

sion is likely to become personal or competent authority, that regular reward is likely to become seen as threat of punishment, that continuing coercion tends to become legitimized by both influence and influence, and that there is an ineluctable interplay between force and the threat of force. Like most of the book, this discussion is very general and essentially speculative, paying meager attention to empirical confirmation or intermediate elaboration; but it is also sophisticated, stimulating and sensible.

After the forms (types) of power, the next largest focus of attention is resources—a topic very feebly treated in the literature, with Baldwin's work (not noted) the main exception. Like his predecessors, Wrong unhappily makes no attempt to define or explicate the elusive notion of a power resource. (Doing so may reveal many resource-invoking political hypotheses as patently tautological.) He concentrates on "liquidity" ("fungibility"), on the problem of "subjective loquacity" (well handled), and, particularly effectively, on collective as opposed to individual resources. Solidarity and organization are seen as the two most crucial collective resources and furnish the analytic basis for an interesting perspective on political mobilization.

Rather naturally, the very range and difficulty of the discussion exposes flaws. The two-edged nature of "anticipated reactions" (democratic and anti-democratic) is aptly noted, but too much is made of difficulties for power analysis posed by anticipated reactions (no reference is made to March's telling analysis). The discussion of power

motivation neglects most of the psychological writing on the topic (e.g., Winter and McClelland). The treatment of the "uses" of power deals mainly with other matters or else handles such concerns as power structures or the zero-sum problem less than profoundly. The discussion strives to be multi-disciplinary but fails to do justice to the contributions to power analysis of either political science or social psychology. On the other hand, Wrong performs a very useful service for many readers by calling American attention to many of the British and Commonwealth writers on power who are frequently ignored.

The overall orientation of the book, understandably, is heavily sociological. Marx, Weber, Dahrendorf, Parsons, Mills and company are constant points of reference, sometimes helpfully, as with Marx and Weber, sometimes rather fruitlessly, as with Parsons, who was not a very effective power analyst. But if one allows for the limitations of different disciplinary perspectives, one can gain from them rich insights not forthcoming through familiar eyes. Wrong has given us a thoughtful, liberal and provocative analysis of many key features of an utterly vital phenomenon. Since Lasswell's and Kaplan's *Power and Society* (Yale, 1950), few works on power of its range and depth have appeared in any discipline. One may wish to argue with the author about many of his particular positions, but one cannot help but profit from exposure to them.

American Politics

Friend and Foe in the U.S. Senate. By Ross K. Baker. (New York: Free Press, 1980. Pp. xiii + 301. \$12.50.)

Ross Baker, former Senate staffer and currently a professor at Rutgers, has written a book on friendship and enmity in the U.S. Senate. Much of the book is devoted to the types of "friendship" he finds, based on interviews with 25 past and present senators and secondary sources dealing with a wide span of Senate history. The most common form of friendship found is that of "institutional kinship," which involves the expectations of pairs of senators that their colleagues will be restrained, diligent, empathetic, and trustworthy. Baker suggests that relationships between

individual senators, based on these expectations, are bonding agents that allow the Senate to function, despite somewhat weakened general norms. Baker describes other forms of friendships between pairs of senators including "political alliance," the least intimate and personal form of friendship except for institutional kinship, "social friendship," both intramural and extramural (occurring within or also outside of the Senate, respectively), and "pure friendship," which is closest to what we must often mean by the term friendship in our own daily lives. As one moves along the typology from institutional kinship to pure friendship, we find, not surprisingly, fewer cases.

Baker examines the factors that seem to cod-

Friend And Foe In The U S Senate:

