But this holy scripture is neither a storybook nor just the philosophy of the Sikh saints or prophets. It is more like a collection of divine revelations and hymns expressing the feelings of love and devotion of the Sikh Gurus for the Supreme Being along with the similar yearnings and longings of the devotees and saints from all faiths prevalent in Indian subcontinent during those times. The beauty of this 1430 page hymnal written in 22 different languages lies in the fact that while it spiritually connects the human mind to the original source of eternal bliss, it provides a very practical and effective way to live in love and harmony with other fellow human beings irrespective of their faith, color, caste, creed, or race. The following are a few examples of the views of eminent writers and scholars regarding Sri Guru Granth Sahib. Mankind's religious future may be obscure, yet one thing can be foreseen: The living higher religions are going to influence each other more than ever before in the days of increasing communications between all parts of the world and branches of the human race. In this coming religious debate, the Sikh religion and its scriptures, the Sri Guru Granth Sahib, will have something of special value to say to the rest of the world.

Arnold Toynbee, Historian: I have studied the scripture of great religions but I do not find elsewhere the same power of appeal to the heart and mind as I find here in these volumes of Sri Guru Granth Sahib. There is something strangely modern about these scriptures. They speak to the people of any religion or of none. They speak for the human heart and the searching mind.

Mrs. Pearl S. Buck, Nobel Laureate: In Volume five of the *It Is The Same Light* series, SGGS, pages 801-1000, author Daljit Singh Jawa continues his humble effort to share the beauty of the SGGS with those who have limited familiarity with the language, Gurumukhi, history, or context. The following are some of the comments received on the volume 7, pages 1201-1430 of SGGS: This translation of Guru Granth Sahib is one of the best English translations in my view as it is in simple, understandable English. Each shabad's summary message is given; there is connection between the shabads to reveal continuity of thought process in Guru Ji's message. Thanks to S. Daljit Singh Ji for the great work which will benefit future generations understand Guru Ji's message easily.

Amarjit Singh, M.D., University at Buffalo, Buffalo, NY: A monumental undertaking reflecting a lifetime of devotion to the Sri Guru Granth Sahib and to the scholarly study of its voluminous texts. Both its rendition of the original Gurmukhi script with accompanying English transliteration and its erudite commentary on each of the Granths' many hymns mark this work as a stunning achievement which will benefit all serious students of the Sikh religion and of world religions in general.

Colonized by Humanity, Rob Waters, 2023-09-05: Colonization through a process of affection. Wrote the London-based Barbadian novelist George Lamming in 1960 was the worst form of colonization. Lamming's London was marked by the violent currents of racism, some seen, many

disavowed But the operations of race the putting in place of its hierarchies the destructions of the self that its logics entailed exceeded only expressions of violence and hatred It was in affection too that colonialism's racial visions operated It was not only among the illiberals but among the liberals that colonization continued its hold on metropolitan culture This was colonization as Lamming would also put it by humanity Colonized by Humanity is a study of racial liberalism at the end of empire It uncovers the projects to cultivate racial integration developed in the two decades between the arrival of the Empire Windrush and the passage of the first Race Relations Act These were the years that integrationism took hold as a social phenomenon its reflexes lodged deep in an English culture that took the idea of tolerance as its watchword It was a culture that re-inscribed race even as it aimed at overcoming its discriminations Caribbean London is at the heart of this story It was in the capital that integration projects multiplied fastest and it was the multicultural capital that provided integrationism's imaginative geographies Viewing integrationism through the eyes of Caribbean Londoners Colonized by Humanity allows us to see it as they did with its colonial and racial dynamics up close
