On 10 May 1941 on a whim Hitler's deputy Rudolf Hess flew a Messerschmitt Bf 110 to Scotland in a bizarre effort to make peace with Britain Göring sent fighters to stop him but he was long gone Imprisoned and tried at Nuremberg he would die by his own hand in 1987 aged 93 That's the accepted explanation Ever since conspiracy theories have swirled around the famous mission How strong were Hess's connections with the British establishment including royalty Was the death of the king's brother the Duke of Kent associated with the Hess overture for peace In the many books written about Hess one obvious line of enquiry has been overlooked until now an analysis of the flight itself the flight plan equipment data sheets navigation system Through their long investigation authors John Harris and Richard Wilbourn have come to a startling conclusion whilst the flight itself has been well recorded the target destination has remained hidden The implications are far reaching and lend credence to the theory that the British establishment has hidden the truth of the full extent of British Nazi communications in part to spare the reputations of senior members of the Royal Family Using original photography documentation and diagrams Rudolf Hess sheds light on one of the most intriguing stories of the Second World War