Friend and Foe in the U.S. Senate Ross K. Baker, 1999 Eugene McCarthy Dominic Sandbrook, 2007-12-18 Eugene McCarthy was one of the most fascinating political figures of the postwar era a committed liberal anti Communist who broke with his party's leadership over Vietnam and ultimately helped take down the political giant Lyndon B Johnson His presidential candidacy in 1968 seized the hearts and fired the imaginations of countless young liberals it also presaged the declining fortunes of liberalism and the rise of conservatism over the past three decades Dominic Sandbrook traces Eugene McCarthy's rise to prominence and his subsequent failures and makes clear how his story embodies the larger history of American liberalism over the last half century We see McCarthy elected from Minnesota to the House and then to the Senate part of a new liberal movement that combined New Deal domestic policies and fierce Cold War hawkishness a consensus that produced huge electoral victories until it was shattered by the war in Vietnam As the situation in Vietnam escalated many liberals like McCarthy found themselves increasingly estranged from the anti Communism that they had supported for nearly two decades Sandbrook recounts McCarthy's growing opposition to President Johnson and his policies which culminated in McCarthy's stunning near victory in the New Hampshire presidential primary and Johnson's subsequent withdrawal from the race McCarthy went on to lose the nomination to Hubert Humphrey at the infamous 1968 Democratic National Convention in Chicago which secured his downfall and led to Richard Nixon's election but he had pulled off one of the greatest electoral upsets in American history one that helped shape the political landscape for decades These were tumultuous times in American politics and Sandbrook vividly captures the drama and historical significance of the period through his intimate portrait of a singularly interesting man at the center of it all The Oxford Handbook of the American Congress Eric Schickler, Frances E. Lee, 2013-03-14 No legislature in the world has a greater influence over its nation's public affairs than the US Congress The Congress's centrality in the US system of government has placed research on Congress at the heart of scholarship on American politics Generations of American government scholars working in a wide range of methodological traditions have focused their analysis on understanding Congress both as a lawmaking and a representative institution The purpose of this volume is to take stock of this impressive and diverse literature identifying areas of accomplishment and promising directions for future work The editors have commissioned 37 chapters by leading scholars in the field each chapter critically engages the scholarship focusing on a particular aspect of congressional politics including the institution's responsiveness to the American public its procedures and capacities for policymaking its internal procedures and development relationships between the branches of government and the scholarly methodologies for approaching these topics The Handbook also includes chapters addressing timely questions including partisan polarization congressional war powers and the supermajoritarian procedures of the contemporary Senate Beyond simply bringing readers up to speed on the current state of research the volume offers critical assessments of how each literature has progressed or failed to

progress in recent decades The chapters identify the major questions posed by each line of research and assess the degree to which the answers developed in the literature are persuasive The goal is not simply to tell us where we have been as a field but to set an agenda for research on Congress for the next decade The Oxford Handbooks of American Politics are a set of reference books offering authoritative and engaging critical overviews of the state of scholarship on American politics Each volume focuses on a particular aspect of the field The project is under the General Editorship of George C Edwards III and distinguished specialists in their respective fields edit each volume The Handbooks aim not just to report on the discipline but also to shape it as scholars critically assess the scholarship on a topic and propose directions in which it needs to move The series is an indispensable reference for anyone working in American politics General Editor for The Oxford Handbooks of American Politics George C Edwards III Guide to Congress CQ Press, 2012-08-10 The new edition of this comprehensive two volume reference has been thoroughly revised and expanded by expert CQ Press writers with years of experience covering Congress to offer a complete institutional history of Congress along with updated insight and analysis on the 2008 and 2010 shifts in power of the U S Senate and House of Representatives The 35 chapters of Guide to Congress Seventh Edition are divided into eight subject areas that cover all aspects of the U S Congress Origins and Development of Congress from the constitutional beginnings of the legislative branch to the histories of the House and Senate and their power shifts eras of partisanship and unity influential leaders and working relationships with presidents New coverage includes analysis of the tug of war between House Democrats and the George W Bush administration on Iraq war withdrawal timetables updates on criminal investigations of House members including William J Jefferson of Louisiana and Charles Rangel of New York and analysis of the Tea Party Movement and new Republican majority Powers of Congress including powers to tax spend and borrow to conduct foreign policy and investigations to confirm and impeach to regulate commerce to amend the Constitution and to select the president Updated material includes analysis of the George W Bush administration s use of immunity from questioning by congressional committees analysis of the signing of the new START treaty with Russia marking a cornerstone of U S relations with the country coverage of the War on Terror including the killing of bin Laden in a U S raid in Pakistan and perspective on the negotiations to raise the federal debt ceiling in 2011 Congressional Procedures detailing the party and leadership structures rules and the legislative process the committee system assignment and procedures and congressional staff Revised coverage profiles the methods styles and legislative successes and defeats of House Speakers Pelosi and Boehner and Senate majority leader Reid The Guide also analyzes the new hyperpartisanship emerging in Congress and provides updates on congressional travel reforms and aide statistics and trends Pressures on Congress including influence from constituents political parties the president the Supreme Court lobbyists and the media New material explores the use of social media to communicate with constituents examines the role of the new Consumer Financial Protection Bureau and analyzes the Obama administration s relationship with Congress Housing and Support covering the U

S Capitol House and Senate office buildings the Library of Congress and organizations such as the Government Accountability Office and the Congressional Research Service Updates are provided on new initiatives by the Library of Congress and reforms to the General Accounting Office Pay and Perquisites including honoraria and allowances franking and travel privileges and other benefits Updates include revised figures for congressional pay and benefits and analysis of efforts to control privately sponsored foreign travel Congress and the Electorate covering the right to vote the demographic composition of congress the role of parties in elections campaign financing and redistricting New information discusses elections statistics in recent elections the impact of third parties Tea Party gains and the creation of super PACs and 527 groups Qualifications and conduct detailing congressional ethics investigations and procedures for disciplining members Updated coverage reviews ethics investigations including the creation of the Office of Congressional Ethics Specific investigations and outcomes are discussed including the censure of Charles Rangel and disapproval of Joe Wilson s outburst during a speech by President Obama Volume 2 concludes with a selected bibliography and key reference materials a list of all members of congress who have served since 1789 congressional election results floor leaders and committee chairs dates for sessions of congress women black Asian and Hispanic members and many more Boxed features tables and figures and a generous number of photos enhance the topical coverage of this definitive resource on Congress A Genius for Confusion Richard M. Fried,2022-10-15 This new biography of Joseph R McCarthy shows how the Wisconsin Senator s campaign against American Communists prized sensation above truth McCarthy often put aside his hunt for Reds while he pursued his anti communist critics He fought foes not just with noisy accusations but with covert gossip He was gullible enough that some con artists managed to lure him on wild goose chases The man who charged others with being dupes was sometimes one himself Historian Fried s book builds on over a decade s research in a multitude of sources many of them newly opened not just McCarthy s own papers but those of forty seven Senate colleagues plus records of journalists observers and activists It brings to light such theatrical episodes as a CIA op against McCarthy as well as Joe s quixotic search for Soviet security chief Lavrenti Beria in Spain The resulting multi focal perspective on the political and institutional setting in which McCarthy operated with such abandon is full of drama Congress Reconsidered Lawrence C. Dodd,Bruce I. Oppenheimer,Ruth Bloch Rubin,C. Lawrence Evans,2024-12-31 Since its first edition Congress Reconsidered was designed to make available the best contemporary work from leading congressional scholars in a form that is both challenging and accessible to undergraduates With their Thirteenth Edition Lawrence C Dodd Bruce I Oppenheimer and C Lawrence Evans and now Ruth Bloch Rubin from the University of Chicago continue this tradition as their contributors focus on how various aspects of Congress have changed over time With a strong focus to the historical development of political institutions in their role in preserving democratic government this bestselling volume remains on the cutting edge with key insights into the workings of Congress Monthly Catalogue, United States Public Documents ,1993-11 Friendship Reconsidered P. E. Digeser,2016-09-06 In

the history of Western thought friendship's relationship to politics is checkered Friendship was seen as key to understanding political life in the ancient world but it was then ignored for centuries Today friendship has again become a desirable framework for political interaction In *Friendship Reconsidered* P E Digeser contends that our rich and varied practices of friendship multiply and moderate connections to politics Along the way she sets forth a series of ideals that appreciates friendship's many forms and its dynamic relationship to individuality citizenship political and legal institutions and international relations Digeser argues that as a set of practices bearing a family resemblance to one another friendship calls our attention to the importance of norms of friendly action and the mutual recognition of motive Focusing on these attributes clarifies the place of self interest and duty in friendship and points to its compatibility with the pursuit of individuality She shows how friendship can provide islands of stability in a sea of citizen strangers and in a delegitimized political environment a bridge between differences She also explores how political and legal institutions can both undermine and promote friendship Digeser then looks to the positive potential of international friendships in which states mutually strive to protect the just character of one another's institutions and policies Friendship's repertoire of motives and manifestations complicates its relationship to politics Digeser concludes but it can help us realize the limits and possibilities for generating new opportunities for cooperation

The Oxford Handbook of Political Networks Jennifer Nicoll Victor, Alexander H. Montgomery, Mark Lubell, 2017-08-23 Networks are omnipresent in our natural and social world and they are at the heart of politics Relationships of many types drive political institutions processes and decision making Therefore it is imperative for the study of politics to include network approaches Already these approaches have advanced our understanding of critical questions such as Why do people vote How can people build problem solving coalitions How can governments and organizations foster innovations How can countries build ties that promote peace What are the most fruitful strategies for disrupting arms or terrorist networks This volume is designed as a foundational statement and resource The contributions offer instruction on network theory and methods at both beginner and advanced levels as well as an assessment of the state of the discipline on a variety of applied network topics in politics Through this dynamic collection of essays The Oxford Handbook of Political Networks elucidates how the field is transforming and what that means for the future of political science

The Meaning of Friendship Mark Vernon, 2016-04-30 Mark Vernon offers penetrating insights on the idea of friendship using philosophy and modern culture to ask about friendship and sex work politics and spirituality He also explores how notions of friendship may or may not be changing because of the internet and looks at the psychology of friendship

Monthly Catalog of United States Government Publications, 1989 *How Congress Works*, 2013 Examines the basic workings of the U S Senate and House of Representatives looking at party leadership the legislative process and the committee system and includes a selection of reference materials

The F Street Mess Alice Elizabeth Malavasic, 2017-09-26 Pushing back against the idea that the Slave Power conspiracy was merely an ideological construction

Alice Elizabeth Malavasic argues that some southern politicians in the 1850s did indeed hold an inordinate amount of power in the antebellum Congress and used it to foster the interests of slavery Malavasic focuses her argument on Senators David Rice Atchison of Missouri Andrew Pickens Butler of South Carolina and Robert M T Hunter and James Murray Mason of Virginia known by their contemporaries as the F Street Mess for the location of the house they shared Unlike the earlier and better known triumvirate of John C Calhoun Henry Clay and Daniel Webster the F Street Mess was a functioning oligarchy within the U S Senate whose power was based on shared ideology institutional seniority and personal friendship By centering on their most significant achievement forcing a rewrite of the Nebraska bill that repealed the restriction against slavery above the 36 30 parallel Malavasic demonstrates how the F Street Mess s mastery of the legislative process led to one of the most destructive pieces of legislation in United States history and helped pave the way to secession *American Studies* Jack Salzman, American Studies Association, 1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of American Studies An Annotated Bibliography of Works on the Civilization of the United States published in 1982 Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological It is organized in 11 sections anthropology and folklore art and architecture history literature music political science popular culture psychology religion science technology medicine and sociology Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph length non evaluative annotations Includes author title and subject indexes ISBN 0 521 32555 2 set 150 00 Congress and Policy Change Gerald C. Wright, Leroy N. Rieselbach, Lawrence C. Dodd, 1986 This book is about congressional policy making and particularly processes by which congressional policy changes and does not change At times in our history Congress has been a policy initiator at others it has been the bastion of resistance to new directions of government action It reflects the will of the citizenry at times while at others its rules and processes have done more to serve the interests of special and minority interests from preface In this collection of original essays each presenting new research on the personal political and institutional factors influencing congressional policy **The United States Congress** Robert Goehlert, Fenton S. Martin, 1994 **The Encyclopedia of the United States Congress** Donald C. Bacon, Roger H. Davidson, Morton Keller, 1995 **Congressional Record** United States. Congress, 1998 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **American Emperor** David O. Stewart, 2012-10-16 No adventure in American history has been like Aaron Burr s A canny and charismatic politician who rose to become third vice president of the new United States Burr seemed to throw it

all away in 1805 and 1806 in an extraordinary attempt to lead a secession of the American West
